

Wear and long life are two things you should consider well and wisely in buying wire fence. They are the chief reasons why so many miles of Peerless Fence have been bought. We want to tell you **why** it lasts so long and wears so well. It's **the way** it is made and **the material** it is made from. Big, heavy Galvanized Hard Steel Wire that wind, wear and weather cannot phase, so perfectly uniform in size and quality that it will stand double the strain ever required, is used throughout. Then the construction of the

Peerless Woven Wire Fence

is based on **lasting** principles. Look at the **Lock** on the left. Note how the upright and lateral wires are securely locked—they can't be rooted up from below; shoved down from above nor spread sideways. It's the **vital part** of any wire fence and the Peerless Lock makes a Peerless Fence firm and rigid. Stock can't injure it, weather can't harm it—that's why it lasts. It's the fence that ends all fence troubles. Our free book tells you why the Peerless is the fence to buy.
