A by election for the British House of Commons, was held for Padesy District, Yorkshire West Riding, to fill the vacancy caused by the resignation of Whitley Liberal. The Unionist candidate was elected by a majority of 113. At the general election the Liberal majority was 3,602. The result is regarded as a great tariff reform victory.

Winnipeg advises of the 22nd say: Advices from the West are becoming much more optimistic in tone. Every one is agreed as to the successful harvest this year, and the enormous demand for farm laborers. Provincial Immigration Agent Burke says: 24,000 men and 5,000 women will be required to help in the harvest fields of Manitoba alone. He has situations now for 5,000 women. He is able to place men faster than he gets them.

The remains of the little two year old daughter of Mr. Archibald Gillis of St. Peter's Harbor, who wandered away from home in October last, was found on last Friday week, on the shore on the north side of the Bay, nearly opposite the home. It will be remembered that the child had wandered away from home and that diligent search had been kept up for a long time without avail. The little body was somewhat mutilated, doubtless by the fish.

On Friday morning, his Lordship, Bishop McDonald, accompanied by very Rev. Mgr. Phean of Iona, Rev. Dr. Curran of St. Dunstan's College and Rev. Dr. F. X. Morrison, of California left for Quebec to attend the ceremonies in connection with the moving of the monument to Mgr. Laval, first Bishop of Quebec. The celebration is on the 25th anniversary of Bishop Laval's consecration. This is also the 20th anniversary of his death.

The Triduum in honor of the Blessed Sacrament, was held in St. Dunstan's Cathedral on the evening of Friday Saturday and Sunday last. Appropriate sermons were preached on the evenings named, by Rev. M. J. Smith, Rev. Dr. McLellan and Rev. Dr. A. B. McDonald in the order named. The devotions on each evening concluded with Benediction of the Blessed Sacrament. On Sunday evening, the closing day of the Triduum, a Te Deum was sung immediately before Benediction.

The United States National Republican convention (Chicago last week) closed its labors on Friday. William H. Taft, of Ohio, Secretary for War in Roosevelt's Cabinet was unanimously nominated as the Republican Presidential candidate in the election to be held in November next, and congressmen James S. Sherman of New York was nominated for Vice President. Taft and Sherman ought to be a strong team. The Democratic convention will be held in Denver, before very long.

We direct special attention to the advertisement of the mammoth tea party at Hunter River Station, on Saturday, July 4th. The time, place and cause, should be sufficient to attract an immense gathering. The scenery around Hunter River is beautiful beyond question, and the situation is the most convenient for train, east and west. It is also a centre where many carriage roads meet. All these conveniences and attractions, the splendid tables prepared by the good ladies of St. Ann's, and the amusements and other attractions provided by those in charge of the arrangements should all combine to bring together there on July 4th a very large assemblage.

A very sad fatal accident occurred at the residence of Mrs. John B. Hughes, St. Patrick's Road, on Monday evening. Recently, two grand children of Mrs. Hughes, both boys aged three and four years respectively, came from St. John's with their mother, were sent in care of the officers of the Plant Line Steamer A. W. Perry, and were on board that steamer when she was wrecked a few weeks ago. They had reached their destination all right and had been living there. On Monday evening the room Mrs. Hughes and other members of the family were out of the house engaged for the time, some washing wool. Only the little three year old boy was in the house. There was fire in the kitchen stove, but no harm was suspected. But when those at work returned home they were horrified to find that fire had broken out, that the kitchen was almost destroyed, and that the child was burned to death. The house and all its contents were destroyed, no insurance.

The second trial of Alois D. Herby for the murder of Joseph D. McMillan, which had been going on at Summerside during last week, was concluded on Friday. The evidence was practically the same as in the preliminary examination and first trial. The defence was insanity at the time the crime was committed. A number of doctors were examined, some for the crown and some for the defence. Judge Fitzgerald, who tried the case both times, asked each of the doctors if they could say the prisoner was insane now or at any time, and the answers were that they could not. After Mr. McQuarry for the prisoner, and the Attorney-General for the Crown, had addressed the jury, The Judge charged the jury, strongly emphasizing the strong evidence against the prisoner, directed them as to the value of the evidence pro and con, and plainly expounding the law bearing on the case. The Judge concluded his charge at 12:30 p. m., and at 3:30 the jury came down and reported a disagreement, and were sent back. The foreman asked the Judge if a verdict of not guilty on account of insanity should be found, would it mean imprisonment for life in some institution. The Judge replied that neither he or the jury had anything to do with that question. Half an hour later the jury brought down a verdict of "Not guilty on the ground of insanity at the time the deed was committed." The jury were discharged and the judge ordered the prisoner to be kept in custody during the pleasure of the Lieutenant Governor.

Miss Tweedie, daughter of the Lieut. Governor of New Brunswick, eloped with her father's coachman, David McEwen, a week or two ago. They were married and went to Montreal, and thence took passage for Liverpool on the Alton turbine Victoria. Mr. McEwen is a young Scotsman and has evidently returned to his native country with his eighteen year old bride.

The Empress of Ireland arrived at Quebec on Friday at noon, clipping three hours off the Canadian trans-Atlantic record via Cape Race. The passage from Liverpool to Quebec was made in 6 days and 13 hours. On the outward trip she will go via the Straits of Belle Isle, and it is thought she may improve on the record of 5 days, 23 hours and 40 minutes.

A quarter of a million dollars in gold was stacked up in bars and bricks of various sizes at the local branch of the Government assay office on Hastings Street, Vancouver, Friday morning. It represented the first large shipment of the year from the Klondike brought down by the steamer City of Seattle Thursday by the owners, who have recently made the spring clean-up in the North.

In sight of a hundred people at Ottawa, Saturday night, and in a canal not fifty feet wide, George Barbeau, aged 23, was drowned. He had been at the Lacrosse game in Cornwall when he got off the train at the Central Depot. He turned the wrong way and walked straight across the railway tracks and into the Rideau Canal. Efforts to reach him were futile, and the body was not recovered for an hour.

Intelligence of yesterday's date from Montreal says that the city of Three Rivers, Quebec, was swept by fire Monday night. Over three hundred buildings were burned, with a loss of over \$2,000,000. A thousand people were rendered homeless. The old parish Catholic church, originally built in 1684, and rebuilt in 1714 was destroyed, only the walls left standing. Five banks and eleven hotels were burned to the ground. The Post Office, Telegraph and Telephone and Express offices were wiped out. Eleven business streets are practically wiped out.

An educated blind person is a rule self-reliant, self-supporting and an inspiration to those with whom he comes in contact. An uneducated blind person is a burden to himself and to his friends. Education is free to every blind boy and girl in the Maritime Provinces and Newfoundland; but this fact is not always known to the parents of such children. Our public-spirited citizens, boys and girls as well as grown-ups, to help forward the work of the School for the Blind at Halifax can best do so by sending to the Superintendent the names, ages and addresses of all blind persons under twenty-one years of age. Address to C. F. Fraser, Superintendent School for the Blind, Halifax, N. S.—June 24—tf

A bad fire took place in this city on Thursday evening last, by which the grocery store of Jenkins & Son, and the tailoring establishment of McLellan Bros. were badly damaged. The blaze was noticed by some employees of McLellan Bros. shortly after six o'clock. It seemed to be about the partition separating Jenkins' store room from McLellan Bros. workshop on the third floor of the wooden building at the north-west corner of Queen and Grafton Streets. There was no one in Jenkins' store—it was closed. Mr. Sirrus McLellan went to the police station and gave the alarm. The firemen were soon on the spot and in a short time seven streams of water were directed on the burning building. Considerable goods were taken out of both establishments and saved; but a great amount of damage was done by fire and water. The total loss will probably reach seven or eight thousand dollars, and both had a fair share of insurance on their stocks. The adjutant has come here and on Monday he will make a settlement. Apart from loss or damage, the demoralization of the trade is a serious handicap.
