**\$70,000,000 WILL BE
SPENT IN NEW YORK
CELEBRATION WEEK**

A New York despatch says that it is conservative to say that during the Hudson-Fulton celebration week, New York will spend \$70,000,000 as follows: Hotels and rooming houses, \$30,000,000; Restaurants, \$10,000,000; Department and miscellaneous stores, \$10,000,000; Theatres, etc., \$5,000,000; Programmes and souvenirs, \$1,000,000; Miscellaneous, \$1,000,000. Total, \$70,000,000. The number of lights that will be used in addition to the regular lighting of the city, will range between 1,000,000 and 1,500,000 incandescents, 7,000 arc lights, 2,000 flare arcs, one battery of four searchlights, of 100,000 candle-power, giving a total of 25,000,000 candle-power. This is taking no consideration of lights along the Jersey shore. The electrical companies have made a special rate of 3 cents per kilowatt hour, and it is estimated that it will cost approximately \$500,000.

**WESTERN APPLE DEALERS
LOOK TO EAST FOR SUPPLIES**

WINNIPEG, Sept. 18.—Owing to the poor condition of the Ontario apple crop, the fruit dealers of the prairie west are at a loss for supplies, and will have to depend mostly on the British Columbia article, which, however, lacks the flavor of eastern apples. Among eastern fruit growers, however, become practically a staple with good prices for top grades. For years Ontario shippers neglected the market and used the west as a dumping ground for any old stock, but this condition does not exist any longer. Reports of the big crop in Nova Scotia where it is said half a million barrels are available for export, will likely lead to an effort on the part of the western dealers to secure shipments from there provided a reasonable freight can be secured.

**MR. GEORGE COULD IS "WLM"
ON THE RUMORED DEAL**

NEW YORK, Sept. 18.—Geo. J. Gould, whose family is credited with owning more than \$200,000,000 of the \$250,000,000 capital stock of the Western Union Telegraph Co., declined to comment upon the report that the American Telephone & Telegraph Co. is negotiating for the purchase of the Western Union. He neither affirmed nor denied the rumor. "I don't care to discuss the matter in any way," was all that he would say. It is also reported that efforts are being made to obtain Western Union holdings of the Russell Sage estate. There is a strong impression that for some months back the American Telephone & Telegraph Co. has been quietly picking up Western Union stock in the open market, and it is believed that should the company succeed in acquiring one or two large blocks of the stock held privately, its purpose could be readily accomplished.

**HE MADE \$14,100 ON AN
INVESTMENT OF ONLY \$1,850**

"A broker went into the St. Paul stock exchange," says the New York Post a few days ago, "and sold 200 shares of stock at 80. A trader might have said that the seller made a poor sale of his stock, for, had he waited an hour he could have obtained a better price, the market going directly upward to a new high record, but the broker who sold the stock said: 'These two hundred shares were bought in 1904, one hundred at 8 1/2 and one hundred at 10, and they have been in my office ever since.' Here was a man who had made \$14,100 (574 per cent) profit in five years, with a disastrous panic between his purchase of the stock and his sale of it, on an original investment of \$1,850, plus finally 20 commission, no interest computed. He had imagination, courage, and patience, and with such capital as that he needed very little money."

"No professional speculator in Wall Street, getting his living in the pursuit of fluctuations, could make such a showing. And it took also some courage to sell 200 shares of long stock at 80, possibly as much as it took to buy it at 8 1/2 and 10 in 1904, when it was widely supposed to be worthless."

FINANCIAL BRIEFS.

The Bank of Montreal is now using a fine automobile, which conveys its messengers with money and documents between the head office and the various branches throughout the city.

The messengers' headgear is not unlike the German army cap, which three or four of them get in the car it looks as if the Kaiser's body-guard had arrived in town to see the sights.

A high official of the Lake of the Woods Milling Company has stated that notwithstanding the gossip on the "street" and the big advance in the price of the company's stock, there is no foundation for the report that there is a possibility of the company passing into the hands of other interests.

The "world's available supply" of wheat on September 1 was \$4,000,000 bushels, the smallest in a decade, suggesting that replenishment will have to be made between now and January 1st, the period when the maximum available is usually reached. The following are increases in previous years from September 1 to January 1: In 1905, \$4,000,000 bushels; 1906, \$3,000,000 bushels; 1907, \$2,000,000 bushels; 1908, \$1,000,000 bushels; 1909, \$500,000 bushels.

The Bank of British North America has appropriated the sum of \$2,000,000 in order to meet the depreciation in Dominion of Canada bonds, which now stand in the books at 92.

**POLANDER ARRESTED;
STEALING CHEQUES**

Got the Cash at Andover Bank

Caught by Constable Within a Few Yards of the Boundary—Remanded Until Tomorrow

ANDOVER, N. B., Sept. 12.—Once again the unruly foreign element in this county is thrown in the line of sight of criminality. This time it is a young Poleander of eighteen years who has helped himself to fifty-five dollars of someone else's cash.

On Friday while the men were absent from Moore & Sons' camp on the Tobique, this young chap, name unknown, went in and found two cheques amounting to fifty-five dollars. He took them and passed out to the settlement at Andover. Saturday morning he boarded the Tobique Valley train for Perth. On the way down he fell in with a Russian who spoke his language. On their arrival at Perth they went immediately to C. L. Olmstead's, where they passed the cheques, but were refused. Then they went to the Bank of Montreal in Andover. They were detected by the teller, who was simply a mis-spelling of the name, so handed over the money.

An hour later Mr. Moore telephoned the bank of the robbery. Constable McCuskey, the teller started in hot pursuit on the road reading to Port Fairfield. The search revealed the fifty-five dollars hidden in the bottom of his sock. He was brought to Andover and lodged in jail to await his hearing before Justice McQuarrie on this morning. The Russian is held as a witness. New Brunswick has been invaded by a county that with Constable McCrea and his nineteen-year-old helper, can furnish as many exciting incidents as the wild and woolly west could ever aspire to.

A dispatch to The Star from Andover this morning states that the prisoner was brought into court this morning. The charge was read over to him. The prisoner was remanded until Tuesday morning.

**ST. JOHN MAN WILL
SUE FOR DIVORCE**

Adolf Pinett Tells Sad Story of His Married Career—Wife Now in Chatham.

Another unhappy case will occupy the attention of the divorce court in the near future. Adolf Pinett, has decided to seek a divorce from his wife, Lillian, a native of Chatham, at which place she is now. Pinett tells a sad story of his unhappy married career. His wife, he says, has given him more trouble than he feels a respectable man should be called upon to bear, and he claims to have sufficient proof of her wrong doing to rid him of his alleged, unfaithful better half.

One man upon whom Pinett says, the bestowed her affections was her cousin, who boarded with them. According to the unhappy husband there were many others. Mrs. Pinett has departed from the city now, and her husband has consulted a prominent local lawyer and expects to have the case come before the court at the earliest possible time. The couple have been married seven years.

**CONVICTS EXPECTED TO
MAKE GOOD THEIR ESCAPE**

Know the Country Thoroughly—Baptist Church Calls New Pastor—Horse and Carriage Missing.

SACKVILLE, N. B., Sept. 20.—Rumor here had it this morning that Kennedy and Larsen, the two convicts who escaped from Dorchester Penitentiary on Friday, had been seen, one in the vicinity of Port Elgin, the other between here and Dorchester. There does not seem, however, to have been any justification for the report. It is thought that both men have a fairly good chance of escape as they are familiar with the country. Kennedy's wife is a Sackville woman and he knows the woods in this vicinity well. Larsen knows the other end of the country.

Rev. A. Estlin, now of Havelock, has been invited to the pastorate of the Baptist church at Middle Sackville and Midgie. Estlin is by birth an Englishman. For some time he labored in the mission fields but latterly he has been living in New Brunswick.

Magistrate Fred Magee, of Port Elgin, will be one of the competitors in the Canadian Trap Shooting Tournament in connection with the "Back to Montreal" celebration at Montreal this week.

In Amherst recently the marriage took place of Miss Laura Estabrook, the daughter of Mr. and Mrs. Walter Estabrook, of Middle Sackville, and Mr. George F. Priestley, of Amherst. The ceremony was performed by Rev. Dr. D. A. Steele. Mr. and Mrs. Estabrook will make their home at Centre village.

A local lively stable man is worried this morning owing to the fact that a horse and carriage which he hired to a couple of strangers yesterday afternoon, has not yet returned. The stable man, although they were supposed to be hired merely for a trip to Amherst, the owner of about seventy-five building lots along Lancaster Heights and in Fairville. Most of the buildings are tenanted. It is proposed to demolish some of the property to desirable purchasers and some of the houses may be brought into connection with the committee which will make a tour of the tenants are: Ald. Potts, Vanwart, Kelly and and presented at the next meeting of the board.

NEW FIRE STATION

Today the city is calling for tenders for the erection of a new fire station. The site is on the corner of Victoria and Ludlow streets, West End. A station in this vicinity has long been needed as it takes the apparatus considerable time to respond to an alarm in the vicinity of Blue Rock owing to the hills and the distance from No. 6 station on King street. The new station will also be near the Sand Point wharves.

**FAILS TO FIND AS MUCH
VICE AS WAS EXPECTED**

English Clergymen Says Chicago is a Much Naïgner City.

CHICAGO, Sept. 20.—Chicago is a much maligned city, according to Rev. John Thomas, B. A., of Liverpool, England, who came to Chicago a week ago full of misgivings because he had been reading the writings of W. T. Stead and had come to the conclusion that Chicago was a "hell on earth," to use his own expression.

After a weeks search for surface indications of the existence of wholesale vice among the people of Chicago, he says that he is compelled to confess that he found none. He says that from his investigations he believes that Mr. Stead was greatly mistaken and conditions are not as bad in Chicago as they are in the larger cities of Great Britain.

LANCASTER PROPERTY**

Some of the Houses Owned by the City Will Likely be Condemned, and Others Will be Sold.

Ald. Vanwart, chairman of the Safety Board, informs the city council that the inspection of the city property in Lancaster will probably take place on Wednesday afternoon. It is proposed to demolish some of the property to desirable purchasers and some of the houses may be brought into connection with the committee which will make a tour of the tenants are: Ald.
