**TORTURING SCIATICA**

A Nerve Trouble Due to a Watery Condition of the Blood.

Fierce darting pains. Pains like red hot needles being driven through the flesh—in the thigh, perhaps down the leg to the ankle—that's sciatica. None but the victim can realize the torture of this trouble. But the sufferer need not grow discouraged; the trouble is due to the fact that the nerves are being starved by poor, watery blood, and when the blood is enriched the pains of sciatica will disappear. As a blood enricher and purifier no other medicine can equal Dr. Williams' Pink Pills. They bring to the blood just the elements necessary to restore it to normal richness and redness. That is why so many sufferers from sciatica, and other forms of nerve trouble, have found relief through taking these pills. Mr. D. M. Anderson, Beachburg, Ont., tells what Dr. Williams' Pink Pills have done for him as follows:—"Some years ago I was badly afflicted with sciatica. I could hardly walk and suffered great pain when I did so. A man who was working with me told me he had once been like that and that Dr. Williams' Pink Pills had made him all right. I began to take them, continuing to work, and the trouble disappeared, and I did not lose a day, although sometimes I suffered terribly. Later I had another attack, and again the pills came to my relief. Now I take three boxes of Dr. Williams' Pink Pills every spring and fall, and I have had no attack of the trouble since that time." You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Milk, Cheese, Ice Cream sales are increased!**  
by Long Distance

Some quotations from recent reports:

"We depend on Long Distance to order milk and cream from farmers, and to find a market in the cities for butter."

"A 15 cent Long Distance call enabled us to get 12 cents more a pound for our butter in a nearby city"—writes a farmer.

"Long Distance is the cheapest way to sell ice cream."

"We purchased over \$100,000 worth of cheese by Long Distance at a cost of \$16 or .016%. This cheese we sold by Long Distance at a cost of \$30 or .03%, and never saw the buyer."

"We sell thousands of dollars of surplus milk by Long Distance."

May we tell you how Long Distance is being used to increase sales in your business?
