

Personal.

Lord Lamington has been appointed Governor of Queensland.

It is reported that Mr. Michael Adams, M.P. for Northumberland, N.B., is to be appointed to the Senate.

General Gascoigne, the new commander of the Canadian forces, arrived at Quebec on Sunday last by the steamer Parisian.

Next year will be the centenary of the death of Burns, and in that connection it is proposed to hold an exhibition of relics of the poet in Glasgow.

The funeral of the late Professor Williamson was held under the auspices of Queen's University, at Kingston, on Tuesday. The students formed a guard of honour.

Mr. W. F. King, Canadian Commissioner for the delimitation of the boundary between Alaska and the Dominion, has received a request from Gen. Duffield, in charge of the geodetic and coast survey of the United States asking him to fix a date when both officers may proceed to Alaska for the purpose of looking over that portion of the coast which has been surveyed by Canadian and United States parties.

It is said that Mr. Justice Ferguson was offered, and has refused, a Supreme Court judgeship. It is also said that others of the Superior Court judges of Ontario have refused the preferred honour. The difference in the salary as between the two positions is not sufficient to induce any of the judges to agree to the change. Mr. J. J. Foy, Q.C., and Dr. R. T. Walkem, Q.C., of Kingston, are mentioned as likely to be promoted.

The appointment of Mr. Girouard, Q.C., M.P., to the vacancy in the Supreme Court of Canada, caused by the resignation of Hon. Justice Fournier, will be a distinct gain to the judiciary. By common consent the member for Jacques Cartier has long been marked out for the preferment he has now received. His ripe experience, both in the domain of public affairs and in law, his high character, his great integrity and sturdy independence, peculiarly fit him to adorn the Bench of the highest tribunal in the Dominion.

Commander Kingsmill, son of Judge Kingsmill, arrived in town on Saturday morning last from Montreal, and after remaining here a few days left for Vancouver, which port he will leave on October 14th for China. It will be remembered that Commander Kingsmill until lately was second in command of H. M. S. Blenheim, and was on that vessel in that capacity last December when she brought over the body of the late Sir John Thompson. Lately he has been promoted to the independent command of a vessel, and is going to China to command H. M. S. Archer, a "torpedo cruiser," as the term is, carrying six five-ton guns, and of a speed of between fourteen and fifteen knots an hour.

THE HEAVY END OF A MATCH.

"Mary," said Farmer Flint at the breakfast table as he asked for a second cup of coffee, "I've made a discovery."

"Well, Cyrus, you're about the last one I'd expect of such a thing, but what is it?"

"I have found that the heavy end of a match is its light end," responded Cyrus with a grin that would have adorned a skull.

Mary looked disgusted, but with an air of triumph quickly retorted, "I've got a discovery too, Cyrus. It was made by Dr. R. V. Pierce, and is called a 'Golden Medical Discovery.' It drives away blotches and pimples, purifies the blood, tones up the system, and makes one feel brand-new. Why it cured Cousin Ben who had Consumption and was almost reduced to a skeleton. Before his wife began to use it she was a pale, sickly thing, but look at her: she's rosy-cheeked and healthy, and weighs 165 pounds. That, Cyrus is a discovery that's worth mentioning."

Young or middle-aged men, suffering from premature decline of power, however induced, speedily and radically cured. Illustrated book sent securely sealed for 10 cents in stamps. World's Dispensary Medical Association, Buffalo, N. Y.
