PHILADELPHIA TIED BROOKLYN

In the Fourth Game of the Match Series.

Irish Football Team Won Easily at Montreal—Turf Events and Other Sporting Matters.

BASEBALL

TIED.

Brooklyn, Oct. 21.—Philadelphia won the fourth game of the match series yesterday by better hitting. McJames was knocked out of the box in five innings, and was succeeded by Donovan, who held the Philadelphia down. It was cold, and the Brooklyn fielders raggedly. The series is now tied, and today's game will decide. R. H. E. Brooklyn 2, Philadelphia 2. McJames, Donovan and McGuire; Fraser and McFarland.

FOR THE FANS.

Beaumont, Williams, Barrett, Donlin, McFarland, of Philadelphia; Thomas and Frisbee, are the major league players of the vintage of 1899 who rank among the leading 30 batsmen of the league this season. Hughes and Orth had the greatest percentage of victories in the National League last season, 824. Hahn was third, and leads in strikeouts. Dunn leads in fielding, and Cy Young in control, having given but 42 bases on balls in 42 games. John T. Brush does not seem to be worrying over the new league, as he has not asked any of the Cincinnati stars to sign for next year. In Chicago the stars have refused to enter into an agreement with the club, preferring to hold off for the new league. Bo Needham, official scorer at Bennett Park the past season, went out to collect his salary from Manager Van Dusen yesterday. Van wasn't cashing checks that day, and his excuses didn't please Needham. The argument goes so warm that Van's white front was beautiful before it ended. Needham stated that he had placed his account in the hands of a lawyer, and will sue for \$300, at the rate of \$5 a game.

Sergt. Duncan McLean, of the Seventh, teller of the Bank of Montreal, and Ed Brown, of the Seventh, accountant of the Bank of Montreal, have volunteered for Transvaal service, and will be sent to the front in the morning at Wolsey Barracks. The Bank of Montreal gives them eight months' leave of absence with full pay.

Capt. Fred Gorman, of the 27th, St. Clair Borders, has enlisted in B Company.

Capt. J. M. Ross, of the 22nd Batt., and Lieut. R. M. Temple, of the 48th Highlanders, who have been assigned to B Company of the Canadian contingent as lieutenants, arrived in the city yesterday, and are assisting Capt.

Stuart in the organization of the company. Capt. J. M. Ross, of the 22nd Batt., who is first lieutenant of B Company, is expected today.

The examining surgeons say that a larger proportion of the men applying today are meeting the requirements. They are from outside battalions principally, and have already been examined by their local physicians.

The applicants for positions on the Canadian contingent came in a steady stream to Wolsey Barracks yesterday. The medical examiners were kept busily engaged from 9 o'clock in the morning until 6 in the evening. No time could be lost, for many men were waiting outside while one inside was being examined. Dr. Hugh Stevenson conducted the examination in the absence of Dr. Belton, who was sitting on a court-martial. No abatement was made in the severity of the tests, and men who were seemingly in perfect health, fine big fellows, were rejected because of some defect, of which in many cases they had themselves been ignorant. The men stood in batches outside the door, swishing their chests, while they waited their turn to go before the doctors. While outside the faces of the men were clouded with doubt; when they came out, accepted, they were radiant. Some could not contain their happiness, and shook hands all round in their delight at being chosen. No doubt may be entertained by intending volunteers as to the severity of the examination. Those who are not accepted are none but men in first-class physical condition, fulfilling every requirement, will be accepted. As soon as the men were pronounced fit by the doctor they were sworn in by Major Stuart, and commenced their drill in the courtyard.

Up to the present there have been 50 men enlisted. An officer at the barracks said yesterday that 60 more men would be needed, thus showing the supposition that the remaining 15 would be chosen from the permanent force. There have been 20 applications made from Wolsey Barracks, but they will not be assigned to companies until later. There are a number of outside battalions still to be heard from. Several officers and men have volunteered from the 25th St. Thomas Battalion, but have not come up for examination. As there are eleven infantry battalions outside of London, besides the First Hussars and the Field Battery, this would allow an average of eight men each. As it is a present the Seventh has already supplied 16 men.

As stated in The Advertiser yesterday, Major Little has insured the lives of the 16 local men, upon the 20 day life plan, making the policies payable to the men's relatives. The thoughtful generosity of the major will be appreciated by the public almost as much as by the men.

The ten Windsor men who were examined yesterday, that when they left Windsor they were given a great send-off by the people. While they were at the station the hands played, the whistles on the boats and at the factories were blown, and the crowd sang the national songs, and cheered and cheered again.

The men who are going to the Transvaal from Ottawa will get as good a send-off as the regiments in the city can give them. The surgeons will, it is thought, be as already announced—Surgeon-Majors Wilson and Osborne, and Surgeon-Lieut. Fiset. Two chaplains—one Protestant and one Roman Catholic—have been appointed.

ENROLLING GOES ON. The work of enrolling continued today at the various stations. At Hall's the list is nearly 100 strong, exclusive of Halifax officers. The New Brunswick company is now complete. When the medical examining officers engaged in the selection of the Toronto district company of the Transvaal contingent ceased work last evening, 73 men out of the 110 required had been examined and provisionally mustered. In the selecting officers have decided against men who are very tall, out of the number of successful applicants 30 are from the Queen's Own Rifles, 22 from the Tenth Royal Grenadiers, 8 from the Forty-eighth Highlanders, 7 from the Thirtieth Dufferin Rifles, 5 from the Thirtieth of Hamilton, and one is a civilian, making a total of 73. The civic authorities will give support to the seven Toronto officers in the corps a service revolver.

NOTES. The Walkers, of Walkerville, have consented to allow such of their employees as so desire to go to South Africa. Their positions will be retained for them, and their salaries will run at the old rate. Two Maxim guns will be taken along with the Canadian contingent. It is also likely that a number of bicycle squads will be taken for use by a bicycle squad.

The Imperial War authorities are applying for 2,000 tons of Canadian hay, to be delivered at Cape Town before Christmas.

RECRUITING ELSEWHERE

Scenes of Excitement at the Toronto Armories—Liberality of the Walkers of Walkerville.

Toronto, Oct. 21.—There was a scene of great excitement at the armories yesterday, when recruiting was begun for the Toronto district company of the South African force. Men were present from almost every one of the eighteen regiments of the district. The Thirtieth, of Hamilton, and the Haldimand, Welland and Ontario county corps were especially well represented. On the first call a great body of men lined up, and Capt. Denison, of the Canadian Infantry, the selecting officer, passed along the ranks and picked out the finest men offering. By noon 146 men had been thus picked out, and 69 selected from among them for medical examination. The Q. O. R. and Grenadiers are each doing their share, each is limited to twelve men, and the Highlanders to ten. This is to prevent any one regiment from getting too large a share of the honor of providing men. Only 110 men are being chosen here, and even they will not all be selected. Today they will go to barracks at Stanley Fort, and on Tuesday leave for Quebec. Yesterday 130 city men offered for the 34 places open, and those selected are splendid in physique, well drilled and excellent shooters.

ACTION OF THE SARNIA SONS OF ENGLAND.

[Special to The Advertiser per G.N.W.] Sarnia, Oct. 21.—Ridgewater Lodge, Sons of England, at its meeting last night, passed a resolution to the effect that it would pay all the lodge dues and beneficiary assessments of members of the lodge who enlisted in the service of the Queen for the Transvaal. The lodge also voted \$10 as a donation to wards adding to the comfort of the Canadian contingent. The money is to be forwarded to the ladies at Toronto who have this work in hand.

FIVE THOUSAND AT WILSONAM

Sir Wilfrid Laurier's Great Reception There.

A Monster Procession and Meeting—Speeches by the Premier and Others.

Wingham, Oct. 21.—This is a growing time for Sir Wilfrid Laurier's meetings as well as for Canada's trade. As the premier progresses on his tour the enthusiasm at each successive meeting and the numbers in attendance exceed those of the previous gathering. Downmanville opened the tour with a splendid gathering. It was eclipsed by Paisley with its great open-air meeting. Now comes Wingham, with an audience which must have approached nearly 5,000 persons. The gathering was held in the skating rink yesterday, and although every possible contrivance was adopted in order to give more room, though people stood in the aisles and climbed up on the beams overhead, still there was not sufficient accommodation. Many scores of persons were left outside, and several of these repaired to the town hall under the impression that an overflow meeting would be held there. However, they were disappointed. Looking down from the platform at the sea of faces which confronted them and listening to the ringing cheers which answered their own shouts, speakers must have been altogether devoid of feeling if they had not been deeply stirred. The huge meeting was a great tribute to the personal popularity of Sir Wilfrid, and to the successful administration of the affairs of the country by his government. This was Sir Wilfrid's first visit to Wingham, and he has good reason to feel satisfied with the reception which was accorded him.

The meeting was preceded by a procession through the gaily decorated and motto-arched streets of Wingham. It started from the Gibson, MacDonald, where Sir Wilfrid Laurier and Hon. Mr. Fielding were guests, and ended at the meeting hall. In the long triumphal procession of 100 mounted horsemen in tri-colored saddles, and scores of bugles. Each horse's head was adorned with a miniature Union Jack, and the horsemen and occupants of carriages carried similar tokens of welcome. The mottoes overhanging the streets were as follows: "Welcome to Our Premier," "The Growing Time," "Cheap Transportation," "Imperial Penny Postage."

The chair was occupied by Mr. Geo. McKenzie, and on the platform besides the distinguished visitors were: Messrs. Robert Holmes, M.P.; John McMillan, M.P.; Thomas Gibson, ex-M.P.; James McMillan, M.P.; M. Y. McLean, ex-M.P.; D. D. Wilson, Seaford; D. McGillivuddy, Goderich; W. H. Kerr, Brussele; Alex. Smith, Toronto; A. Hyslop, M.P.; Walter Wm. Coats, Clinton; Rev. Messrs. Fred. Perrie, Lowe, Hobbs and Giffin, and Rev. Mr. Hall, Belgrave. The meeting opened with the singing of the National Anthem, in which the audience joined, producing a grand volume of sound. Mr. Wm. Clegg, mayor of Wingham, who is a Conservative, then read an address of welcome to Sir Wilfrid Laurier from the municipal council of the town. The address congratulated the premier on the prosperity of the town and of the country at large. It was signed by the mayor and by the town clerk, Mr. J. B. Ferguson.

An address to the premier from the Reform Association of East Huron was read, and two little girls presented the premier with flowers. The speeches of the day were made by the premier, Mr. James McMillan, M.P., Hon. W. S. Fielding, and Mr. John McMillan, M.P.

A Mining Engineer's Opinion.

J. P. BUENYAT,
Civil and Mining Engineer,
Surveyor and Draughtsman,
Vernon, B.C.

Dear Mr. Welch:—Referring to yours of the 4th inst. regarding your property, Rob Roy and Highland Chief, my candid opinion is that these claims are ALL RIGHT, and, on development, will fully meet your most sanguine expectations.

I am located on the main ledge with good surface indications and out-croppings throughout the entire length of properties, there is every reason to believe that under proper development they will become good paying properties. The Center Star about 300 yards S. of Highland Chief, has lately been bought up by some Wisconsin lawyers who are putting a lot of work on it at once.

I am, sincerely yours,
