

HOME JOURNAL is in every home, except one, represented in our Woman's Institute. Two years ago we had six subscribers, last year I sent in twenty-five, and this year forty! Everyone is delighted with the JOURNAL."

Summer Series of Meetings

WE gave in the May issue of this journal a list of the summer meetings up to and including June 8th. We give herewith the balance of meetings announced.

We look to the officers and members to do all in their power to make these meetings well known, and to induce those who are not members to attend and become identified with the Institute. The success of the summer series depends to a large degree upon the thoroughness with which the meetings are announced.

DIVISION 1—Lecturer: Dr. Laura Hamilton, Toronto, June 10 to July 5; Miss Mary McKenzie, Toronto, June 17 to 22.

THE SINGED CAT

Those who have paid dearly for the use of cheap cream separators, through many unhappy experiences, know now—what they doubted then.

Their unanimous testimony—

THE DE LAVAL FOR MINE

Tells the story.

Paneled Oak Walls at the Price of Good Wall Paper!

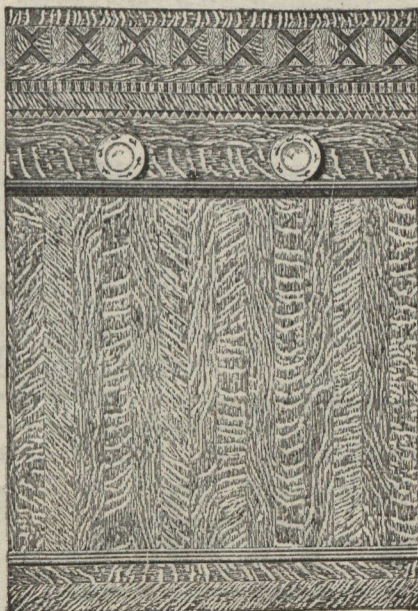

Illustration shows section of dining-room wall with paneled lower (No. 1, Light, or No. 2, Golden) plate rail and parquet design border (No. 13, Light, or No. 14, Golden).

Introductory Price only \$1.50 per roll, delivered free at your exp. office.

Send for Samples—or order by mail, enclosing remittance.

HUGH SILVER & SON - PRESCOTT, ONT.

ECONOMY and beauty are perfectly combined in this new material for making your home attractive. You can have your dining-room or library, de kitchen, bathroom, or hall, as beautiful as you have wished—at the price you have been paying for good wall paper. Imagine your room paneled in oak, either light or golden. This new home luxury can be yours at so small a price as to seem almost ridiculous.

Fibre Veneer

is an exact reproduction (not imitation) of fine grained oak, manufactured in several panel and parquet patterns. Put up in rolls 36 inches wide by 34 feet long. Fibre Veneer is applied just like wall paper—in fact, more easily—which is still another advantage if you are going to do the work yourself. The Veneer makes a very attractive decoration for walls and ceilings without using any finish. Being a perfect substitute for hardwood, Fibre Veneer can be used as a border around rugs. Fibre Veneer can be washed like linoleum. After one coat of Orange Shellac, it may be stained or varnished. It is very durable.
