

Motions for Papers

Mr. Jerome: Mr. Speaker, I assure the hon. member that I will look at this question particularly and communicate with him personally on the subject.

Mr. Dinsdale: Mr. Speaker, I wonder if the parliamentary secretary would also look at starred question No. 730 which has been standing on the order paper for over a month.

Mr. Jerome: Mr. Speaker, I will do so.

Mr. Orlikow: Mr. Speaker, I rise again to ask when I can expect an answer to question No. 79 which was also on the order paper in the previous session and has been outstanding for about a year. I wish to tell the parliamentary secretary that if I cannot get an answer considerable time will be taken up with the estimates on the appropriate occasion.

Mr. Jerome: Mr. Speaker, I have received one report on the progress of the answer to the hon. member's question. I am not able to report on it today, but I have a report on my desk on the progress of that answer. We hope to be able to reply soon.

Mr. McCutcheon: Mr. Speaker, I cannot begin to approach the record of the hon. member for Winnipeg North, but I have had a question on the order paper since November 12. It is simple and straightforward. I hope that the parliamentary secretary will try to expedite the answer.

Mr. Marshall: Mr. Speaker, since complaints are being made, may I say that question No. 540 has been on the order paper for over a year. It was also on the order paper in the previous session, and it would be nice to obtain an answer.
