Dear Mr. Brown:-

With reference to the enclosed letter I am, on the suggestion of Mr. G. H. Harris, sending you a number of circulars which we thought you would be willing to transmit to the members of your Association.

We expect to have the certificates for the last course ready for distribution at an early date and if you will let me know when your first meeting will take place will try to send them to you for distribution then.

Yours faithfully,

Wilfrid Bovey.
