PRETORIA, Aug. 21-President Kruger inday announced to the volksraad that he had received a telegram from the governor of Mozambique saying the de-tained ammunition would be forwarded fimmediately.

The entire correspondence between the imperial and Transvaal governments was read in open session and President Kruger asked the raad to meet secretly tonight for the purpose of considering a

repiy President Kruger also claimed that in the convention of 1851 the sozerainty of Great Britain was distinctly stated. But, he added, there was no mention of it in the convention of 1884. He denied the government had excluded the British from political rights. A member of the executive council

government had excluded the British from political rights. A member of the executive council explained that when the Transvaal's reply to the joint high commission de-spatch was ready the state attorney in-terviewed the British diplomatic agent. M. Connyngham Greene, in consequence of which the last reply framed held that M. Connberlan's despatch was no re-ply to theirs. Mr. Greene then cabled to Great Britain certain auggestions, to which Great Britain replied that if the Transvaal made similar proposals they I would be considered on their merits. This was the the reply containing the alternative proposals of yesterday. If war between Great Britain and the Transvaal should come its declaration would be attended with an excdue to which history affords but one parellel—the flight from Egypt. PUERTA PLATA, Aug. 31-President Figuero yielded his executive authority to his connail of ministers at 12 noon to-day. Official notice of the change in administration has been received from the capital by General Imbert, who is the provisional governor of this city by direction of the revolutionary commit-tee. With the fall of Figuero the revolu-tion is victoriou. PUERTO PLATA, Santo Domingo, Aug. S0.-(Delayed in transmission)-Since August 25, the correspondent of the As-sociated Press has visited the camp of General Garrido, nine miles from this city, it being the chief seat of the revo-lution in this district. There he found 800 revolutioniste. Dr. Fries was in command of the infantry. With him was Senor Despradel from Paerto Plata. In their following they had all the young men of that city. Gen. Garrido opened negotiations with the govern-ment authorities of Paerto Plata looking to its instant surrender. The city sur-rendered August 28. The part of the revolutionary army besieging the city of Santiage de los Caballeros demanded its surrender. Its officials refused to consider proposals, and the revolutionists attacked and captured the city. New negotiations were opened with General Caceres and Vasquez demanding a surrender of the fort. They declined to consider the terms offered. The revolutionists at-saced the fort during the night of Aug. 27, and the place was taken by storm. After the capture of the fort the officer who was in command and part of the tors. The cascities of the revolutionists are in command and part of the tors.
