### ANOTHER HOTEL FOR D. A. R.

The Aberdeen, at Kentville, has been added to the System

The Dominion Atlantic Ry. has added to its system the Hotel at Kentville now known as the "Aberdeen." This important announcement which has just been made by General Manager George E. Graham will be favorably received by the traveling public. Kentville is an important and growing centre, and the fact that it is now to have modern hotel accommodation will add tremendously to its benefit.

The announcement furnishes further evidence that the management of the Dominion Atlantic have embarked upon a policy calculated to foster in every way the development of its territory. Mr. Graham is giving a practical demonstration of his faith in the future of Nova Scotia. The acquisition of "The Pines" at Digby early in the year, and the manner in which it was operated proved advantageous for Digby, as this purchase at the close of the year ought to prove advantageous for Kentville.

The Aberdeen is splendidly situated and can be made very attractive. It will be renovated and refurnished from cellar to roof. Many of the rooms will be equipped with private baths. The work of renovation will begin at once, but will be so conducted that guests will not be disturbed. The Aberdeen will continue to be operated the year-around and cater both to the general commercial interests as well as to the tourist traffic. The announcement has started considerable activity in Kentville real estate.
