

QUEEN'S HALL ASSEMBLY ROOMS.

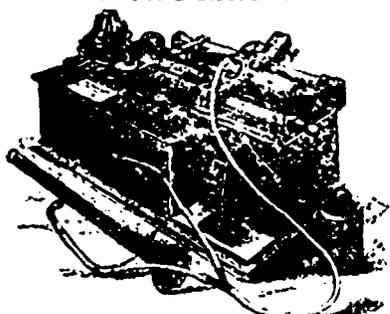

Dancing Correctly—A most excellent study for recreation.
 Exercise brain and muscle, remember Hygiene teaches us that the body requires relaxation from study.
 Deportment—is so neglected in the education of many that they feel ill at ease when brought into company, and feel the want of knowing what is expected from men of polite training. Do you know how to enter a room? how to leave it? You may be called on to visit people when you would like to acquit yourself becoming a gentleman of professional rank.
 Grace and Ease—Man can be graceful if he desires, and has an instructor that knows his business. My school is conducted on the best principles, and the highest standard of the above can be attained in a course of les-sons.

SPECIAL TERMS ARE MADE FOR MCGILL STUDENTS.

Now use the Mildé (patented) Long Distance Microphone with double battery in the construction of all their best Telephones, and they are without doubt the best instrument for long or short distance now offered the public. Their Warehouse system of Telephones are fitted with patent Automatic switch, by which means the lever is returned to the zero point when the receiver is returned to its place after use. No Warehouse system is complete and satisfactory without this attachment.
