The report was adopted, and the election of directors proceeded with, when the gentlemen whose names follow were declared members of the board for the ensuing year, viz.: Duncan McArthur, Israel M. Ross, E. F. Hutchings, wholesale merchant; Geo. H. Strevel, railway contractor; Alex. Logan, ex-mayor Winnipeg; Norman Matheson, gentleman.

Mr. Duncan McArthur was re-elected president, and Mr. Israel M. Ross elected vice-president of the board.

—A St. Catharines paper says that Peter D. Miller, of Newfane, has discovered that his peach orchard, containing 1,100 trees, and valued at \$4,000, was destroyed by the severe winter. It is supposed the trees had not fully matured to withstand the cold. Nothing like it has ever been heard before.

Commercial.

MONTREAL MARKETS.

MONTREAL, 1st June, 1892.

ASHES.—Potashes are a little easier at \$4.15 to 4.25; one dealer continues to quote \$4 to 4.05, but above figures can be realized. Shipments last week, aside from a few lots for the Continent of Europe, were small. Second

quality pots are scarce and relatively firmer at \$3.85; pearls about \$6.25. Receipts for May are a little ahead of corresponding month last year.

CEMENTS AND FIREBRICKS.—We quote \$2.20 to 2.40 for English, and 2.10 to 2.25 for Belgian. A fair quantity is coming forward, but not nearly so much as in some previous years. An order for some 4,000 brls., placed with the Owen Sound Company, was a disappointment to local importers. Firebricks, \$16 to 23 as to brand.

DAIRY PRODUCTS.—There is still a lack of any export movement in butter, values of which show some further weakness: creamery hardly brings much beyond 18c. per lb.; Townships dairy, 17 to 18c.; Morrisburg, 14 to 17c.; Western, 12 to 15c. Cheese is quiet: white brings 9 $\frac{1}{2}$ to 10 $\frac{1}{2}$ c. per lb.; colored, 9 $\frac{1}{4}$ to 9 $\frac{3}{4}$ c. Most of the egg packers have bought largely, and prices are easier at 10 to 10 $\frac{1}{2}$ c. per dozen.

SAFFORD PATENT RADIATORS

—FOR—

HOT WATER AND STEAM HEATING

Are the Best on the Market, and are used for Heating the Largest and Best Buildings in the Dominion.

WE NAME A FEW:

New Parliament Buildings, Toronto.
Upper Canada College, "
Toronto University, "
School of Science, "
Biological Museum, "
Wycliffe College, "
Board of Trade, "
McGill University, Montreal.
Parliament Building, Fredricton, N. B.
And thousands of others.

Send for Catalogue and Price Lists.

No Order too Large for our Capacity, None too Small for our Best Attention.

MANUFACTURED ONLY BY

The Toronto Radiator Mfg. Co., Ltd.
