The Eastern Trust Company.

A few reasons why an estate can be better administered by the Eastern Trust Company than by a personal executor or administrator: 1. The Company affords the estate absolute security; it has a paid-up capital of \$981,000.00, and a reserve fund of \$229,300.00. 2. It has a long experience in the work of administering estates; it is incorporated for this business of acting as a trustee, and, unlike many other trust companies, it does no other. 3. Its existence is perpetual. Your estate, in the event of the death of a personal executor or administrator, must look around for a substitute, and the work of administration is impeded during that time, and the new executor is unfamiliar with the policy of his predecessor, and confusion results. This company's existence is perpetual, and there is a continuity of policy in its administration that the death of its officers does not break. 4. It possesses the confidence of governments, universities and prominent charities and administers their funds. 5. A number of other advantages which will appear in due course.
