ST. PIERRE MURDER
Trial Nearing End

Edmundston, N. B., March 15.—On the resumption of the trial of Wm. St. Pierre this morning, counsel for the defence wished to offer in evidence conversation of the accused and his brother Francis, but it was ruled out. Louis Michel was next called by the defence. He said he resided in Edmundston all his life. On the day on which the body was found he went in front of the garage where the body was placed. There was a crowd of people there. He saw two strangers leaving the other garage. They did not stop but kept on going. They went along Canada street pretty fast. He had seen them before; took notice of them on account of their automobile.

Madame Julie St. Pierre, mother of the accused, was next called by the defence. She said she has been married 35 years and was the mother of eleven children. Seven sons were alive. Six were living with her on last October. She knew of the dance given on October 11. She went to bed about nine o'clock that night. The accused was not in the house at that time. She did not see him afterwards. She heard the kitchen door open and asked "Is that you Sean?" We call him Sean. He answered yes. She had been in bed a short time. She saw him in the kitchen. He entered the kitchen and went upstairs.

Yesterday afternoon's witnesses. Edmundston, N. B., March 14.—The trial of William St. Pierre, charged with the murder of Marie Stevens on the night of October 11, here, continues in the Circuit Court.

It was a slow day in court. There was nothing sensational in the way of developments.

Only three witnesses were called to the stand today. They were called by the defence, two for the purpose of establishing an alibi which has been set up, and the third to stir up some mysterious cloud around two strangers who were in the city the night of the murder and left the next day after the body was discovered. The direct testimony was brief, but several hours were consumed by the Attorney General in his cross-examination of the three witnesses.

Probably the most remarkable piece of testimony of the day was that given by Hood Hay, brother-in-law of the accused, in fixing the time that goes a long way to sustaining the contention of the defence that St. Pierre could not have been at the scene of the murder at the time claimed. Hay, who is an employee in the C. N. R. office here, said he lived in the house with the accused and was married to the sister of St. Pierre. He well remembered, he said, that on October 11, when the tragedy occurred, he said he and his wife occupied two rooms on the ground floor of the St. Pierre house.

His wife was sick that evening and he was in the bedroom sitting up by her side. He heard somebody come into the kitchen. He heard St. Pierre's mother, who was in her room upstairs, speak and she was answered by a voice which he testified he was that of the accused. He testified he was in the bedroom at the time taking the pulse of his wife, who had a very high fever. He said he was in the bedroom and was counting the pulse. Just after proceedings to count the pulse the accused entered the kitchen. The witness said he saw the accused, who was wearing a white shirt, was showing 5.23 or 5.24.

On cross-examination by the Attorney General, he was carried over a very rough and hard course. In reply to the Attorney General witness said there was no lamp in the room, but by the aid of the "other energy," he was able to note the figure on the watch dial. He said the only persons in the house at the time were his wife and the accused, his mother and himself.

The mysterious strangers were summoned into the case today when Mr. Gillespie, who conducted the Royal Canadian Mounted Police, was brought to the witness stand. He told of meeting two men in an automobile on the morning of October 11. Later in the day he met the same two at Fournier's garage in this town and, in consequence of some conversation, he had taken them to his hotel, where they were assigned to room No. 8. He said when he handed the pen to one of them, he said the register he had taken did not return to the hotel until about 11 o'clock.

He said the men remained in town the next day until after the body was taken from the river, when they paid their bill and left.

On Wednesday, the day following the finding of the body, he was called to room No. 8 by the chambermaid and shown blood spots on one of the sheets on the bed occupied by the strangers.

When he arrived at the house, he had forgotten what he wanted to say, and after looking at Grace's father he forgot what he wanted to say.

Then Melville felt blue and went in search of adventure. He found it in the shape of a nice bump on his head, caused by violent contact with an empty bottle in the hands of an angry gangster. Then Melville decided life was too strenuous, anyway, and he would put an end to his share of it. When he found all his friends not only ready but eager to help him,

and the staging of the production of the unusually pretentious style—that one has become accustomed to in productions from the Selznick studios.

"The Poor Sin" will be presented at the Gaiety Theatre on Wednesday and Thursday, March 16th and 17th, included in the same programme, Harold Lloyd, the famous comedian, will appear in his latest big comedy sensation, "Get Out and Get Under."

Two Amendments Criticizing Government Voted Down in Manitoba Legislature

[Canadian Press by Leased Wire.]

Winnipeg, Man., March 15.—The Manitoba Legislature last night practically passed a vote of confidence in the Norris government when two amendments—Haig and Bernier—to the Reply to the Speech from the Throne were rejected by large majorities.

J. T. Haig's (Conservative leader, Winnipeg) amendment expressing regret that no mention had been made in the Speech from the Throne of any intention by the government to reduce the municipal levy, was defeated 25 to 10.

J. Bernier's (St. Boniface) amendment to Mr. Haig's amendment, was also defeated 25 to 10.

This amendment was to the effect that no vote should be taken on the Reply until the Provincial Treasurer had told the House definitely how he proposed to raise revenue for running the affairs of the province.

Trapped Hotel Waiter.
New York, March 15.—Prohibition officers passed themselves off as thirsty Yale university students at the Commodore Hotel last night and effected the arrest of the head waiter and his assistant for alleged violation of the Volstead Act.

"Pussyfoot" and the Militia.
Toronto, March 15.—According to an Ottawa despatch to the Toronto Globe, Hon. Hugh Guthrie, Minister of Militia and Defence, has overruled the refusal of Lieut. Col. S. C. Robinson, militia commander at Windsor, Ont., to permit the use of the Armories in that city for a lecture by "Pussyfoot" Johnson, under the auspices of the Dominion Prohibition Alliance, in connection with the referendum in Ontario on April 18, respecting the importation of liquor.

The Minister of Militia has wired the commander at Windsor to grant permission for the use of the Armories on the usual terms, which means a small fee and provision for fire protection, "providing that the building is not required for military purposes."

The action of Lieut. Col. Robinson was brought to the attention of the Minister of Militia by the Dominion Alliance authorities.

REASON FOR FRENCH MANDATE IN SYRIA

The United States Declined the Mandate and Britain Unwilling to Assume It

[Associated Press by Leased Wire.]

London, March 15.—Discussing questions relating to the Arab interests in Palestine and Syria, Lord Curzon, asked in the House of Lords yesterday whether it was a violation of Article 22 of the League of Nations that the United States had declined the mandate for Syria and Palestine.

The Foreign Secretary, replying, said the report of the commission had never been communicated to the British Government. It was quite conceivable that it had placed the United States first as mandatory, Britain second and France third, but as the United States had declined the mandate and Britain was unwilling to assume an added responsibility, there was no alternative but France.
