Wanted at Once. Girls and women for hand and machine sewing. Hanover Cotton & Woolen Mills Ltd., Hanover, Ont.

U. F. O. Notice. The next meeting of the U.F.O. Maple Leaf Club will be held at No. 7 school on Friday evening, Sept. 2. Signs of Early Fall.

There are many signs of an early autumn. Blackbirds are assembling in flocks in the fields. Goldenrod in bloom two weeks earlier than usual. A second bloom of buttercups is now appearing and almost a certainty of the seed ripening while in other years the flowers appear to perfection a month later than now, but the seed does not ripen. All weed-seeds are about three-fourths matured and ripened. Elderberries on the uplands will be a large crop and will ripen a fortnight earlier than usual.

**Western Oats.**  
We clean all our Western Oats, taking all weed seeds and dirt out of it. This means a lot to the farmers and we do not charge anything extra for it. A Kramer.

**Ford Car at a Snap.**  
A good second hand Ford touring car, 1919 model, run about 5000 miles, completely overhauled, and guaranteed in good running shape. Equipped with shock absorbers, special fire carrier, and 1921 license. Looks and runs like new now. If you want car value, look this one over. Liesemer & Kalbfleisch.

**Village Property for Sale.**  
Harry Heimbecker offers for sale his residence and four lots on Absalom street, Mildmay, at a reasonable price. There is a good frame house newly painted, frame hen house, hard and soft water, and good garden. This is a desirable place to live.

**Notice to Exhibitors.**  
The Carrick Agricultural Society notifies exhibitors at the fall show that all hall exhibits must be in place not later than 9 o'clock on the morning of the second day of show. The judges begin their work at that hour and cannot consider exhibits brought in later.

**Carrick Farm Sold.**  
Mr. Ezra Reuber has disposed of his 100 acre farm on the sixth concession of Carrick, to Mr. Norman Foerster of Normanby, who assumes possession on March 1st. Mr. Foerster has been farming near Durham for the past eight years, but wanted a farm near a school. Mr. Reuber has purchased the Heipel farm east of Clifford and will move next February.

**Operation for Tonsillitis.**  
Gertrude, the second youngest daughter of Mr. and Mrs. Joseph Hoelzle, and Raymond, eldest son of Mr. and Mrs. Andrew Weishaar, were both operated on at the home of Mr. Hoelzle on Thursday of last week for the removal of tonsils and adenoids. Drs. Gillies of Teeswater and Hamby of Wingham performed the operation. Both patients are doing very well.

**Great Producer.**  
Mr. Ben Kuntz has a cow on his farm on Con. B, that will not take a back seat for any other bovine in this county. Four years ago she gave birth to a pair of twin calves; the next year she repeated the performance; last year she had one calf, and this summer she presented her owner with another pair of twins. Seven calves in four years is a phenomenal record, and all good thrifty stock at that. The cow is a grade Durham, nine years old, and if she keeps up the dizzy pace she has set, she will be worth almost her weight in gold.

**Auto Bumped Buggy.**  
Last Thursday evening when Mr. William Seifried was driving home from Mildmay, a car came up from behind and bumped into his buggy, causing a bad mix-up. The car lights had gone out and the driver was making his way along with the help of a flashlight. Mr. Louis Martin was also a passenger in the buggy and when the impact came both occupants of the buggy were thrown out, a lot of groceries scattered over the road, and the buggy badly demolished. The car was driven by a Culross man who has offered to make good the damage, which will amount to about \$30. It is a risky business to drive on the highway without proper equipment, and the accident might have been much more serious.

**Harvest Festival at Formosa.**  
Arrangements are being made to hold a great Harvest Festival at the Formosa school ground and orchard on Labor Day, Sept. 6th, and a very entertaining program will be furnished. At 3 o'clock a football match will be played between Mildmay and Ambelside, and a long list of athletic events for both grown-ups and young will be run off. A number of prominent speakers will be present, including Mr. W. T. R. Preston of Port Hope, Liberal candidate in the Riding, made vacant by the resignation of Mr. N. W. Rowell. Mr. Preston went as scrutineer for Sir Wilfred Laurier to take the soldier's vote in France, and is an able and entertaining speaker. E. E. Truax M.P., Frank Rennie M.P.P., and others will also give addresses.

**Music will be present.** Music will be furnished by the Formosa Brass Band, a newly organized company of 12 pieces. The committee has been fortunate enough to secure the services of Mr. John Kelly, of Toronto, ventriloquist, elocutionist, singer and comedian. He is classed amongst Canada's foremost entertainers. Supper will be served in St. Mary's Hall commencing at 4 o'clock. Lay your plans to attend this big event at Formosa on Labor Day.

**Mildmay Cider Mill.**  
Herrgott Bros. will open their cider mill on Sept. 6th, and will run two days a week—Tuesday and Friday—until further notice.

**Corn Cutting Commences.**  
Several farmers in this township have commenced cutting their corn, the crop being nearly a month ahead of former years. Corn is a big crop this year, and will help out in the shortage of the oat crop.

**Trades Farm For Hardware Store.**  
Mr. John J. Waechter, who owns a fine farm of 156 acres on the C and D concession of Carrick, has traded his property to Mr. Michael J. Weber of Carrick, and is taking Mr. Weber's hardware stock on part payment. Mr. Waechter has been in rather delicate health for some time, and will quit farming for a time at least. Mr. Weber is a former Carrick farmer and his many friends will be glad to know that he is soon to return to this township.

**Great is the Ford.**  
Peter Lobsinger, liveryman, performed a surprising stunt on Tuesday afternoon with his Ford car, when he towed a wagon containing a ton of hay from John Wendt's back field to the livery barn. The wagon was securely attached to the rear of the car, and away they went across a stubble field to the lane. The Ford handled the job without any great effort, and landed the load at the livery stable in double quick time. The distance was about one mile.

**Neustadt Cider Mill.**  
Neustadt Cider Mill will run on and after August 29th. Owing to the scarcity of apples in this section, I expect to get apples shipped in. Where you can buy sweet cider from the press or buy the apples for cider. I also expect to have barrels for sale. Send in your order by mail as soon as possible, or come and see me at Neustadt. Will be in Hanover every Saturday night. Applebutter will not be made until further notice. Have electric power and will not, therefore, keep you waiting.—W. V. Schauss.

**Fingers Amputated.**  
Mr. Jos. Fortney of Con. A., who operates a threshing outfit, met with an unfortunate accident on Friday last. The cutting box got out of order, and Mr. Fortney set to work to make the necessary repairs. His assistant mistook his orders, and while Mr. Fortney had his hand in a very critical position, he gave the wheel a quick turn, cutting off the first and second fingers of the right hand near the first joint. Dr. Carpenter dressed the wound, and the patient is making a good recovery. The Fortney family have been very fortunate in the matter of suffering injuries of this nature. One boy lost a hand a couple of years ago, and another lad lost four fingers this spring.

## FAREWELL BANQUET

Mr. Charles Buhlman and family, who leave to-day for their new home at Waterloo, were tendered a farewell banquet in the town hall on Tuesday evening. Fully two hundred friends of the family were present, and the occasion was made very enjoyable to all present. The evening's proceedings was opened by Reeve Doering, who acted as chairman in his usual able and affable style. The people of Mildmay and vicinity were very sorry to part with the Buhlman family and could not allow them to depart without showing them some mark of appreciation. He therefore called on Mr. Johnston to read the address, after which Mr. Buhlman was presented with a travelling toilet case by Mr. W. G. Berry. Mrs. Buhlman was presented with a fine mantel clock, Miss Mary Buhlman with a salad fork, and Miss Anna Buhlman with a pair of vases. Mrs. Jacob Schmidt made the presentation to the ladies. Mr. Buhlman replied very feelingly and appropriately on behalf of himself and family, and thanking his friends for their kindness, and assuring them that they will always occupy a warm place in his heart. Short and well worded addresses were given by Messrs. Moses Fillingim, A. C. Welk, S. F. Herringer, W. G. Berry, Wm. J. Schwalm, L. Buhlman, J. A. Johnston and J. F. Schuett, after which the ladies served an excellent supper. The Waechter orchestra furnished excellent music and the audience took advantage of it by having a very enjoyable dance.

Mr. and Mrs. Buhlman have been residents of Mildmay for about twenty-eight years, and have been good, honourable citizens, and their removal is deeply regretted. Their many friends in Mildmay and Carrick wish them and their family health and happiness in their new home.

Wilfred Gress and George Miller motored to Chesley and Owen Sound last Sunday.

Mr. Frank Rennie, Liberal member for South Bruce, interviewed by the Toronto Daily Star, said he thought it would be advisable to electrify some of the existing steam railways rather than make heavy expenditure on a new radial railway project. Electric railways to serve isolated sections of the province would be a good thing and these would serve as feeders to the main railway lines. The province has undertaken heavy obligations in connection with good roads and other projects and it might be well for the present to avoid large new expenditures. The ambitious radial scheme planned by the Hydro-electric Commission would be a good thing to relieve the unemployment situation but it is doubtful if satisfactory financial arrangements can be made at the present time.
