

Yard fountains or jets shall not be used longer than three hours each day, unless specially permitted and on additional payment, and the right is reserved to suspend their use whenever the public exigency may require it.

The Superintendent and Engineer, and other agents of the Board, shall have free access at all reasonable hours to all parts of the premises where the water is delivered and consumed.

[*Adopted July 15th, 1859.*]

JAMES E. DAY,  
*Secretary.*
