

GOLD STRIKE EARL GREY IS BY OLD MINER TO FINISH TERM

After Searching for Six Years Old Prospector Makes Rich Find in Western Ontario

RICHEST DEPOSIT IN THAT DISTRICT

News of Find Will Probably Cause Rush to the Latest Gold Fields—Near Abandoned Workings

Winnipeg, Man., May 3.—Dr. C. Mackenzie, who arrived in the city this evening, brings exceptionally rich gold samples which were discovered at Glenorchy, 40 miles east of Fort Frances, by William Stone, an old prospector.

The discovery was made in the vicinity of the Olive mine, where the workings were discontinued on account of the poorness of the veins. Stone claimed that the small veins led to the mother lode, and for the past six months he has been working in solitude, many imagining that he was crazy.

However, he has managed to strike the mother lode, and a number of samples picked from various parts of the vein assayed at Ottawa from \$110 to \$249 per ton in gold, besides small values in silver and copper. He and some friends, including A. Tibbitts and Dr. Mackenzie, staked claims and are now forming a syndicate to work the find.

This is said to be the richest gold discovery ever made in Western Ontario.

His Excellency the Governor-General Decides to Remain in Canada the Full Six Years

BRITISH PRESS LOUD IN PRAISE

As a Rule Governor-General Remains But Five Years—Earl Grey Will Make the Third Exception

Ottawa, May 3.—It is announced that His Excellency Earl Grey has decided to complete the full six years of his term as Governor-General of Canada.

London, May 3.—Describing the decision of Earl Grey to remain in Canada as the best piece of personal news received from the Outer Empire for a long time, the Sunday Observer says that Britain never sent out a more inspiring pro-consul. No representative of the King could have done surer and more splendid work.

The announcement that His Excellency the Governor-General is to remain in Canada for the full period of his appointment, viz., six years or until December, 1910, will be received with the greatest satisfaction by the country.

There is a general misapprehension with regard to the tenure of office of a governor-general. The appointment is for six years, but the rule has been for the governor-general to surrender office at the end of five years.

In two cases only has this rule departed from since Confederation. The Lord Dufferin and Lord Minto. Lord Grey makes the third exception.

Opening of Tourist Excursion Time as Seen by the Camera Man

COULD NOT WORK THE MOTOR CAR

Despondency Over His Troubles With Auto Led New Jersey Chauffeur to End His Life

Lakewood, N. J., May 3.—Despondency over his troubles with his employers owing to his inexperience as a chauffeur, is believed on investigation to have been the cause of the suicide here on Saturday of Casper Harbell, chauffeur for Parks Wight of Buffalo.

The coroner's inquiry into the matter indicated that Harbell walked out into Lake Carasajo and drowned himself by lying down in comparatively shallow water. Harbell, who was 52 years old, had been for many years coachman for the family, and was recently given charge of the touring car.

An empty poison bottle was found in his room in the boarding house where he was staying. The body was sent yesterday to Buffalo, where Harbell left a wife and eight children.

EYEGLASS TOPIC IN THE HAINS CASE

Brother of Accused on Witness Stand Tries to Prove Captain Hains Was Insane at Time of Crime

Flushing, N. Y., May 3.—With Major John P. Hains, the defendant's brother, on the witness stand, the third week of the trial of Captain Peter C. Hains, Jr., for the killing of William E. Annis, opened in the supreme court today.

Major Hains was under direct examination by counsel for the defence when court adjourned Saturday.

Some 140 names were struck off the work on the Victoria list being completed at noon. This afternoon the Esquimaux list will be proceeded with, and it is expected that the revision will be completed today.

The objections filed in the Esquimaux division were held by Mr. McIntosh, acting for the Liberal Association, that each separate act of purging the list of a number of duplicates, dead men and absentees.

COURT OF REVISION IS SITTING TODAY

One Hundred and Forty Names Were Struck Off Victoria Voters' Lists This Morning—Esquimaux This Afternoon

Adana, Asiatic Turkey, May 3.—The Governor of the Wilayat of Adana, the Rev. William N. Chambers, a missionary of the American Board of Commissioners for Foreign Missions, is en route to accompany him to Hadjin.

Constantinople, April 3.—Documentary evidence has been discovered among the records of the telegraph office here of the knowledge of the Constantinople authorities that mass sacres had been planned for the Adana district and that they were to coincide with the political events here.

Other papers have been found indicating also that the conspirators at the Palace acted in the Sultan's name in preparing the military mutiny of April 13. Lists of houses with notes on the kind of loot to be found therein were discovered on some of the prisoners in custody. The arrangements included a general massacre of foreigners in Constantinople, including the diplomatic representatives, on April 24.

The recent amendments to the Provincial Elections Act provides for the publication of all names objected to, and also admits those interested to be advised at once.

NEGOTIATIONS FOR RENEWAL OF SUBSIDY

Vancouver, B. C., May 3.—Negotiations now proceeding between the Dominion Government and the Union Steamship Co. of New Zealand for the renewal of the Canadian mail subsidy for steamship service between Vancouver and Sydney. Some weeks ago the Federal Government decided that it would not consider the question of an increased subsidy, even though the Canadian-Australian line offered for greater remuneration to put three steamships of the Marama type on the run and make the running time 21 days between Vancouver and Sydney.

It is reported that Frank Waterhouse Co. of Seattle, operating a line of freighters between Puget Sound, San Francisco and New Zealand ports, have approached the Dominion Government with a request for an annual subsidy of \$17,000 in return for the making of calls with their steamers at Vancouver and Victoria.

VENGEANCE HOUSE HAS SOUGHT BY FORENOON SITTING

Thirteen Civilians and Soldiers Hanged in Turkish Capital by Order of the Military Court

EVIDENCE FOUND OF SULTAN'S GUILT

Turkish Cabinet Resigned Today and Political Situation Now Is Bewildering—Hilmi Pasha Grand Vizier

Constantinople, May 3.—The Turkish Cabinet resigned today. The political situation is bewildering and no one can tell what the outcome will be. The latest ministry was organized April 30th, with Tewfik Pasha as Grand Vizier. Hilmi Pasha will be the new Grand Vizier.

Thirteen civilians and soldiers sentenced by the military courts to death for murder were hanged in different parts of Constantinople at 4 o'clock this morning. Major Yousoff, his son and three men who killed the Syrian deputy, Emir Mohammed Drelan in front of the Parliament building, were executed on the spot where they committed the crime. Five others were hanged at the entrance of the Ministry of War and three more at the Stribanul and of the Galata bridge. Among these there is said to be Moured, editor of the newspaper *El Zaman*.

Upon the breast of each criminal had been pinned a placard in Turkish that can be read at a considerable distance, setting forth the sentence of the Court. Around the foot of the gibbets on the bridge, the early morning buying of fruits, flowers and vegetables proceeded as usual, while the bodies were in full sight of the great crowds that make their way over the bridge between the Stribanul and Galata.

Missionary Given Guard Adana, Asiatic Turkey, May 3.—The Governor of the Wilayat of Adana, the Rev. William N. Chambers, a missionary of the American Board of Commissioners for Foreign Missions, is en route to accompany him to Hadjin.

MANY OPERATIVES SLATER IS PLACED GO ON STRIKE AT MAGOG

Claim That Company Owned Man on Board of Conciliation and Want More Wages

Magog, Que., May 3.—From 300 to 400 operatives of the Dominion Textile Company remained away from work this morning, and as a result only six hundred of 1,200 looms are in operation. The strike is expected to become general in the mills before the end of the day.

The strikers are dissatisfied with the arrangements for a board of conciliation that the company's representative on the board was an official of the company. They also declare there is no need for further investigation as the wages to the rate which prevailed before the ten per cent. reduction made last year.

Painter Has Fatal Accident Regina, Sask., May 3.—John B. Cameron, a painter, was taken to the hospital yesterday from the Kaiser hotel suffering from concussion of the brain and died this morning. Cameron was found at the foot of the stairs in the basement of the hotel and is believed to have been injured by falling down the stairway. He was in a bad condition through drunkenness. An inquest will probably be held.

COAL SITUATION IN THE WEST AND CONNEE RAILWAY BILL WERE THE TOPICS OF DISCUSSION THIS MORNING

Early Close of Session at Ottawa Is Presaged by Morning Sittings Which Began Today

Ottawa, May 3.—The House of Commons held its first morning sitting of the session today. The Premier said that as the end of the session approached an address had been made to Earl and Lady Grey in appreciation of the manner in which they had discharged their duties, but he was glad to be able to say however, that such an address would not be necessary at the present session, because the term of His Excellency would not expire this year.

Mr. McCarthy, Calgary, in calling attention to the situation in the West as a result of the coal strike, asked if the Government intended to introduce the law. Mr. Lemieux in reply said that more favorable reports had been received from the coal region and he expected that in a few days, a board of conciliation would be named. He said that there would be no necessity for prosecuting those who had defied the law.

Mr. Herron (MacLeod) drew the attention of the Commons to the fact that the House had not yet passed the Coal Situation in the West and Connee Railway Bill. He said that the House had resumed consideration of the Ontario-Michigan Power Company. The bill was strongly opposed by the Ontario members, who contended that it interfered with the rights of that province.

Mr. Combes declared it was international work and was therefore under the jurisdiction of the Dominion Parliament.

Mr. Laurier said Parliament had jurisdiction because the Pigeon river was an international stream. The only debatable question about which there could be doubt was that of expropriation. It had been argued that these waters were the rights of the people of Ontario. He has stated before that he would not interfere with the legislative powers of the province of Ontario and the clause regarding the expropriation of Nipigon river had been removed. He had an open mind regarding Pigeon river.

Well-Known Clergyman Dies Winnipeg, May 3.—Rev. Canon George Rogers, formerly secretary of Rupert's Land and at one time rector of St. Luke's, Montreal, died at Lethbridge on Saturday, aged 83. He is a brother of Hon. Robert Rogers, Minister of Public Works for Manitoba and Dr. Wm. Rogers of this city.

Cobalt Ore Shipments Toronto, May 3.—Ore shipments from Cobalt last week totalled over 800 tons.

SCIENTIST FINDS A SYSTEM ON QUAKES

He Says They May Be Expected to Happen at the Principal Declensions of the Moon

Paris, May 3.—A French scientist, M. Deparville, announces that seismic disturbances can be expected to occur at the principal declensions of the moon. Years of observation have brought him to this conclusion.

To prove his contention, he cites the dates of a number of earthquakes of this year, including that of Messina and the disturbances in Portugal. He says that shocks may be expected during the month of May on the following days: 2, 3, 6, 7, 12, 13, 17, 18, 20, 22, 25, 27, 30 and 31.

Trade Treaties Abrogated. Paris, May 3.—Ambassador White has officially notified the French government that the pending tariff legislation in the United States involves the annulment of the Franco-American and all other existing foreign trade arrangements. At the same time he expressed the opinion that the two governments will resume negotiations upon a new basis as soon as the law is enacted.

WARM SUN AND CLEAR AIR USHER IN THE SEASON—CROWDS IN STREETS AND ON STEAMERS—SKYLARK HEARD?

High up in the clear air—so high that human plotters of earth could not see whence it came—a long, wonderful bird yesterday morning unbarred in the morning while the dew was yet wet, yesterday. Again and again it thrilled and in the valley lying under Smith's Hill and extending to the Mount Talmie road, two early "constitutional" cranks paused to listen. Breathless, they waited until the note sounded again.

"Ah," said one of them, "it's the skylark!"

Perhaps it was! Despite the denials of those who disallow its presence here the "blithe spirit" may have lived and flourished through the winter. Certain it is some sweet-voiced bird yesterday morning unbarred in the summer of 1909, in a day as perfect as ever was vouchsafed to a thankful world, with that cheery uplifting "self-same song that found a path through the sad heart of Ruth."

And the day was perfect. It came as a surprise even to old-timers. Breaking clear and golden it developed warmth remarkably until at noon-tide the sun was strong enough to render excessive exercise most uncomfortable. The Strait glistened in bright silver and swept a cooling breeze over the island. A way on the horizon, where the mist-porters were drawn back a little, the mountains stood out clear-defined, over old Baker smiling across the intervening miles as if to acknowledge the birth of summer.

Early in the day Victorians began their search for rest and change. The fishing brigade, the largest since last season, was the advance guard, of course. Hundreds armed with reel and rod caught the early trout and boats, and according to reports brought back this morning by delighted Walthams, the perfect day brought luck extraordinary.

THOUSANDS RAISED BY A "TAG DAY"

Young Women Employ Unique Method to Raise Funds for Building

Winnipeg, Man., May 3.—Saturday was "tag day" in Winnipeg, and from early morning until dark some thousands of girls were selling tags at prices ranging from ten cents to what they could get, in aid of the Young Women's Christian Association building, now nearing completion.

By Saturday evening a man with a tag of a bunch of ribbons or a "tag day" button was a scarcity, and the movement was a decided success. The fair collectors realized \$10,246 in aid of their building. Sixty-five thousand dollars was subscribed by the citizens of Winnipeg last May, but as \$10,000 more was required to complete the building, a tag day was suggested, and worked out admirably.

Ontario Pastor Coming West. Woodstock, Ont., May 3.—Rev. W. C. King, pastor of Oxford Baptist Church, this city, has accepted a call to the pastorate of the First Baptist Church, Cranbrook.

Wheat Seeding Now On. Winnipeg, May 3.—Wheat seeding operations, which have been at a standstill for several days on account of wet weather, will again be in full swing today, the weather having cleared and land is now in splendid shape to receive the grain.

MRS. CHAPPELL OF SEATTLE IS INJURED

F. R. Stewart's Auto Crashed Into by Cab in Stanley Park Yesterday

Vancouver, May 3.—F. R. Stewart's automobile was wrecked in Stanley Park yesterday in a collision with a runaway hack team. Mrs. E. B. Chappell, of Seattle, was seriously injured.

SUMMER DAWNED IN PERFECT DAY

High up in the clear air—so high that human plotters of earth could not see whence it came—a long, wonderful bird yesterday morning unbarred in the morning while the dew was yet wet, yesterday. Again and again it thrilled and in the valley lying under Smith's Hill and extending to the Mount Talmie road, two early "constitutional" cranks paused to listen. Breathless, they waited until the note sounded again.

"Ah," said one of them, "it's the skylark!"
