at Night. Back Was So Weak. Wants Canada to Adopt Imperial Free Trade.

Weak, lame and aching backs are the primary cause of kidney trouble. When the back aches or becomes weak it is a warning from the kidneys that everything is not right with them.
Heed the warning: cure the weak, lame, aching back and dispose of any chances of further trouble.

If you don't do this, serious complications are very apt to arise and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease, the three most deadly forms of Kidney Trouble.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of the trouble and strengthen the kidneys, thereby strengthening the back.

Mrs. John Puigh, Parkdale, Man., writes:—"I have used Doan's Kidney Pills and find nothing to beat them I could not rest at night my back was so weak. I tried everything, but could not get anything to do me any good until I was told by a friend to use Doan's Kidney Pills. I tried them and I am not the same weak woman I was before. I am very thankful to have found so speedy a cure."

Nobody wanted this agreement except the President of the United States and the encoys which the President sent. Sir Wilfrid should have used the words which he addressed to the Canadian fruit-growers when they came for redress. He should have said: "You come too late. Years ago we wanted reciprocity. We do not want it now."

President Taft wanted reciprocity, and everyone knew why. However, Canada was presperous and could afford to wait for the new American Congress to come in and see what it would do. It was probable that the American duties would have been lowered without Canada being required
