Something Better Than a Wheelbarrow

Louden's Litter Carrier has a box 48 in. long, 24 in. wide and 22 in. deep, made of heavy galvanized steel without a particle of wood about it. The edges and corners throughout are reinforced and strengthened with angle iron.

The hoisting gear is simple and very easily operated. The box is raised and lowered by means of an endless chain working on a screw gear. By pulling the chain one way the box is raised, while by pulling in the opposite direction it is lowered.

The dumping device is perfect. There is a latch at each end of the box, the two being connected by a rod, and released simultaneously when unloading. When righting the carrier after dumping there is no possibility of its going right over again, or swaying backward and

forward several times before locking. A light touch with fork or shovel will return it to its proper position. For free Catalogue and full particulars, write:

LOUDEN MACHINERY COMPANY, GUELPH, ONTARIO.

Watch our advertisement next month

When the Bluebirds start a warbling
And the Mocking birds to mock;
When the summers here with roses
And the sun's the farmer's clock;
"When the frost is on the pumpkin
And the fadders in the shock;"
When snow balls come a whizzing
And the paths the snow drifts block.

New Model 27 Marlin REPEATING RIFLE

The only gun that fills the demand for a trombone ("pump") action repeater in .25-20 and .32-20 calibres.

Shoots high velocity smokeless cartridges, also black and low pressure smokeless.

Powerful enough for deer, safe to use in settled districts, excellent for target work, for foxes, geese, woodchucks, etc.

Its exclusive features: the quick, smooth working "pump" action; the wear-resisting Special Smokeless Steel barrel; the modern solid top and side ejector for rapid, accurate firing, increased safety and convenience. It has take-down construction and Ivory Bead front sight; these cost extra on other rifles of these calibres.

Our 136 page catalog describes the full Marlin line. Sent for three stamps postage. Write for it.

The Marlin Firearms Co. 113 Willow Street New Haven, Conn.

The Machine the Farmers Buy

AND THE BEST VALUE FOR THE MONEY OF THEM ALL IS TOLTON'S

NO. 1 DOUBLE ROOT CUTTER

POINTS OF MERIT:

1. To change from pulping to slicing is but the work of a moment.
2. There are two separate wheels, one for pulping and the other for slicing.
3. The united force of both wheels is always used in doing the work in either capacity.
4. The hopper is between the wheels, and does not choke.

THE ONLY DOUBLE ROOT CUTTER MANUFACTURED. Fitted with Roller Bearings, Steel Shafting, and all that is latest and best in principle, material and construction. SEND FOR DESCRIPTIVE CIRCULAR AND PRICES.

TOLTON BROS., Ltd. (Dept. F) Guelph, Ont.

LOOK OUT! SOMEONE ELSE WILL BE AHEAD OF YOU

THOSE who are first in starting a new business have the lead on the imitators. Here is a business which has brought many \$15.00 to \$18.00 a day on a small initial expense. It will do the same for you. The work is always to your liking, and you can build up a substantial, honest business in your own community.

Digging ditches for drainage is done to-day by machine at a small part of the cost of hand work. BUCKEYE ditches are demanded by every farmer. Why?

1. Because they are within the reach of every pocketbook.
2. Because they are truer and always of perfect grade.
3. Because the work is quickly done.
4. Because there is no gang of men to board for weeks at a time.

Here is the demand. You can fill it! The first cost of a

BUCKEYE TRACTION DITCHER

is small when you consider the money you can make from its operation. A BUCKEYE will dig 100 to 150 rods a day. Requires only one man and a boy to operate. No technical knowledge needed.

Sit down and write for Catalogue T.

THE BUCKEYE TRACTION DITCHER CO. FINDLAY, OHIO.

KODAK

means photography with the bother left out

No dark room for any part of the work; loading, unloading, developing, printing, all by daylight. YOU can readily make good pictures with the Kodak system. It's inexpensive, too.

Illustrated catalogue of Kodaks and Brownies (the work like Kodaks) free at dealers or by mail.

NO LEAK-NO RUST

STEEL TANKS V. WOODEN

The steel tank for water storage is as much superior to wooden tanks as modern steel farming implements are to the crooked sticks of our ancestors in early ages. Wooden tanks are unsanitary and liable to leak. Our steel tanks are all steel of the finest quality—self supporting—surrounded by an iron angle framework with braces added

according to size of tank. The angle iron framework ensures absolute rigidity, and the braces added give the tank strength four times in excess of any strain that may be applied. Guaranteed for ten years but will last a lifetime.
