THE TROUBLE WITH HATTL

endent says the report that the ernment has given as an ulti-

goetrine, and allow no eneroachment what-ever by any foreign power. Dr. Wharton, Solicitor of the State Department, said yes-terday the matter was wholly a business transaction, and he hoped it would be settled unicably, but as ueither. Government would accede to the demands of the other he was fraid it would not. The spliendor of Dress, and the artificial effects of cosmetics, no ter how deftly applied, can never make autiful or attractive one who is subject to aciation, nervous debility, or any form of hale weakness. These must be reached by any ard application, and not by outward attents at concealment, and the ladies may be hope from the fact that thousands of a sisters have made themselves more liant and beautiful by the use of Dr. Hope's "Favorite Prescription" than they all ever hope to do by the aid of the applicates of the toilet.

I. Milburn & Co.,

I was completely relieved from that dreadful disease dyspepsia with only four bottles of that the preserver—B.B.B., and cheerfully recommend it to any one subject to such disease. P. DEVANNY, Morrisburgh, Out. 246 Jabest Snow, Gunning Cove, N.S., writes:

"I was completely prostrated with the asthma, but hearing of Dr. Thomas Eelectric Oil, I produced a bottle, and it did me so much good that I got another, and before it was used I was well. My son was cured of a bad cold by the use of half a bottle. It goes like wild fire, and makes cures wherever it is used."

The lame, the halt, the rheumatic all sing praises of the West's World's Wonder one bottle and you will never use any or liniment. 25 and 50c. All druggists, ed

Berlin, April 16.—Snecessful experiments have been made at Metz with a navigable balloon propelled by an electric motor. The Augsburg Allgemeine Zeitung says the balloon in the invention of a German engineer named Walker, who for some time was employed in America, where he perfected his discovery. The German government, the paper says, has bought the invention, paying 1,000,000 marks down and another million, which is to be paid in instalments. The speed of the balloon exceeds that of a railway train, and it may be stopped and directed at will, moving against the wind.

What a comfort to be able to gratify one's specific once more without pain, after long affering from dyspepsia! Victims of indirestion wise enough to accept the general verdation favor of Northrop & Lynan's Vegetable Discovery and Dyspeptic Cure as true, and use the article, can sujoy the welcome relief. Obstinate dyspepsia, constipation and biliomers' invariably yield to its potent requising action.

George Legault of Tayside, Ont., says he an heartily recommend Yellow Oil as the set reliever of rheumatic pain, his father and nother having suffered for years with rheumatism, and all remedies failed except Yellow Oil.

A perfectly sound body and a mind unim-nired are thesible only with pure blood. Leading medical authorities endorse Ayer's largaparille as the best blood purifying medical ine in existence. It wastly increases the seeking and productive powers of both hand ad brain.

Pants, April 19.—M. Rochefort has a vio-ent article in L'Intrasigeant directed against the Pope who, he says, sacrificed France to Germany in the Chinese missions questions Germany in the Chinese missions questions and is now aiding in the work of Germanizing Alsace Lorraine. The articles concludes: "If most of our ministers were not known to fast on Fridays the Government would answer these insuits by recalling the French Ambassador to the Vatican and suppressing the religious budget."

Extract from a letter from Mr. George Bosk, Cooksville, Ont.

Bickle's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. If acts like marie in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.
