London Intermediates, Handicapped By Heavy Ice, Lose to St. Catharines

Forest City Men Drop First Match of Round to the Niagara Centrals by Score of 4 to 2, But Outclassed Opponents in Speed and Combination Work Throughout.

GOSSIP OF THE GAME

The London players were simply disgusted with the ice last night.

Team play was impossible, and was little in evidence. When the puck was shot along the ice it raised a furrow on either side of its path.

The St. Kitts rooster claimed the ice was as good there last night as usual, and the London team told them if that was the case they ought to try to play on roller skates.

The local team are confident of winning by a big score here tomorrow night, whether the ice is hard or soft, but are hoping for good hard ice.

The last goal St. Kitts got was thrown in by one of the players from a scrimmage. The referee, however, was busy elsewhere, so it counted.

The game was comparatively clean. The Niagara Centrals started out to do a little dirty work, but found it didn't pay and cut it out. Casselman was the only player on the London team to suffer a penalty, and that was two minutes for a minor offence.

[Special to The Advertiser.]

St. Catharines, Feb. 3.—In the best and fastest game of hockey ever played in the Niagara district, not barring even the professional matches, London's crack intermediate team were last night worsted by the Niagara Centrals of St. Catharines by the close score of 4 to 2.

The Londoners and spectators alike, left here vowing that they would turn the tables on the Railroaders when they get them on their own ice at London tomorrow night.

Events will prove whether this is correct or not.

Be it said, however, the London crowd came down here last night fully expecting to win.

MUCH MONEY CHANGED HANDS.

A big bunch of money was put on the game by the London supporters, a lot of it at good odds.

This was gobbled up by local sports as fast as it was offered.

One St. Catharines man won \$300, another \$200, while dozens of others quit with big sums ahead.

The game was furiously contested from the first ding of the bell.

It was evidently the intention of the locals to rush the Londoners off their feet at the start.

The Londoners stood with them, however, and their combination and checking was as anything superior to that of the locals, who did a lot of shiny work.

CUNNINGHAM A FINE GAME MAN.

The London forwards tried desperately to tie the score in the first half, but though they pounded the St. Kitts citadel unmercifully, Cunningham, the plucky little goal, when I heard of the game with the goods every time.

London had the better of the last part of half-time, but Cunningham saved the situation.

There was a long wait between the two halves, and the spectators, hundreds of whom could scarcely get a

ZAM-BUK CURES PILES

EVIDENCE FROM ALL SOURCES.

There are so many so-called "remedies" for piles that sufferers are often at a loss what to try. Piles are caused by distention of the hemorrhoidal veins, and the tissue becomes highly inflamed, dry and sore. Zam-Buk cures and soothes the inflamed tissue and the healing essences in Zam-Buk penetrate the diseased parts, giving ease quickly and eventually curing the most obstinate case of piles.

Mr. George Harris, of Virden, Man., says: "I suffered acutely from piles, but I am glad to say Zam-Buk gave me ease and brought about ultimate cure."

Mrs. S. Cooke, 468 Pacific avenue, Winnipeg, says: "A month ago I was cured by Zam-Buk of a bad attack of bleeding piles, to which I had been subject for a long time."

Mr. William Kenty, of Upper Nine Mile River, Hants County, N. S., says: "I suffered terribly from piles, and pain from these was at times almost unbearable. I tried various ointments, but everything failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, but thought, as a last resource, I would give this balm a trial. I procured a supply and commenced with the treatment. In a very short time Zam-Buk effected what all the other ointments and medicines had failed to do—a complete cure."

Wherever there is inflammation or ulceration, Zam-Buk should be applied. It heals ulcers, abscesses, festering sores, cold cracks, scalp sores, cut, burns, scalds, bruises and all irritated, inflamed or diseased conditions of the skin and subcutaneous tissue. THIS FAST YOUNGSTER MAY RATTLE OLD BONES

Is the 2-5 second man in sight? Have trainers at last discovered a sprinter capable of negotiating the classic hundred a fifth of a second faster than ever before.

In the east they think T. T. Pendleton of Princeton will lower the standard for the distance. Pendleton is a sprinting marvel and is expected to be another Harry Hutchens.

These men, all famous in athletics, declare the Tiger may lower the time first made by Arthur Duffy.

These men are: Jim McCormick, head coach of the Princeton eleven; "Pop" Lannigan, trainer of the Virginia team, and Bill Foley, the Georgetown track coach.

Pendleton gave a hint of his ability, when, as a schoolboy, he ran the century in even time and negotiated the 220 in 22 5-8.

Lannigan and Foley are not free with the foolish talk. The latter has turned out some great sprinters, including Arthur Duffy, Bernie Weathers, Billy Holland and others. Lannigan developed Jimmy Rector, and both say Pendleton is a better man than any of the past performers were so early in the game.

Pendleton will not be at his best for another year. He is only 18, and until he comes into possession of his full power, he will have a chance to improve.

Fraternal Prescriptions For Nervous Wrecks

[From "Medical Reports."]

Thousands of men, nervous wrecks, have found the following "fraternal prescription" a blessing and a boon. Such men lack aggressiveness, they are timid, nervous, easily discouraged, lacking in self-esteem and confidence.

They suffer from cold extremities, thin watery blood, nervousness, sleeplessness, frightful dreams, trembling hands and limbs, unsteady gait, and a general inability to perform the ordinary natural and rational acts or duties such as a healthy normal man can.

A vigorous man works, plays, eats and sleeps always with the keenest enjoyment. The greater his exertions are the stronger becomes his appetite and slumbers.

The nervous man seems always tired and worn out. Believing brings no relief. Sleep brings no refreshment, all because of an abnormal condition of the nervous system, brought about by—well, no matter what—the desire is for relief and freedom, with ready and blood-surge through the body, supplying the sensitive nerves with all the power of sensation, so that sleep is refreshing, food is delicious, work is play and play is pleasure.

This treatment is thorough, simple and correct. The ingredients are used in filling various prescriptions, and can be obtained of any well-stocked druggist and mixed by a pharmacist or chemist.

Take Five Out of Nine Battles in Contest With Bay City.

SEVERAL BIRDS KILLED SLOWLY

Had Legs Broken or Eyes Torn Out and Died With Spur in Brain.

[Special to The Advertiser.]

Detroit, Feb. 2.—A lonely, deserted dance hall out Centre Line roadway, a little bunch of Chatham, Windsor, and Bay City sports, together with about 100 Detroiters, gathered to witness a cocking battle between Chatham and Bay City birds, that started Tuesday night and ended Wednesday morning.

Chatham won the main, and with the victory went the side of Kent, that, and a neat pile for the winning faction to lug away when the last battle was fought, just as day was breaking.

The Start.

About 10 o'clock the boys who had gathered in a Grand River avenue saloon to await the word to start, were told to get aboard three waiting Jefferson avenue cars.

They were soon conveyed to the scene of the battle, a place once used for a summer dance hall, wherein a pit was pitched and the pit flanked by fifty little rows of dross seats. An improvised bar, and a chuck-luck layout, served as the only articles of furniture that could be put to use as an affair of that kind.

Detroit Wins Only Start.

A little after midnight the announcer declared the first battle would have no bearing on the result of the main, which was between Detroit and Bay City. Each of the two handlers had posted \$100 with the stakeholder to hinge on the result.

The Detroit bird was the better of the pair, and, after a mediocre battle, the main was brought on. Bay City drew first blood after a spirited battle. But in the next event Chatham evened the count.

A Brutal "Sport."

It looked for all the world like another stroke for the Michigan men. Their bird had the Chatham bird blind and bleeding, when it suddenly delivered a blow with enough force to send the steel spur into the Bay City bird's brain.

In the third battle it was Chatham that had to care for the demised. The battle lasted but three minutes, at the end of which a spirited battle, but it drew its cutting steel into its opponent's heart.

It was a quitter that the Chatham people threw into the pit for the fourth battle. He fought for a minute, got a blow, then turned tail and ran.

Tough Luck.

Bay City followed this up with another victory in the fifth battle. The Chatham bird died after giving a game exhibition with a "champion" bird.

It was an unfairly even in the next fight, but it was the Bay City chicken this time. The Bay City was in a mixup, broke his wing, and, losing it, in a mixup, broke his wing, and, losing it, in a mixup, broke his wing.

Chatham bird would not be denied. Catching the Bay City bird near the side of the pit, he drove his spur into the heart.

Bay City's hopes were shattered again in the next fight when the Chatham bird did what his predecessor had done, killing his opponent. The eighth battle went Bay City's way, but the Chatham bird was blind and crippled. With no chance for the chicken to win, the Chatham handler himself put a "champion" bird into the pit.

That made it four and four, but Chatham soon gained the advantage by winning the ninth, and the money.
