The Fire Protection is worth the Cost

DON'T Keep the Women Waiting for WATER

Have pure water on tap throughout the house, gardens, barns. Let your wife have city conveniences—hot and cold water, a bathroom. Don't make her wait for water until one of the men come in. You will be astonished what a little it costs to

Install a PEERLESS Water System

Operated by hand, electricity or gasoline. Costs practically nothing to run. Water is pumped into an airtight tank in the cellar or outhouse. Then by the air thus compressed a fine pressure of water can be obtained at all taps—a stream of 30 to 80 feet high can be obtained with hose, in case of fire.

If you already have power, connect a Peerless pump and tank to it.
