## APPLETON.

Special to THE HERALD.

Rev. A. D. Fraser received word last  
week that his mother, who is 86 years  
old, had fallen downstairs and broken  
some bones. Mr. Fraser went to Fort  
Covington at once, but was in time to  
see her just before death. We sym-  
pathize deeply with Mr. Fraser in his  
bereavement.

Miss Edna O'Brien and Miss Margaret  
Wilson spent the week-end in Ottawa  
with Mrs. Wilson.

Mr. James Struthers, of Oil City, is a  
visitor at the old homestead. It is over  
thirty years since he was here and he  
sees a great many changes. All the old  
faces he used to know are gone.

Mr. James Turner installed a modern  
hydro-pneumatic plumbing system last  
week.

The Missionary Society had a very  
successful meeting at the home of Mrs.  
John Turner last Thursday evening.

Mr. Gordon Paul is visiting his  
friends this week.

Mr. Alex Cavers spent last week at  
Annprior, and while there, purchased a  
fine driving horse.

Miss Galbraith, who has been at  
Overlook for the past three weeks, has  
returned to her home.

The sugar-making is on. Some of  
the boys have tapped and report the  
sap running.

The roads are in a terrible state at  
present. The Appleton mail can hardly  
get through to Carleton Place.

## FRANKTOWN.

Special to THE HERALD.

The bright sunny weather with which  
this week has opened augurs well for  
the approach of spring. But as March  
is not out yet there might be a change  
the other way.

Mr. Sam Carley is seriously ill at  
present and confined to his home. His  
condition is however somewhat improved  
this week.

Mrs. Peter McEwen is gradually  
recovering from a siege of the grippe  
and is able to be around again.

Mr. Denis McCarthy and family left  
for the West on Saturday morning, their  
destination being near Moose Jaw, Sask.

The Young People's Guild of the  
Presbyterian Church are to have a  
temperance programme at their meeting  
in the Sunday school room on Friday  
evening next, when Mr. D. R. Ferguson  
will give a report of the Dominion  
Alliance Convention at Toronto.

Some enthusiastic lovers of syrup  
have begun tapping the sugar maples  
already and find the sap starting to run  
its course for the season.

Dr. Ewan McEwen, of Smiths Falls,  
was a week-end visitor with friends in  
the village.

A boy's "Kitchen Club" has been  
organized in the village with Arthur  
MacLaren as its president, and Leonard  
Davis, as secretary. The club aims at  
the physical, intellectual, and moral  
development of the boy members and  
will hold meetings twice a month.

Mr. W. J. Burchill and family will  
move out to the McCarthy farm for the  
summer and will rusticate among the  
bushes.

Miss McAllister, teacher of the  
"Cuckoo's Nest" school, visited her  
home in Carleton Place for the week-  
end.

Rev. Mr. Lowry preached in St. Paul's  
Church last Sunday afternoon on the  
theme, "The Son of Man," and next  
Sunday will preach a special sermon in  
observance of the third anniversary of  
his pastorate here.

Miss Kate Barton is visiting with her  
aunt, Mrs. George Perry.

## LANARK.

From the Era.

Mr. and Mrs. James Closs, 11th line  
Drummond, received word that their  
eldest son, Private Thos. Closs, had  
suffered a badly lacerated hand and was  
admitted to Warwick Hospital, England,  
on March 10th, having served exactly  
one year at the front. Pte. Closs  
enlisted with a Pioneer Battalion at  
Prince Rupert.

Helen Watt, relict of the late James  
Richardson of Drummond Township,  
died last Saturday, March 17th. She  
was one of Lanark's few nonagenarians,  
her exact age being 91 years, 2 months  
and 10 days. Death was due to a  
general breaking up of the system.  
She was born in the Township of  
Darling, Jan. 7th, 1826, a daughter of  
the late James Watt. There was a  
family of 18 children in the old Darling  
home, 14 of whom reached maturity.  
With this unusually large family grow-  
ing up through all the stages from child-  
hood and in a community where friend-  
liness and neighborliness were at all  
times practiced by the people, it may be

IMPURE BLOOD  
IN THE SPRINGThe Passing of Winter Leaves  
People Weak and  
Depressed.

As winter passes away it leaves  
many people feeling weak, depressed,  
and easily tired. The body lacks that  
vital force and energy which pure blood  
alone can give.

Dr. Williams' Pink Pills for Pale  
People are an all-year-round blood  
builder and nerve tonic, but they are  
especially useful in the spring. Every  
dose helps to make new, rich, red blood.  
Returning strength commences with  
their use and the vigor and cheerfulness  
of good health quickly follows.

There is just one cure for lack of blood  
and that is more blood. Food is the  
material from which blood is made,  
but Dr. Williams' Pink Pills double the  
value of the food we eat. They give  
strength, tone up the stomach and weak  
digestion, clear the complexion of  
pimples, eruptions and boils, and drive  
out rheumatic poisons.

If you are pale and sallow, if you  
feel continually tired out, breathless  
after slight exertion. If you have  
headaches or backaches, if you are  
irritable and nervous, if your joints  
ache, if your appetite fails and food  
does not nourish nor sleep refresh you,  
Dr. Williams' Pink Pills will make you  
well and strong. To build up the blood  
is the special purpose of Dr. Williams'  
Pink Pills, and that is why they are the  
best spring medicine. If you feel the  
need of a tonic at this season give Dr.  
Williams' Pink Pills a fair trial and you  
will rejoice in new health, new strength  
and new energy. Do not let the trying  
weather of summer find you weak and  
ailing. Build yourself up now with  
Dr. Williams' Pink Pills—the pills that  
strengthen.

Ask for Dr. Williams' Pink Pills for  
Pale People and do not be persuaded to  
take something else. If your dealer  
does not keep these Pills they will be  
sent by mail, post paid, at 50 cents a  
box or six boxes for \$2.50 by writing  
The Dr. Williams' Medicine Co., Brock-  
ville, Ont.

imagined what a happy centre for visit-  
ing and social enjoyment was that old  
home. For eight years she taught  
school in the village of Lanark and  
among her pupils of the old days were  
many of Lanark residents, including  
Mr. T. B. Caldwell. On Jan. 20th,  
1865, she married Mr. James Richard-  
son and settled here, later moving to  
Drummond Township, where Mr. Rich-  
ardson died 20 years ago.

Another of Lanark's aged citizens  
passed to her eternal reward yesterday  
morning, March 20th, in the person of  
Mrs. Flora Currie Campbell, relict of  
the late William Campbell of Owen  
Sound. She was born on the Island of  
Mull, Argyshire, Scotland, and came  
to Canada in 1814, settling in the Town-  
ship of Sydenham, in the county of  
Grey, near Owen Sound. Shortly after  
coming to this country she was married  
to William Campbell, who predeceased  
her in 1891. In 1892 she removed to  
Lanark to live with her granddaughter,  
Mrs. Robert Beatty. During these  
twenty-five years residence in our village  
she had endeared herself to all who knew  
her.

After a week's illness with pneumonia  
Mr. Randolph McKinnon, one of Dal-  
housie's most respected citizens, passed  
to his reward on March 17th, aged 79  
years. Deceased was a native of Dal-  
housie, son of the late John McKinnon,  
one of the pioneers of the township,  
and spent his whole life in its confines,  
residing on what was known as "the  
old McKinnon Home," about a mile  
west of McDonald's Corners. He is  
survived by his wife, whose name prior  
to marriage was Agnes Duplop, and  
five children.

A highly esteemed resident of Dal-  
housie Lake, in the person of Mr. Wil-  
liam B. Geddes, passed away on March  
8th, after an illness of about a year  
with pernicious anaemia. Deceased was  
a son of the late Daniel Geddes and  
was born in North Sherbrooke on Dec.  
26th, 1806. When about twenty years  
of age he went west and spent some  
years in Minnesota, Washington and  
Alberta. His health failing him, he  
returned ten years ago and purchased a  
farm at Dalhousie Lake, where he has  
since resided. In September, 1915, he  
married Mary Milliken, who survives.

Several units of Canadian troops have  
safely landed in England.

A powder magazine containing two  
hundred boxes of dynamite at Notre  
Dame des Anges, Que., blew up, the  
effects being felt in the parishes of St.  
Casimir, St. Albain and Portneuf, a score  
of miles away.

## GERMANS TRY TO HALT

Giving Ground Foot by Foot to  
the British.

Allies Have Put a Dent in the Hin-  
denburg Line—General Haig's  
Troops Occupy Roisel, Seven  
Miles East of Peronne, and Ex-  
perts Think That Huns Must  
Ultimately Continue Retreat.

LONDON, March 26.—Roisel,  
seven miles east of Peronne and a  
railway junction point on the line  
between Maroing and St. Quentin,  
was captured by the British on Sat-  
urday. At Beaumetzles-Cambrai,  
near the centre of the British line on  
the Somme front, the Germans at-  
tacked and obtained a temporary  
footing in the village, but later were  
ejected. A British advance south-  
west and west of Ecoust-St. Mien,  
south-west of Arras, on a front of  
one and a half miles, also is re-  
ported.

On Sunday an enemy bombing at-  
tack on one of the British posts in  
the neighborhood of Beaumetzles-  
Cambrai was successfully driven off,  
and Sir Douglas Haig's troops im-  
proved their position west of Crois-  
illes. The British forces are still  
some ten or eleven miles from Cam-  
brai, though they have made pro-  
gress where they are nearest to that  
city. The Germans are giving  
ground only foot by foot, and de-  
fending themselves tenaciously.

There is still some difference of  
opinion in military circles here on  
the question whether the Prussians  
intend to make a definite stand on  
the Hindenburg line. General Mau-  
rice declares it is by no means cer-  
tain that they will attempt to do so.  
Other experts say they will halt on  
that front and endeavor to delay the  
advance of the Allies through an-  
other period of trench warfare.

But whatever the intentions of  
opinion regarding the intentions of  
the Prussian field marshal, all ex-  
perts agree that there will be no re-  
petition of the long months of inac-  
tivity that followed soon after the  
Battle of the Marne, when the Prus-  
sians settled down into the positions  
from which they have just been  
ousted.

Topographically speaking, the  
Hindenburg line is not as strong as  
that from Arras to Soissons which  
the Prussians have left. It runs  
through comparatively level ground  
and has few heights like those fur-  
ther west, where numerous hills of-  
fered vantage points for artillery.

It crosses the plain of Cambrai  
between the head waters of the  
Aisne, all the way to the west, which  
extends above the Scarpe almost to  
Lille. Next comes the plain of the  
Somme between the bend of that  
river east of Peronne and the head  
waters of the Sambre, which runs  
north-east and empties into the  
Meuse at Namur. Then follow the  
valleys of the Oise, the Serre, and  
the Aisne, all of them small rivers  
flowing through a fertile country and  
frequently inundating the lowlands  
on each side.

The strength of the line lies in its  
points of support—the cities of Cam-  
brai, St. Quentin, La Fere, and Laon,  
the latter two having been formidable  
fortresses even before the war. All  
have doubtless been fortified to the  
utmost extent of Prussian energy  
and foresight, and will certainly offer  
a tremendous obstacle to the Allies' advance  
unless, indeed, Field Marshal  
von Hindenburg contemplates  
were a halt here and intends a fur-  
ther retirement to the Belgian front-  
ier, which follows a range of high  
hills and mountains of gradually in-  
creasing elevation until the Luxem-  
bourg border is reached, beyond  
Sedan.

It is likely that eventually there  
will be a general retirement from  
both France and Belgium through  
Luxembourg, but the line from Lens  
to the North Sea has not yet begun  
to break and all indications indicate  
a violent struggle on the Cambrai-  
Laon front before the Prussians get  
out.

## German Food Conditions.

AMSTERDAM, March 26.—Adolf  
von Batocki, president of the Food  
Regulation Board, addressing a de-  
putation on the food question, ex-  
pressed confidence that the supply  
was sufficient until the next harvest,  
according to a Berlin despatch to  
Reuter's. Von Batocki attributed  
the present scarcity to the long  
period of frost, the end of which, he  
said, would bring greater supplies  
from the rural districts.

"Production, of course," he con-  
tinued, "is not as great as in peace  
time, but the stocks are sufficient to  
last until the new harvest. The  
coming agricultural production is  
assured by the increase in prices,  
and the yield will be as high as war  
conditions permit."

## Russians Capture Kerind.

LONDON, March 26.—The ad-  
vance of Russian troops toward the  
Mesopotamian border continues and  
the capture of the Persian town of  
Kerind, forty miles from the border,  
was announced Saturday. The an-  
nouncement follows:

"In the direction of Hamadan our  
troops on March 17 occupied the  
town of Kerind, which had been set  
on fire and destroyed by the Turks.  
The enemy withdrew to positions in  
the vicinity of the village of Khair.  
The pursuit continues."

"On the remainder of the front  
exchanges of fire are under way."

A hundred pounds of silver ore,  
worth \$800, was found in various  
pockets of a vest discovered stowed  
away with other clothing in a hotel  
room at Niagara Falls, Ont.

The Cabinet has passed an order  
in Council to expropriate the Ross  
rifle factory. No more Ross rifles  
are to be manufactured, but the Gov-  
ernment will arrange to make the  
new Lee-Enfield as soon as possible.

Much discussion has no doubt taken place during this winter in most  
homes as to whether they shall buy a Motor Car or not this season. From  
all sides comes the word, "We are going to buy one." Then the question  
arises, "What Car will we buy?" Undoubtedly the Most Popular Car is  
THE FORD. You ask why?

## BECAUSE—

1. It is the cheapest to buy, and the cheapest to keep up.
2. Dealers who sell Ford Cars are compelled to give service to the buyer.
3. It is the easiest to learn to drive, and to care for.

The Ford Motor Company would not let anyone be their dealer who does not look after their customers.

We built last year a Fire-proof Garage, and have placed the Repair Department under the charge of one of the best mechanics to be found in Canada. As well as taking care of Ford Cars we can repair any other make. Workmanship guaranteed and prices will be fair. We invite you all to call and see the New Fords.

## Nyal Sarsaparilla

Cleanses the Blood and  
makes it nourish  
the body.

The duty of the blood is to restore  
and renew the tissues of the body  
as they wear out. Unless the blood  
is pure and full of red corpuscles  
it does not perform this function  
properly, and you feel out of sorts,  
tired and run down.

If that is your condition or if  
you are worried by skin eruptions,  
get a bottle of

Nyal  
Sarsaparilla

It will cleanse the blood, and the  
pure renewed life-giving stream it  
will cause to flow through your  
arteries will give you a new energy,  
a clear brain, bright eyes and the  
springy step of perfect health.

Nyal Sarsaparilla is one  
of the great Nyal Family  
Remedies sold only at

## Keep hens this year

EGG and poultry prices, the like of which have seldom  
or never been experienced, certainly make it worth  
anyone's while to start keeping hens. By doing so  
you have fresh eggs at the most trifling cost. At the same  
time you have the satisfaction of knowing that  
you are doing something towards helping Britain, Canada  
and the Allies achieve victory this year.

Increased production of food helps not only to lower  
the high cost of living, but it helps to increase the  
urgently needed surplus of Canada's food for export.  
It saves money otherwise spent for eggs and poultry  
at high prices, and saves the labor of others whose  
effort is needed for more vital war work.

The Ontario Department of Agriculture will give  
every possible assistance by affording information about  
poultry keeping. Write for free bulletin which tells how  
to keep hens (address below).

"A vegetable garden  
for every home"

Nothing should be overlooked in this vital year of the  
war. The Department earnestly invites everyone to help  
increase production by growing vegetables. Even the  
smallest plot of ground, when properly cultivated, pro-  
duces a surprising amount of vegetables. Experience is  
not essential.

On request the Department of Agriculture will send  
valuable literature, free of charge, giving complete direc-  
tions for preparing soil, planting, cultivation, etc. A plan  
of a vegetable garden, indicating suitable crop to grow,  
best varieties and their arrangement in the garden, will  
be sent free to any address.
