

(5) The Government of each participating country, in which stocks are held under the provisions of paragraph (3) as they may be modified by the provisions of paragraph (4) of this Article, agrees that unless otherwise authorised by the Council, stocks held under those provisions shall be used neither for meeting priorities under Article 14 B, nor for meeting increases in quotas in effect under Article 22 while such quotas are lower than its country's basic export tonnage, unless the stocks so used can be replaced before the beginning of its country's crop in the ensuing quota year.

(6) For the purposes of this Agreement the Cuban Stabilisation Reserve shall not be considered part of the stocks available for the free market nor shall it be included in the computation of stocks under paragraph (1) of this Article.

The Cuban Government, however, agrees to consider making such reserve available for the free market on the request of the Council if the Council considers that market conditions make such action advisable.

(7) The Government of each participating exporting country agrees that, so far as possible, it will not permit the disposal of stocks held under this Article, following its withdrawal from this Agreement or following the expiration of this Agreement, in such a manner as to create undue disturbance in the free market for sugar.

(8) Not later than three months after the date of signature of this Agreement the Government of each participating country shall inform the Council which of the two definitions of "stocks of sugar" in Article 2 it accepts as applicable to its country.
