Dear Sir:

With reference to your letter of March 16th to Mr. A. Henry Hudson this has been forwarded to Mr. Jack Gibson of Cub Aircraft Corporation for immediate attention.

I have also requested him to complete seaplane, skiplane and auxiliary tank information for my aircraft CF-DSM.

The C's of A. for aircraft CF-DGZ and CF-DSM have both been previously posted by me and are on file with your Department.

I trust this to the information which you require at this time.

Yours truly,

Gordon Gauthier.
