To Adopt the Unit System Reported

It is reported that the Government proposes to adopt the unit system in

the administration of the national railways, which will be an important change in line with recommendations made by various Boards of Trade in the Maritime Provinces who fear that the plan of having the head offices at Toronto would lead to a neglect of the interests of the Eastern Provinces. It is not officially confirmed, but it is stated that in the event of the unit system being adopted, the following are among the changes probable: General Superintendent L. S. Brown would become General Manager of the Atlantic or Eastern District; W. A. Kingsland, at present Assistant General Manager Eastern lines, would be made general manager Central District, and F. P. Brady at present General Manager Eastern lines, would become General Manager Western District. Mr. Brown would thus have his headquarters at Moncton and have absolute jurisdiction over all lines and questions arising within his territory which would likely extend from Montreal eastward.

If these views are carried out with a co-ordinating central head, there is little doubt the changes would do much to allay the feeling of dissatisfaction in railway matters at present existing in the Maritime Provinces.

Medical Men Suggest Amendments to Prohibition Law

St. John, N. B., July 16.—At the final session of the New Brunswick Medical Society held this afternoon the committee appointed to bring a report on the suggested amendments to the Prohibition Act submitted a resolution in which they put themselves on record as affirming:

That alcohol is a necessary drug and should be under no more restrictions than any other drug, that the prices now charged for alcohol are excessive and the Government be asked to control the price. The alcohol, and alcoholic stimulants now obtainable is, in many cases impure, adulterated and not up to the drug standard. The Government is responsible for the quality of alcohol and should put these sections of the act in force.

One section of the Act states that only one sale a day may be made to one person. We advise, stated the doctors, that this part of the section be eliminated as it is often necessary to prescribe more than one form of alcohol in a day. It is admitted that occasionally provisions of the Act are violated by physicians, and this violation is much deprecated. The authorities are requested to report violations to the medical council for their action. We feel, however, that physicians are only responsible for an infinitesimal part of the drunkenness that exists and would ask the Government to take steps to control the sale of proprietary medicines and alcohol extracts. We believe that special prescription blanks required for alcohol are inconvenient and unnecessary. We protest against their use. The word "visit" used in the Act should mean either office or house call.

The Cause of Backache

Only in Rare Cases Does Backache Mean Kidney Trouble

Every muscle in the body needs constantly a supply of rich red blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little rest. When the blood is thin they lack nourishment, and the result is a sensation of pain in those muscles. Some people think pain in the back means kidney trouble, but the best medical authorities agree that backache seldom or never has anything to do with the kidneys. Organic kidney disease may have progressed to a critical point without developing a pain in the back. This being the case, pain in the back should always lead the sufferer to look to the condition of his blood. It will be found in most cases that the use of Dr. Williams' Pink Pills to build up the blood will stop the sensation of pain in the ill-nourished muscles of the back. How much better it is to try Dr. Williams' Pink Pills for the blood than to give way to unreasonable alarm about your kidneys. If you suspect your kidneys, any doctor can make tests in ten minutes that will set your fears at rest, or tell you the worst. But in any event to be perfectly healthy you must keep the blood in good condition, and for this purpose no other medicine can equal Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
