CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and assimilable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrophula, Anemia, General Debility, and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet is truly marvellous.

See What Physicians and the People Say About It.

Messrs. SCOTT & BOWNE: 66 West Thirty-six Street, New York, September 2, 1878.

GENTLEMEN,—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrophulous and consumptive cases, palatable and efficacious.

Messrs. SCOTT & BOWNE:—Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach, which renders it a very reliable agent as a nutritive remedy in consumptive and scrophulous cases.

Messrs. SCOTT & BOWNE:—Gentlemen,—Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice in afflictions of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.

Messrs. SCOTT & BOWNE:—Gentlemen,—In September, 1877, my health began to fail and my physician pronounced it a fatal case; under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In
