Bakers Have Been Notified to Take a Drop or Abide by Consequences.

Ottawa, May 26.—A representative of the cost of living commission, who has just returned from the Maritime Provinces, where he has been investigating the cost of bread in St. John and Miramichi, N. B., and in Halifax, N. S., reports that the price prevailing in that district is too high and should be reduced. The bakers have accordingly been notified to reduce their prices immediately. If these bakers fail to act on the warning of the commission, they are liable to prosecution for combining to exact unreasonable prices. It is anticipated that bakers in other parts of the Dominion may shortly be visited by the department's baking expert.

GUM TENDERNESS — A TOOTH-MENACE

It is true that out of five people over forty suffer from gum tenderness, or Pyorrhea (Riggs' Disease). But many people, even under thirty have Pyorrhea. Women, particularly after the baby comes, are peculiarly subject to Pyorrhea. At such time they cannot be too careful about their teeth.

Pyorrhea commences with tender gums, or with gum-bleeding, at tooth-brush time. Gradually the gums become inflamed. They inflame and then shrink. The teeth become exposed to decay at the base and tiny openings in the gums become the breeding places of disease germs which infect the joints of the teeth—cause other ailments.

Beware of that bad gum tender, and try Forhan's for the gums. It positively prevents Pyorrhea, if used in time and used consistently. No ordinary tooth paste will do this.

And Forhan's cleans teeth thoroughly as well. Brush your teeth with it. It keeps the teeth white and clean.

Algum-ocher has already set in, start using Forhan's and you will be denied immediately for special treatment. \$10 and 60¢ tubes. All drug stores.
