THE HORSES.

The show of horses attracted a great deal of attention. There were some fine animals on the grounds, including a few very nicely matched teams, but on the whole this department is not up to many of the adjoining counties and the number of thoroughbred animals was not large.

In matched carriage teams Mr. Thomas Skinner led with a very pretty span. J. D. Hedley stood next on the list, and Robert McMillan third. Mr. William Henry, of St. Marys, had a very pretty span of matched coadsters, which took the first prize in that class, A. & D. Dawson second, and R. Thompson third. In all these classes there were a good many entries and close competition.

The heavy draught horses made a good exhibit. McCullough & Bros. (St. Marys), R. G. Rateliff (Anderson), John Hooper & Sons, Geo. Spearin, B. C. Wilson, Chauncey Purdy, and others were successful exhibitors in this class.

THE CATTLE,

There was a large display of cattle and a number of both thoroughbreds and grades would have well held their own at almost any of our fairs. The Durhams were the most numerons. Among the successful raisers and exhibitors in this class may be mentioned: John Hooper & Son, Metropolitan; R. McCullough & Bro., St. Marys; H. Thompson, St. Marys. These are all mentioned as successful breeders. Howard Fraleigh, St. Marys, had a nice little hord of Jerseys. He was the only exhibitor in that class. William Sinkins, St. Marys, had a good show of Herefords. He is the best-known breeder in that class in the district. In Ayrshires, Thomas Ballantyne, St. Marys, is a large and successful breeder. He takes a number of prizes, Prizes were also offered in Holsteins, but none were on exhibition.

SHEEP.

The exhibit of sheep was large and excellent. There were 32 pens, and not an inferior animal among them. In Leicesters, T. Currelley & Son, Fullarton, are very successful exhibitors and prize-takers. A. Smith & Son, St. Marys, also made a good show in this class. In Lincolns, W. Oliver, Avondale, was the largest exhibitor, but E. Brock carried off one of the best prizes. In Southdowns, Mr. J. C. Honderson made a capital exhibit and had everything much his own way in the matter of prizes. In Oxfords, James Beattle, Woodham, and A. McDonald were successful exhibitors. In Shropshires, S. Doupe, Kirton, and H. A. Switzer, also of Kirton, gave excellent fexhibits. Several of these gentlemen have a very wide reputation as first-class sheep a

One drawback was the existence without any official interference such as there should be of a whole lot of fakirs and gamblers—wheel of fortune men, dice throwers, cheap jewolry fellows, and others of the fake class. It was not much to the credit of a large number of young men that they allowed such sharks so good an opportunity of plying their business with profit. Surely under our present criminal code the provisions for the suppression of the gambling practices ought to be put in motion at such places. The local authorities should see to that. Rev. W. Honderson, incumbent of the Eaglish Church here, denounced Sir John Thompsen on Sunday evening lest from the pulpit. It appears that his congregation were not up to the mark in the Harvest Home offerings, and he was dressing them down somewhat for their lack of interest in the church. He says: "I have figured up and you have given an average of 42 cents each for the church, while you pay 60 cents each to get to Tara to hear a pervert of the Methodist Church preach Popery." This coming from the lips of one whose loyalty to Conservation can be disputed by any one shows semething of the strong feeling in the Conservative ranks against the present Premier.—[Wiarton Echo.

At a meeting of the Paris Prosbytery, held on Wednesday at Woodstock, the Presbytery discussed and adopted the following resolution: "Inasmuch as by the action of the Ontario Legislature the electors of this Province will have, on the lat day of January next, an opportunity of expressing their mind on the prohibition of the liquor traffic, the Presbytery would, therefore, repeat the deliverance of the supreme court of the church that the general traffic in intexisating liquors is contrary to the Word of God and to the spirit of the Christian religion, and that it ought not to be legalized by the votes of a Christian people. The Presbytery expresses the earnest hope that our people will be found unanimously opposed to this great evil, and urges upon our ministers and other office-bearers to bring this important subject properly before the people." The following committees were struck: State of religion, Rev. Mr. Hatt; temperance, Rev. Mr. Straithe; Sabbath schools, Rev. Mr. Johnston; statistics, Rev. Mr. Hardy; Sabbath observance, Rsv.
