Everybody who wishes women to suc ceed in art will be glad to know that the English girl who painted for the Exhibition the picture "The Roll-Call in the Crimea" has received \$6,000 for the engraving copyright, and better than tnat-considering how much popularity is involved in the fact-the Queen has given her a commission. Above all. Miss Thompson's picture has been the occasion of a violent discussion of the gravest nature. The question is "How does a horse move his legs when walk ing?" Divers authorities say that the artist has painted her horse in motion in the most erroneous manner; other authorities equally competent declare that she is quite right. And so the talk goes on, leaving outsiders a-marveling that so ordinary a fact in Nature could not be determined on the instant. Miss Thompson's picture is said to be spirited and bold, and even if her drawing be wrong it is certainly no worse an error than Raffael made when he represented the Disciples drawing boiled obsters from the Galilean Sea.

sive, with the newspapers. He says if publish another book, or write another an amount of vitality which, properly fair, and ought to be agreed to at once.

The Fisheries Department has receiv ed intelligence from the North and South coasts of the Lower St Lawrence, of the spring cod fishery being very good, and an abundance of bait. Also that the Salmon fishery is now excellent; it was much retarded by the lateness of the season, and high water in the rivers. Some of the official robbers of South Carolina are getting their deserts. The od-given powers of life, without abus. three commissioners of Barnwell County were convicted of peculation and sentenleed to the penitentiary. On the way there was one of them slipped his handcuffs and leaped from the train into a pathise with rowdyism or lawlessness, ditch. But a plucky negro sheriff got in almost any shape in which it presents the train slacked, jumped off, and fan itself. These people are too moral and across the country after the fagitive, religious to openly advocate such sys- clapped on the handcuffs, and took him tems, but they lack the moral courage to the Columbia jail on foot This state of things in the Palmetto State.

neighbor of the Perth Expositor, On The practice of educating boys for the Sunday, the 24th of May last, an out- professions, which are already over rage on decency and morality was com- stocked, or for the merchantile business nitted by an individual named Brennan, in which statistics show that ninety-five The particulars of the case were noted in a hundred fail of success, is fearfully in our last issue. Our remarks, which on the increase in this country. Young were pointed, as usual, have called forth men are annually becoming more and the following from one of the sympath- more averse to maual labor; and to ising editors of the paper we have named, get a living by one's wits, even at the who had not the manliness, or moral cost of independence and self-respect courage, to publish the "jacts" of the and a fearful wear and tear of conscicase : but contents himself by simply ence, is the ambition of a large propor assuring his readers that there is a feel- tion of our young men. The result is ing in Perth that it is all right. He that the mechanical professions are be makes a high bid to please the Brennan coming a monopoly of foreigners, and party when he says :- "In Perth, where the dwnership of the finest farms, even "the facts are known, there is a very in New England, is passing from Ameristrong opinion that the juries were right cans to Irishmen and Germans. Fifty years ago a father was not ashamed to We can tell the gentlemen who edit put his children to the plow or to that paper, that in Perth, and through- mechanical trade; but now they are out the whole country, there is a strong "too feeble" for bodily labor; one has opinion that the juries were WRONG in a pain in his side, another a slight cough, these cases. We are sorry, to see any another "a very delicate constitution," portion of the press, of the county town, another is nervous; and so poor Bobby prostituting itself to the unworthy pur- or Billy or Tommy is sent off to the

It seems never to occur to their fool ish parents that moderate manual labor constables and Peace officers to do their in the pure and bracing air of the country is just what these puny, wasp-wasted lads need, and that to send them to the our Perth neighbors will feel its effects them to the graves. Let them follow the and have to complain, as they have had plow, swing the sledge, or shove the foreto do before, of the lawlessness and plain, their pinched chests will be exblackguardism of their overgrown boys panded, their sunken cheeks plumped We know how it is in our own village, ting room, or a grocery is about the last

sent. The ruin of health is as sure
