The week just closed has been quiet and steady on the local market. The speculative wheat market was a scene of wild excitement for a day or so, caused by war news and frost re-

At today's session quiet prevails, and prices have settled back to about where they started. None of the other cereals were affected by the opera-tions in wheat. The price paid here Oats ruled a little higher, selling

mostly at 55c to 60c for ordinary to good quality; very light lots sold Peas sold at 60c to 70c, according to quality; the demand was good. Corn was quite firm, at 60c per 100

lbs for good dry stock; very little came in and the demand was good. No barley except lots for seed offered; general sales were made at 600 to 65c per 100 lbs. Rye and buckwheat were scarce, with little demand.

Very few beans offered; 25c to 40c per bushel was the price.
Eggs came in freely and sold steady at 7c to 10c per dozen. Butter was firm, at 10c to 16c.

Chickens were scarce, at 50c to 70 per pair.

Very few turkeys or ducks offered. Beef was steady, at 3½c to 5c. Veal was in good demand, at 3c to be by the carcass.

Hides were steady and unchanged.

8.000 Wheat .. FLURRY IN WHEAT.

New York, April 20.-There was anas yesterday. Because of a disappointng set of foreign advices and a smaller decline in consols than expected there was a big lot of wheat for sale at the opening. Prices at once crum-bled away, and first sales were made on the basis of 79½c to 79½c for May, against 81¾c last night at the close. The selling came from both foreign and local sources, but soon exhausted itself, and prices rallied to 801/4c for May. The rise was attended by fair buying on short account, but not much for investment. The Liverpool advance since last Thursday was only 41/4c a bushel, against nearly 6c here

WAR AND WHEAT. New York, April 21.-Wheat opened with little excitement this morning, and no especial feature beyond 1c ad vance in prices, following a sharp rise of 2d to 3d in Liverpool cables. The latter was puzzling to the trade, in view of higher consols, and was at-tributed partly to bad European crop ews. May wheat in this market opened at 814c, and later sold up to 81%c prevailing sentiment was bullish War news was somewhat sensational, and other market influences have be-gun to attract the attention of specu-

Calves—Fresh arrivats, 15 head; 112 head on sale; quiet and steady; veals quotable at \$4 to \$4 \$45; city dressed veals, 6c to 84c per lb.

Sheep and Lambs—Receipts, 268 head; 6 cars on sale; sellers holding firmer than buyers' offer, and no business was transacted: unshorn sheep quotable at \$4 to \$5 25: dressed mutton, 7c to 9c; dressed lambs, 84c to 104c. Hogs—Receipts, 3,344 head; 27 head on sale; steady, at \$4 25 to \$4 55.

MONTREAL. Montreal, April 19 .- At the East End tattle market this morning the offer-ngs of live stock were 150 cattle, 15 sheep, 25 spring lambs, and 50 calves. The attendance of buyers was very small, and until the bulk of their present stock of beef is worked off—which will take at least the balance of thi week to do—little activity is looked for in the cattle trade. On the whole the market was very tame, though prices were maintained, and only for some buying on the part of one of our leading exporters very few, if any, cattle, would have changed hands. Sales of heifers and steers for export were made at 4e to 4½e, but 5c would have been paid for really choice stock, which was scarce. Choice cows sold at 3½c, and bulls at 3c to 3½c. A few good butchers' cattle sold at 4c to 4½c, and lower grades at 2½c to 3¼c per pound. The demand for small meats was exceedingly slow, in fact, holders of sheep found it impossible to effect sales, consequently it is difficult to quote prices. Spring lambs sold at \$2 \$5 each, and calves at \$1 to \$7 each, as to size and quality.

At the Point St. Charles stock yards trade in cattle was at a standstill; offerings extremely light. A few small

ots of hogs were on the market, which sold at 51/4c to 51/2c per pound. CHICAGO. Chicago, Ill., April 20.—Cattle—Native beef, \$3 05 to \$4 for poorest dressed beef, up to \$5 to \$5 25 for best; fat cows and heifers, \$3 50 to \$4 50; extra export bulls, \$4 to \$4 10. Hogs—\$3 70 to \$4 20; rough to good packing lots, \$3 70 to \$3 95; pigs, \$3 75

Sheep—Inferior to common, \$3 to \$4; choice to prime, \$5 to \$5 25; lambs, \$3 65 to \$5 90. Receipts-Cattle, 2,000; hogs, 19,000;

EAST BUFFALO. East Buffalo, N. Y., April 20 .- Cattle There were no fresh arrivals of sale ck, all the receipts being through; the market is regarded as being steady with the former prices of the week, and the outlook fair for desirable handy and good fat stock.

Veals steady, at \$3 50 to \$4 50; choice

to extra. \$4 75 70 cars; the market vas very dull and slow, and prices ruled c lower; good to choice Yorkers, \$4 25; mixed packers' grades, \$4 25; weights, \$4 25; heavy hogs, \$4 25; medium \$3 to \$3 85.

Sheep and Lambs-The supply was exceedingly light, only about a deck of fresh sale stock coming in, but about seven cars held over from yesterday's trade. The market was slow, and trad-ing very limited, the prices asked here being generally considered too high as compared with those at eastern markets from the sellers' standpoint; skets from the sellers' standpoint; native lambs, choice to prime, \$6 10 to \$6 25; common to good do, \$4 75 to \$5 50; culls to common lambs, \$3 50 to \$4 60; fair to extra choice clipped, \$4 50 to \$5 30; fair to choice mixed sheep, \$4 10 to \$4 90; culls and common sheep, \$2 to \$7 75; every cheep. \$3 to \$3 75; export sheep, \$4 65 to \$4 90.

TORONTO. Toronto, April 20 .- Receipts at the oronto live stock market today were only 45 carloads, and the markets were cleared off early; prices in all lines held firm; there were better reports from Montreal, and the buying for there was steady, about 8 carloads being taken; Buffalo buyers were present in numbers, and quite a few butchers' cattle and stockers were taken hers' cattle and stockers were taker to go across the line; the offerings at the yards here included 1,800 hogs, 100 neep and yearlings, about two dozen spring lambs, 15 milch cows and 26 alves. Total receipts for last week a the two yards were: Cattle, 1,115; sheep and lambs, 588; hogs, 3,028; weight fees, \$6,050. Everything sold

the quality was generally better; nothing was so poor as to sell for as low as 214c per lb, the lowest figure reached being in the vicinity of 2½c per lb; the market was decidedly firmer, al-though perhaps not a quote higher; sales were made quick; for choice to fancy cattle the prices paid ruled from 3½c to 3¾c per lb, some packed cattle reaching 4c per lb; medium cattle sold readily at from 2%c to 3c per lb, and

good butchers' cattle brought 34c per Bulls-Common and stock bulls are lull; prices rule from 3c to 31/4c per lb. Stockers—Steady and practically unchanged; quotations range from 2%c to 3c per lb, for Buffalo stockers. Feeders—About a dozen head chang-ed hands for the distillery byres, at 31/4c to 33/4c per lb; not many are

Sheep-Fair trade; light offerings; figures rule from 3½c to 3½c per 1b; choice sheep are in demand.

Yearlings—Firm; all in sold easily; choice grain-fed yearlings are most in equest at from 5c to 5%c per lb. Spring Lambs-Not very many offered, and more could have been sold: they are quoted at from \$2 50 to \$4 per head; they will sell readily at these prices.

Calves-Rather slow sale; really hoice veals sell well enough, but anything else is quiet; prices rule from \$3 to \$5 50 mostly, \$6 being paid sometimes for choice veals. Milch Cows and Springers-Offerings light and market firm; choice newlycalved cows and well forward spring ers are in demand at from \$30 to \$35

each; common to medium cows sell at

from \$20 to \$25 each. Hogs-Steady; choice selections of bacon hogs were soon disposed of at 5c per lb, weighed off the cars; thick fat hogs were slightly firmer, at 4½c to 4¾c per lb; sows bring 3c to 3¼c per lb; stags, 2c; all kinds except stores are wanted.

OLD COUNTRY PRICES. London, April 19.-The market was a holiday character, and owing to the limited demand a decided weak feeling prevailed and prices for cattle declined ½c to 1c per lb, as compared with this day week; best States sold at 11½c, and Argentines at 10½c. Prices for sheep also show a decline of ½c per lb, choice selling at 12c.

A private cable received from London quoted choice States cettle of ion quoted choice States cattle at

A private cable received from Liverpol quoted refrigerated beef, hinds, 12c; sides at 10c, and fores at 8c. Messrs. John Olde & Son, live stock alesmen, of London, England, write W. H. Beamen, live stock agent, Board of Trade, under date of April 9, as follows: At today's Deptford market there were no cattle from the United States; the 528 beasts offered for sale were all South Americans, and met a fair demand at 5½d to 5¾d; exceptional, 5½d. The supply of sheep amounted to 385 head, and were also all from South America. A fair ready sale was experienced for these at 64d

## A DANGEROUS SEASON

Nature Requires Aid in Throwing Off the Poisons of Winter.

Close Confinement Leaves Old and Young Weak, Nervous and Often Despondent-Dr. Williams' Pills the Only Reliable.

At this season of the year young and old feel the need of some assist-ance from the medical world to help nature in her work of renewing and rebuilding the system after the trying months of winter. Teachers and students especially feel the effects of long months of mental toil that have been rendered more dangerous to health by hours of study in close, ill ventilated rooms, and exposure to cold and storm, and chills from wet and bedraggled skirts. The following letter from a well-known lady teacher in the west tells how she made use of one of the most wonderful medical discoveries of the age, with happy results:

"Every spring for the last eight years I have suffered from attacks of what the doctors called nervous pros-tration. The attacks were generally heralded by nervous headaches which lasted for three or four days, causing untold agony, palpitation and pain at the heart, loss of appetite and a gen-eral feeling that life was not worth living. Only those who have suffered in this way can imagine what I en-dured or how great has been my joy wondrous medicine, which doctors acknowledge to be a good tonic and of great benefit to weak people, was brought to my attention by a niece, who had herself been cured of a dan gerous malady by this remedy. She had become weak and unable to con tinue her studies, her blood turned to water and her face lost every frace of its once fresh, healthy color, and a general 'breaking up' of her system caused her friends to fear that she was in the first stages of consumption. She became tired of hearing thoughtless people tell her how pale she looked, and, seeing an advertisement of Dr Williams' Pink Pills for Pale People she bought some in the hope that they might restore a little color to her cheeks. She was surprised and de-lighted to find that after using them for a few weeks her face regained its bright healthy color and her strength and vitality also returned, and today she is perfectly strong and healthy.
Knowing how I had suffered she dreadful headaches and other dis tressing symptoms have entirely disappeared, and I feel years younger than I did a year ago, and my friends say I look ten years younger. I feel so happy that I can perform my duties with zeal and pleasure, that I the war wish to recommend Dr. Williams' Pink siderable. Pills to all teachers and students who wish to escape what I have suffered.

"Gratefully yours,
"H. S. KER."
Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imiearly, with prices firm all round, and tations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Wilon the regular board there was a grand rush to sell, and the preliminary slump on the curb was far outdone. Capture of Damasi Changes the Situation.

The Sultan's Troops May Find Themselves in a Trap.

Strategic value of Prevesa Which the Greeks Appear Likely to Capture.

The Fortunes of War So Far Pretty Evenly Divided.

Athens, April 21 .- The news of the capture of Damasi puts a new complexion upon the situation on the frontier, is a great encouragement to the Government, and is likely to have the most exhilarating effect upon the spirits of the Greeks, who had been greatly depressed by the reverses of their troops at Milouna Pass. This success and the fact that the fall of Prevesa seems imminent virtually offsets the calamity at Milouna. If the Greek divisions effect a union at Damasi, as is expected, there is almost nothing in the way of their prompt advance to Elassona.

BETWEEN TWO FIRES. If Tyrnavo falls into the hands of Edhem Pasha and the Turkish troops sweep down upon the plain and advance to Larissa to meet the force oncentrated there under the Crown Prince, they will be between two grand divisions of the Greek army. This seems to have been the object of the Greek strategy. Should the Greeks succeed in reducing the forts at Prevesa, as now seems probable, and ccupying the town with the large land force co-operating with the bombard ing warships, the road to Janina would open and the Turkish troops Epirus placed at the most serious dis-

STRATEGIC VALUE OF PREVESA. The strategic value of Prevesa to the Turkish division in ... bania is that as long as it remains in the hands of the Turks it makes possible a steady line of munitions and food supplies. With Prevesa in the hands of the Greeks the line would be promptly cut, and it would be practically impossible to re-victual the Turkish troops by the long land route through Macedonia. On the other hand, the Greek troops could be revictualed by the sea.

It is stated here in well-informed

circles that the eastern squadron of the creek fleet will shortly be rein-

An important movement is being planned, and will probably be directed against Salonica. If this is made with lispatch it is quite probable that the Greek ships could reach the gulf and shell the town of Salonica before the Aegean squadron of the Turkish fleet could intervene. The object of such Macedonian line of supplies to Edhem Pasha's camp at Elassona. Should the Greek troops advance from Damasi to Elassona the line of Turkish supplies could be cut at that point and ender the naval movement unneces sary. And it is possible that the bril liant success at Damasi will cause a nodification in the sea programme

Taking a general survey of the field this morning, the fortunes of war thus far are pretty evenly divided, but the chances for the immediate future are decidedly in favor of the Greeks.

GREEKS AGGRESSIVE. The report of the capture of Damasi by the Greeks under Gen. Smolentz is onfirmed by official dispatches. Official ispatches report also that further resumed this morning (Wednesday). which, it is said, has an important

LACKING ARTILLERY. London, April 21.—The latest details as to the fighting at Milouna Pass make it evident that the Greeks suffered se verely because of their lack of artil lery. Several of the war correspondents aver that if the Greeks had possessed anything like adequate artillery, the position in the Ontario Legislature, is Turks would never have captured the arranging for a stumping tour through The Turks have clearly much | months. to be thankful for in the years of organization of their artillery by German officers.

WARLIKE RUMORS. A dispatch to the Morning Post from Perry, Liberal, and Mr. E. Hacket, Con Constantinople says that the report that the Greek volunteers have cut the Salonica Railway near Kavala is not confirmed, but the Greeks have occupied Mitylene and Chios after a sharp engagement with the Turkish

troops. A telegram to the Times from St Petersburg says that Count Muravieff the Russian Foreign Minister, has dis-patched a circular note to the powers to find that I have learned of a means advising them to observe an expectant of escaping from all these horrors. This attitude in case either Turkey or Greece should require intervention. The correspondent understands that all the powers have agreed to continue to hold A dispatch to the Times from Cai says that the Turkish Government has called upon the Khedive to expel a Greeks from Egypt. As the number 50,000, and are the chief pr moters of commerce and trade, the removal is desired by none save the old Turkish party. It is probable that France will undertake to protect them and thus the expulsion will be avoided TURKISH MOVEMENTS.

London, April 21.—A dispatch received from Constantinople at the Turkish legation here last evening, announced that the village of Kriochora, in Greek territory, had been occupied by the Turks, and that the Turkish division commanded by Nechat Pasha, operat-ing against Tyrnavo and Larissa, has carried all the positions commanding the plain of Larissa. At Kriechora and at Badji the Turks captured man strongly advised me to try them. I did prisoners and quantities of arms and strongly advised me to try them, so, and instead of feeling 'worn out' as usual at this season, I feel feated in the Milouna Pass are reported to have fled in a westerly direction to towards Larissa.
