Xmas Cards

WE have over two hundred and forty thousand printed and unprinted Christmas Cards. Taking the population of this city at Sixty Thousand people, we have four cards for every man, woman and child in this city. Now we cannot handle this number of customers either at our Printing Office, 521 Yates, or our branch store, 1105½ Douglas street, during the six weeks these goods are seasonable. Therefore, we have opened another central branch at the corner of Fort and Douglas Streets, where we have on exhibition the largest and most artistic line of goods ever placed under one enclosure, and the prices are right.
