This letter will constitute your extension of Certificate of Airworthiness No. 842 for the subject aircraft to read not valid after November 11, 1946, subject to this machine being in airworthy condition.

It is requested that arrangements might be made for the visit to Montreal before expiration of this temporary authority in order that inspection of your aircraft may be carried out for renewal of Certificate of Airworthiness on permanent basis.

Yours truly,

J. L. Blondeau,
District Inspector, Air Regulations.
