For particulars, write, Richard Honey & Sons, - Brickley, Ont.

Gossip.

A. A. COLWILL'S TAMWORTHS AND SHORTHORNS.

Another annual visit to the noted Newcastle Stock Farm of A. A. Colwill, Newcastle, Ont., by the field representative of "The Farmer's Advocate," proved but a repetition of that of many years past, inasmuch as that the large and famous high-class herd of Tamworth swine, English-bred Shorthorn cattle, and stud of Clydesdale horses, were found up to the usual standard of merit and wintering in nice, thrifty, breeding condition. No comment is necessary on the quality of the Tamworths which for a quarter of a century have held a leading position in the honor roll as one of the best herds in Canada. The brood sows, as for several years past, are daughters and granddaughters of the famous old champion, Colwill's Choice, the granddaughters being daughters of the big, typical hog, Imp. Cholderton Golden Secret, a line of breeding absolutely unsurpassed in this country. Mr. Colwill is now offering a particularly choice stock boar, a three-year-old son of Imp. Cholderton Golden Secret, and out of a daughter of Colwill's Choice. This hog has the size, type and finish that win at the big shows. He is a good one. There is also on hand several young boars old enough for service, and young sows of breeding age, as well as younger ones of both sexes. In Shorthorns there are four young bulls, English-bred on both sides, out of cows that can pay their way at the pail; also a limited number of heifers one and two years of age, the latter in calf to the present stock bull, Broadhooks Prince, a combination of Broadhooks blood on the sire's side, and Wedding Gift on the dam's side. Mr. Colwill is also offering a nice registered Clydesdale filly rising four years, and an 1,800-lb. Clyde gelding. Write Mr. Colwill your wants.

WILLOWBANK HOLSTEINS.

Some remarkably attractive breeding is found in the Willowbank dairy herd of Holsteins owned by Collier V. Robbins, of Riverbend, Ont., situated in the County of Welland, within easy reach of the town of Welland, and about four miles from Fenwick Station on the T. H. & B. railway, and Perry Station on the M. C. R. As a breeder of Holstein cattle, Mr. Robbins has laid a foundation that ensures success, infusing as he has through his herd-headers, much of the blood that has made the Holstein history of the day. The majority of the females are young, three and four years of age, daughters of Sir Inka of Riverside, a son of Johanna Rue 4th's Lad, whose five nearest dams have records averaging 22.86 lbs. of butter in seven days. The dam of this bull was Inka Mercedes De Kol 2nd, with a two-year-old record of 14.9 lbs., and an average milk yield of 53 lbs. a day. The first of this bull's daughters to be tested made a record of 18.12 lbs. under very unfavorable circumstances. On his daughters was used a son of the intensely bred bull, Count Hengerveld Fayne De Kol, a brother to the late world's champion, Grace Fayne 2nd's Homestead, 35.55 lbs., and a son of Pietertje Hengerveld Count De Kol, with over 100 A. R. O. daughters, 30 of them with records of 30 lbs. and over. Now at the head of the herd is King Korndyke Inka De Kol, a son of the world's greatest Holstein bull, Pontiac Korndyke, three of whose daughters broke the world's records in succession: twelve of his daughters have records ranging from 30.48 to 38.03 lbs., and 66 other daughters are in the A. R. O. The dam of this bull has a three-year-old record of 20.87 lbs. It is surely something for intending purchasers to think about, a chance to get heifers descended from the above two grandly-bred bulls, and in calf to a son of the great Pontiac Korndyke. Again, when it is remembered that 19 lbs. for a three-year-old, up to 25 lbs. for mature cows, are the average, but not at all the limit, of the tested females in the herd, it is all the more interesting from the purchaser's standpoint when wanting females or a young herd-header, of which there are several of each for sale. Write Mr. Robbins your wants to Riverbend P. O., Ont.

It Won't Rub Off

VISIT the finest hotels, the costliest homes, and you will find Alabastined walls. Alabastine is used in these palatial places, not because it is the most expensive wall-decoration, but because it is the most artistic and effective. An Alabastined wall is a delight to the eye—so soft, velvety and beautiful. It will not rub off or fade. Alabastine is cement, and hardens with age. Its beauty is permanent. It is the most sanitary and inexpensive wall coating known. Alabastined walls are now the general vogue, in cottage and mansion alike. Wall Paper is out of fashion. The sales of Alabastine in Canada have doubled in two years.

HOLSTEIN CATTLE

The only two world record Holsteins in Canada are owned by us. There are only three cows in the World that have made over thirty pounds butter, three years in succession, one of them is owned by us. The only bull in Ontario, whose dam has given 116 lbs. milk a day, and made 34.60 lbs. butter, in seven days, is owned by us. We have young bulls and females for sale, bred on same lines as our Champions.
