

One of Four Millions

(A Photograph Direct from the War-Stricken Area)

\$1 per Month Preserves the Life of One Child

Millions of war orphans in Central Europe are growing up undernourished and stunted.

Thousands of them are dying of typhus, tuberculosis and small-pox

There is almost a complete lack of the nourishing foods growing children need, of clothing, of doctors, nurses and medical supplies. The condition of the children is pitiable in the extreme.

Upon this coming generation depends largely whether these nations will be healthy and right-minded or a hot-bed of anarchy and degeneracy—a menace to the world.

It has been found by experience that the cost of caring for a waif child is approximately three dollars per month; that of the supplies that are required by imports about one dollar is needed; and therefore the dollar that we provide, together with the local support of local governments, local municipalities, local charities and local services, practically preserves the life of one child.

Last Sunday afternoon the beauty of the Indian summer tempted a number of our nature lovers to take a long stroll through the woods and about Lake Elolida. There is something wonderful about those days of "naked woods and meadows brown and sere." One can hardly feel gladness, but a serious thoughtfulness, and a pleasant content too, be-

cause those brown leaves and faded grass are surely doing a good work in nature as when they were fairer to look upon.

This season recalls pleasant memories of a former citizen of Athens, Mr. Thomas Vananum, who loved the peace and quiet of the late autumn woods about the lake—a place to find mental as well as physical rest.

Armistice Day is again at hand. How good it is to have peace on our village green, villages and harmless, yet speaking monuments of the undying glory of victory over wrong and oppression.

Mr. Donovan's letter, in last copy of Reporter was an inspiration—a document well worthy of preservation.

A Valiant Battle For Their Lives

A WORLD in itself—a countless little world, each citizen battling for life! Life is very dear, when you are young, and so many patients at the Muskoka Free Hospital for Consumptives are still in their eager twenties. Yet each has something of tragedy and of heroism in that short life's history. Here, a girl who cared for orphaned brothers and sisters; there, a school teacher alone in the world; a nurse broken down through hard work; a housemaid; a factory hand; a young mother; or, amongst the men, a laboring man, friendless and penniless; a farm hand, who has wife and children; a fireman; a miner; a telegraph operator; a machinist. Ah—how they want to live! And how well spent the money restoring them to health and strength up there in Muskoka. Contributions may be sent to Sir William Gage, 84 Spadina Avenue, Toronto, or to Geo. A. Reid, Treasurer, 223 College Street, Toronto.
