

This Holstein has recently completed the highest record yet for a Canadian Cow

De Kol Plus, No. 753, owned by Mr. S. J. Foster, Prince Edward Co., Ont.
In the Record of Performance test just completed this cow has a record for the year of 22,296 lbs. milk. Her total feed account, pasture included, was \$90.50 for the year.

READ WHAT MR. FOSTER THINKS OF BANNER FEED.

Prince Edward Co.,

The Quaker Oats Company, Peterborough, Ont.

Bloomfield, May 8th, 1910.

Gentlemen,—I am writing you with regard to your Banner Feed. I might say I have been feeding BANNER FEED for over a year and find it very satisfactory from every feeder's standpoint. I have a cow, De Kol Plus, which holds the Canadian record for milk, giving during the year 22,296 lbs. of milk, which tested 945 lbs of Butter and 756 lbs. of fat. I fed this cow principally on Banner Feed. I tried other mixed grains, but found that they did not do as well as on Banner Feed.

I have two cows in the milk test this year and they are showing equally as good results from the same feed. I find your Banner Feed a very evenly balanced feed. The cows are not only very fond of it, but it keeps them in good condition as well as giving the flow of milk.

In conclusion I can only say that I cannot recommend too highly the feed put up by The Quaker Oats Company to all feeders as being a good pure feed.

Yours truly,

(Sgd.)

S. J. FOSTER.

ASK YOUR DEALER TO GET YOU BANNER FEED IF HE DOES NOT ALREADY HAVE IT. IT WILL GIVE YOU AS GOOD RESULTS AS MR. FOSTER SECURED.

We Manufacture { Schumacher Stock Feed. Victor Feed } Every one good
{ Molac Dairy Feed. Banner Feed } Feed

All we solicit is a trial order and a fair test.
