The Committee on the Lancaster Highway accounts for 1873 submitted a report they first referred to a former report, in which W. A. Quinton was announced as a defaulter to the amount of \$9.50. They further found that Quinton had collected 860, \$50 of which he said he had paid to Mr. Lake and Mr. Fair. Both these men, in Mr. Quinton's presence, had denied receiving the money, and the former had had to defend a suit arising from his inability to meet engagements owing to Quinton's not paying the money. At Mr. ninton's request a meeting had been held to allow him to explain, but he had entirely ignored it. The Committee further reported that the amounts in the hands of Thomas Burns and James Gorie had not been paid over. They therefore recommended that these officers, for ne glecting to account for public money, be ought before the Sessions and dealt

with as the law directs. This report occasioned considerable discussion, and a motion of Justice Robinson to allow it to lay over until next meeting was adopted. Later Justice Thompson arrived and had the motion reconsidered. A discussion ensued and the committee said they had held eight meetings, and Mr. Quinton had only deigned to attend two. The funds are equired for the public service. The reort was adopted.

On motion of Justice Jardine, seconded by Justice W. Thompson, the Clerk of the Peace was authorized to issue a warrant next meeting of the Sessions.
