It seems to us that even if we knew nothing of its merits, the fact of its large and continually increasing sale justifies us in recommending Downs Elixir to all who may need a reliable cough medicine. THE SCOTTISH CONSERVATIVE ULUB. SPEECH BY THE MARQUIS OF SALISBURY.

EDINBURGE, Nov. 23 .- The Marquis of Salisbury, speaking before the Scottish Con-servative Club to-night, taunted the Liberal Government with having adopted its prodecessors' Eastern policy. Be strongly denounced the action of the Government towards Ireland, and condemned the Arrears' Act. He had, he said, favored the schemes of pessant proprietary that were now impossible, as the church surplus fund had been otherwise disposed of. Stigmatizing the vagueness of Gladstone's utterances, he anid:—"I confess I do not often envy the United States, but their institutions possess one feature which appears to me a subject for the greatest envy, namely, their magnificent institution of the Sapreme Court. If their Parliament passes a measure inconsistent with the constitution of the country, there exists a Court which will negative it at once thus giving stability to institutions of the country, which, under the system of vague and mysterious promises here, is looked for in vain."
