WHERE THE MONEY IS.

Money enough; where is it? asks the Buffalo Express. Probably the farmers can tell where some of it is. The report of the Agricultural Department at Washington, issued a few weeks ago, said the farmers had over six billions of dollars more in 1905 than ten years earlier. Further, they received millions more for their crops last year than for many years previously. It is said the farmers are able to establish banks, buy railroad and other stocks, and invest in various enterprises. Again, the thrifty working people have money laid by. A few years ago many of them gambled on margins and poured their hard cash into Wall street at the rate of millions a day. Now the gambling fever is subsided and the money is in savings banks. The few made money, the many lost. When the crash came in Wall street people began taking care of their own money instead of handing it to some bucket shop operator to invest (and lose). In Canada, according to Vice-President Stewart of the Sovereign Bank, the people have deposits in the post office, and other savings banks amounting to \$600,000,000. That is a tidy sum, drawing a low rate of interest, to be sure, but the money is safe. When the cash is wanted and good security is offered, it will be found. Naturally, Wall street is short of funds for speculative purposes, and that is where the squeal is coming from.

AN INNOVATION ON GRAND TRUNK RAILWAY

In order to facilitate the prompt delivery of baggage at Toronto, Montreal and Hamilton, and to avoid delay and annoyance often occasioned at these points, the General Baggage Department of the Grand Trunk Railway System are arranging for the checking of baggage from all stations in Canada direct to residences, hotels, railway stations and steamboat wharves in the above cities.

Under this arrangement a passenger from any station on the Grand Trunk Railway System, upon payment of 25 cents for each piece, will be able to check their baggage direct to any residence, hotel, etc., thus avoiding the necessity of making arrangements for delivery on arrival and insuring the prompt receipt of baggage at destination.

Under this system baggage when received from trains at destination will be immediately delivered direct to the Transfer Co. for PROMPT DELIVERY, thus avoiding delays previously occasioned by placing same in baggage room, recording, re-sorting, etc., thus saving time and unnecessary handling.

Further announcement will be made of date this service will be put into effect.

COD LIVER OIL.

It almost makes you sick to think of it, but it isn't nearly as bad as it is used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil.

ANNOUNCEMENTS.

At The Grand—
The Way of the Transgressor—Jan. 12.

Devil's Auction—Jan. 15.
(Supplied to The Planet by Press Agents).

"THE WAY OF THE TRANSGRESSOR"—TO-NIGHT.

The company engaged to play "The Way of the Transgressor" contains many names not usually found in the cast of a melo-drama. Victoria Walters, the very clever singing and dancing soprano, enacts the role of the leading lady, a leading juvenile actor of sterling quality, as Lieut. Ralph Osmond, the hero; Wm. F. Carroll, a character actor of the highest reputation, as Bob Adams, the detective; Geo. A. Holt, the noted impersonator of "character" players, plays George Redwood, the villain of the piece, while the balance of the cast, notably that of Zeke, the comedy negro, for which part that clever negro comedian, Billy Williams, has been engaged, is in the hands of James S. Kitta, Joseph D. Grey, Geo. W. Park, C. M. Golden, W. A. Peacock, Miss Marie Rainford and Miss Kate Carroll. In addition to this cast of clever artists, a number of up-to-date specialties are introduced, and include Lyons, the celebrated comedy juggler, Billie Williams and Victoria Walters.

The splendid Landseer dogs, which were educated and developed by William T. Stephens are also with this company and they will play the part of great importance in the piece. They are one of the most interesting features and must be seen to be appreciated.

"The Way of the Transgressor" is an intensely interesting piece, with many beautiful scenic effects and startling mechanical changes and contrivances.

CHAS. H. YALE'S "EVERLASTING DEVIL'S AUCTION."

New and bright scenery, handsome costumes, magnificent scenic effects, and a cast capable of properly presenting the different parts to which they are assigned, are some of the reasons why C. H. Yale's "Everlasting Devil's Auction," which will be the attraction at Grand Opera House on Monday, Jan. 15, has always been a favorite among theatre-goers. One of the most prominent features of this production, and, by the way, a feature that is not now presented by any other spectacular organization, is the Transformation Scene.

The new Transformation is entitled "Amor" (Love), and is claimed to be one of the handsomest, if not the handsomest, mise-en-scene ever presented.

The "Everlasting Devil's Auction" is one of those shows whose proprietors do not permit it to run down. The principal excellence of the "Devil's Auction" is maintained. The public expect this of the management, as has been shown in past years by the immense audiences that have witnessed it, and the management, it is said, will prove itself worthy of the confidence placed in it by the public by making this, the twenty-fourth edition of the "Devil's Auction," the most entertaining of any previous one.

The fellow who says he is willing to take his medicine like a man really wishes it sugar-coated.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been suffering for many years from rheumatism," says W. H. Howard, of Husband, Pennsylvania. "At times she was unable to move at all, while at other times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

An Indian Rain Maker.

A rain maker in India has an apparatus consisting of a rocket capable of rising to the height of a mile, containing a reservoir of ether. In its descent it opens a parachute, which causes it to come down slowly. The ether is thrown out in fine spray, and its absorption of heat is said to lower the temperature about it sufficiently to condense the vapor and produce a limited shower.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Pure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy, and life becomes a daily happiness.

Free—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expense of mailing and customs. Send 31 one-cent stamps for paper cover, or 50 stamps for cloth, to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y.
