Lightning's FREAKS.—On last Friday evening a slight thunder storm passed over here, but one flash of lightning was instantly followed by a clap of thunder.

The electric fluid seemed to strike the telegraph wire in front of Alex. Taylor's place, and furrowed pieces out of five consecutive telegraph posts in its descent to the ground.

It seemed to have left the upper wire, and gouged out a piece about two feet long on the west side of four posts, then jumped to the next wire, and darted directly below the insulators of second wire in front of post 17.

It then ran down the post to the bottom, and tearing out pieces from about 1/2 inch wide to four or five inches at bottom, about one to one and half inches deep, and split and broke it up pretty badly.

Some pieces were as fine as matches. The fluid followed the grain of the wood all the way down some posts and twisted grains to the grooves quite a spiral, and on the inside, just in the middle, is a fine groove cut so that one can lay in a small knitting needle.

One post has the upper piece only cut out, and that on the east side. It seemed to have followed the second wire in Goderich township, where he has ever since resided.

Here, by years of diligent industry, he made himself a comfortable home, built the old stone house which is one of the land-marks on the Huron road, and was able and willing to extend a helping hand to many who came in contact with him.

To him and to the wife whom he survived 11 years, were given a large family of sons and daughters, among whom we may mention Mrs. Kernighan, of Coburn township, Mrs. Johnston, of Goderich, Mrs. Proctor, of Sarnia, Thos. Sturdy, now we believe chief of police in Emerson, and two other sons, Samuel and Hugh, who continue to represent the family on the old place.

Mr. Sturdy was highly respected as a straightforward, upright, downright man, a warm friend, and a kind neighbor, an attached and a steadfast adherent of the Church of England, he was most faithful in attendance on her services.

He was very tall, even in the days of failing powers and great debility. His iron-like constitution long repelled the encroachments of age.

Until last year he never had a day's illness. But of late weakness of the heart accompanied by dropsical symptoms oppressed him, and after a week of acute suffering he passed away on the 30th ult., and after appropriate religious services at the house, was interred in Goderich cemetery, whither a very large concourse of relatives, friends and neighbors accompanied his remains.

Ross McKenzie, the well-known member of the Toronto Lacrosse club, has become huffed at newspaper criticism of his play, and has publicly announced his intention to retire from active lacrosse playing.

EPPE'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the material and the operations of digestion and nutrition, and by a careful application of the properties of well-selected Cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavoured beverage which makes it a healthy and a doctor's article.

It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are arising every day from the want of a regular supply of pure blood and a properly nourished frame.

"Gill's" Cocoa is made simply with boiling water or milk. Sold only in packets and tins (4lb. and 1lb.) by Grocers, labelled—JAMES EPPE & CO., Homoeopathic Chemists, London E.C.
