YANKEES STICK TO JACKSON.
 JACKSONVILLE, Fla., not Fresno, Cal.,
 will be the training place of the Yan-
 kees next spring. The San Francisco
 club asked the Yankees to share their
 training quarters at Fresno but the in-
 vitation was declined. It was announced
 at the club's office that Miller Hag-
 gins would take his troopers back to
 Jacksonville. How this will strike the
 players remains to be seen. They
 weren't enamored of the wads in
 Jacksonville last spring.

**German Steel Helmet and
 Gas Mask Given by W. E.
 Raymond — Mrs. Thomas
 Jenkins Presents Birds.**
 A German steel helmet has been do-
 nated to the Natural History Society
 by W. E. Raymond, the helmet was
 picked up on the battlefield. Mr.
 Raymond's son, Harold L. Raymond,
 New Brunswick, has also presented the
 Society with a German gas mask taken
 from the body of a dead German in
 France. Mrs. Thos. Jenkins has pre-
 sented a collection of twelve birds, na-
 tive to New Brunswick, they will prove
 a very useful addition to an already
 large collection of the Society. Mr.
 McIntosh, is busy engaged in prepar-
 ing a collection of the natural woods of
 New Brunswick, which he hopes to
 have ready within a short time, the
 public will be much interested in this
 collection that was made by Mr. Mc-
 Intosh and the senior members of the
 Society while on their annual camping
 trip last summer.

**SUGGESTIONS BY
 OTTAWA FIRM**
**Ross & McDonald, Ottawa
 Architects, Would Tear
 Down Old Court House,
 Make Provisions for Group
 and Widen King Street.**
 "We have never seen in any city
 such an opportunity for suitable ar-
 rangement of civic buildings and one
 so easily realized. The quotation is an
 extract from a comprehensive report
 on the old court house and the propo-
 sed new site for a civic centre, receiv-
 ed by Commissioner Thornton Friday
 from Ross and McDonald, Ot-
 tawa, architects of international reputa-
 tion.
 "An ideal site, worthy of the great
 future in store for the city of St. John,
 a commanding position which dominates
 the city and the harbor and is an
 extract from a comprehensive re-
 port to the court house block.
 The architects suggest that a court
 house and city hall be established at
 the corner of King and Sydney, a
 fire station be built at the corner of
 King and Carmarthen and that a gar-
 age and stables be erected at the cor-
 ner of Leinster and Carmarthen. Any
 thing done should be part of a compre-
 hensive scheme and development could
 be gradual. The first step should be
 to widen King street. It would be
 short-sighted to neglect the opportunity
 presented by the architects.
 Sketches of two beautiful and impos-
 ing structures are shown, together
 with blue-prints of proposed interiors.
 The report covers in considerable de-
 tail the equipment which would be re-
 quired. Stone is recommended for the
 exterior and fireproof construction for
 the interior.
 The report has been prepared and
 presented without cost. Commissioner
 Thornton said that he proposed to
 have slides made of the sketches and
 plans, and would give the public an
 opportunity of inspecting the sugges-
 tions of the architects.
