

**LOCAL ADVERTISING.**  
 Hereafter the following charges will be made on reading notices inserted in the Standard:  
 Church Notices, Sunday Services, 5c. per line of six words.  
 Church Concerts, Church Festivals, Lodge Concerts and Notices, and all other notices of meetings, 10c. per line of six words. Double rates for back page.  
**NO MORE FREE LOCALS.**

**AROUND THE CITY**

**Large Wheat Shipments.**  
 The C. P. R. steamship Montrose, now on her way to Liverpool from this port, took away among her large freight, 117,854 bushels of wheat.

**Arrested a Sign Board.**  
 Yesterday afternoon Policeman Henry removed a sign board which he found on Charlotte street near the King square and took it to the Central Police Station.

**Spoken by Wireless.**  
 Royal Mail steamer Empress of Britain, Capt. Murray, was 552 miles southeast of Cape Race at 10 a. m. yesterday bound to St. John via Halifax with 1421 passengers on board. All are well, and she is due here on Friday.

**Banquet Postponed.**  
 The complimentary banquet which some of his friends and supporters were to have tendered to Commissioner R. W. Wigmore tonight, has been postponed owing to the inability of Hon. J. D. Hazen to be present.

**Streets in Bad Shape.**  
 The police report that there is a dangerous hole in Britain street between Carmarthen and Wentworth streets. It might also be stated that St. Patrick street is reported in a very dangerous condition especially for teams driving at night time as the street has a number of bad ruts in it and needs immediate repairs.

**Swift Must Slow Down.**  
 On Monday night a man named Swift was arrested on Carmarthen street by Policeman Ross and charged with wandering about and not giving a satisfactory account of himself. The man was in a nervous state and was remanded to jail. Yesterday Dr. D. E. Berryman was called and after an examination recommended that Swift be confined for a few days.

**Says Boarding Master Sold Liquor.**  
 In the police court yesterday afternoon the charge of selling liquor illegally to sailors preferred against Charles Chesbrom, a boarding house master was continued. A freeman named Corbrey, who has been charged with desertion gave evidence that on the 11th inst. he saw Chesbrom hand a bottle of liquor to a freeman named Jenkins in the boarding house, and at the time Chesbrom said that he was giving the bottle for fifty cents. Witness said that he and Jenkins drank the liquor on the premises. The case was adjourned until this afternoon when the Magistrate may give judgment.

**Men's Reunion in St. Jude's.**  
 The men of St. Jude's church held their closing reunion of the season in the schoolroom of the church last evening when Rev. G. P. Scovell presided and Wm. McIntosh, curator of the Natural History Society, delivered an interesting illustrated lecture on "Camping and Canoeing in New Brunswick." During the course of his address Mr. McIntosh spoke for some time on the great natural resources of the province which he said to be the best watered province in North America. The lecturer then went on to tell of the beautiful scenery along the banks of the St. John river, tracing its route from source to outlet. At the close of the lecture refreshments were served.

**Mayor Frink's Majority Reduced.**  
 The official count of the returns in Tuesday's civic election, which was held in City Hall yesterday morning, did not change the result in so far as the successful candidates are concerned. An error of five votes in Lorne ward, which was intimated on Tuesday night increased Mr. Bullock's vote and reduced Mayor Frink's majority by two votes, giving him 3,216 to 3,214 for Mr. Bullock. It is said that there may be legal proceedings as the result of the election and the closeness of the contest and that Mr. Bullock may apply for a mandamus calling upon Mayor Frink to show cause why he should not vacate the office. Mr. Bullock last evening admitted that he had secured legal advice on the matter but had not decided what course to pursue. There is no change in the commissioners elected.

**WILL SURVEY FOR A MARINE WHARF**  
 Department of Marine and Fisheries will Provide Accommodation at West St. John for their Steamers.

Officials of the Dominion Department of Marine are making a survey in connection with the project to build a wharf on the West Side for the accommodation of the steamers employed by the Bay of Fundy agency. It is said that the wharf will have to be built out somewhat further than was expected, in order to secure a satisfactory depth of water.  
 C. E. Colwell, whose property on Nelson street the Marine Department purchased to provide access to the wharf, and for storage purposes, has made application to the city for a number of lots in the same locality. Mr. Colwell intends to erect a large plant to carry on his coal and fish business, if he can secure the necessary land.

**BEREAVED RELATIVES ON THEIR WAY TO HALIFAX**

**George Widener Hopes Father's Remains Have Been Discovered by Mac-Kay Bennett — Others Passing Through this City on Same Mission — Vincent Astor Sends Representative to Sister City.**

Bound on a sorrowing mission, the identification of his father's body, George Widener, Philadelphia, arrived in the city last night and proceeded immediately for Halifax. Although a semi-official identification of the body has been made on board the Mackay-Bennett, which is cruising about the scene of the calamity to reclaim the dead, which the sea returns, Mr. Widener hopes to establish beyond every possibility of doubt the identity of the body. In company with hundreds of other men aboard the ill-fated Titanic, George D. Widener, known as the traction king of Philadelphia, waived the opportunity to save himself, while the women and children were conveyed to the boats and safety.  
 Among those whom he saw leave the ship while he resigned himself to meet a grave in the cruel waters of the Atlantic, was his wife. After a fond farewell, Mr. Widener calmly assisted in the work of saving the women and children until the ill-fated vessel plunged into the depths and carrying him with others to a hero's grave.  
 To young Mr. Widener anxiously scanning the list of the survivors of the wreck, came a message at the same time sad and joyful, for from it he found that although he had been bereaved of a father, his mother had been rescued. Since the Mackay-Bennett has sailed for the scene of the disaster, the names of the recovered have been anxiously awaited, and among the most prominent of the victims to be recovered was the body of George D. Widener. One of the bodies has been identified by those aboard the Mackay-Bennett as that of Mr. Widener. It is to satisfy himself of this, and to bring home the body for the last sacred and solemn rites that his son has made the journey to Halifax.  
 Accompanying him on his sad mission was Captain Vetch, who for many years has been in command of the private yacht of Peter A. B. Widener, father of the victim of the wreck. Two other friends of the bereaved young man were also in the party. They arrived in a private car, "spontaneous," attached to the Boston express last night. They left New York Tuesday night and will arrive in Halifax this morning where they will await the return of the Mackay-Bennett, which is expected to return to Halifax with its heroic dead tomorrow or Saturday.  
 In addition to this party about ten others, relatives or close friends of the victims came in on the Boston train last night. They too went on to Halifax to claim the remains of their cherished dead.  
 Within the past few days many more are known to have passed through the city on the same sorrowful errand. Already an expectant and sorrowing throng of relatives and friends has gathered in Halifax to claim a parent, or relative now silent in death. It had been rumored that Vincent Astor, son of Col. John Astor, would go to Halifax in the hope of his father's body being recovered. It is not expected, however, that he will do so, as Captain Roberts has already gone to represent the Astor family.

**MADE IN CANADA TRAIN CANNOT PURCHASE THE SOUTH BRANCH**

**C. P. R.'s New Plan to Illustrate Canada's Manufacturing Resources — Train will Leave Montreal Next Month**

The Made in Canada exhibition train which is to give wide publicity to Canadian manufactures in a new and novel way, will be a recognized reality next month, when the train will leave Montreal and spend the summer touring the western provinces. The lecturer for the trip will be T. H. Hare, of Mitchell, Ont., who has represented Canada at world's fairs at Christchurch, New Zealand; Melbourne, Australia; Glasgow, Scotland, and in Belgium. After the western tour the train will probably come to the Maritime Provinces. Supt. Downie, when seen last evening, stated that he had not received advice as to the date of its arrival, but that it would be expected here in the early fall.  
 The whole idea of the Made in Canada train, is similar to that of the special agricultural train which will come here in June, except that the present one will be an industrial train from tender to fall end. The tour will commence at Montreal, on May 15th and after spending a day each in Ottawa, Toronto, Port William and Port Arthur, will proceed to Winnipeg, where it will arrive on May 23rd. From Winnipeg the train will visit over a hundred of the western cities before it comes east.  
 Many novel ideas will be carried out in the furnishing of the various cars. One will be, for instance, fitted up like a factory in operation; another will have a composite exhibit resembling the room of a house, one exhibiting supplying the carpets, another the furniture, a third the wallpaper, etc. It is expected that representatives of each firm exhibiting will be on the train.

**COOKING IS HARD IN WARM WEATHER**

**In View of Difficulties of Culinary Art in Summer Demonstration will Deal with the Subject.**

In view of the difficulties encountered in the preparation of meals in warm weather with the older fuels, it has been decided to take up "Easy Summer Cooking" at the next free demonstration in the Saint John Railway Company's showrooms, the date of which is announced in the Dollar Gas advertisement on page two. Miss Gayton will deal with the subject in detail, proving, by practical illustrations, that with this clean, sanitary fuel, a great deal of labor can be avoided and expense reduced to the minimum.

**INSPECTOR KENNEY TO GET AFTER VIOLATORS**

**Engineers who Lack Certificates and Owners of Hotels Lacking Fire Protection will be Prosecuted.**

John Kenney, Jr., factory inspector, will start on a tour of the province next month for the purpose of inspecting factories, mills and hotels. Since his appointment Mr. Kenney's duties have been greatly extended. In addition to the enforcement of the factory act, he is now charged with the duty of enforcing the provisions of the hotel act and the stationary engineers' act. Mr. Kenney estimates that there are about 150 stationary engineers in charge of steam engines of over 25 horse power, who have not yet taken out certificates of competency. So far 458 certificates have been issued, and Mr. Kenney has about 15 applications for examination before the engineers' board. Men who are running stationary engines of 25 horsepower and over without a certificate are liable to a fine of \$10 a day. Mr. Kenney says that the engineers have been given ample time since the passage of the act to secure certificates, and that he intends to prosecute engineers who he finds running engines in violation of the provisions of the act.  
 All the hotel proprietors in the province have been notified that they must equip their buildings with fire-escapes and sliding ropes, and, as they have had ample time to comply with the law, all who have failed to do so will be proceeded against at once. The penalty for failure to carry out the law is a fine of not less than \$20 or more than \$200.

**FREE TRIP TO NEW YORK**

Consider that you now use or should use a tooth paste. Consider that there is no better one on the market than Dr. Maher's Ribbon Tooth Paste. Consider that in addition to getting your money's worth you likewise get a chance for the above trip. Try our paste next time you need one. It will be of reciprocal advantage to yourself, your druggist and to us.  
 For general conditions of the month or for a soothing and healing remedy after the extracting of a tooth use "Dr. Maher Sweet Wash." Handsome by out up in diamond shaped bottles. A free ticket for trip with this also.
