

An Open Letter

To those Working for our Prizes.

The WITNESS publications are favorites with the best people in the community, and on this account are the most easily canvassed for.

In preparing our prize list we have tried to introduce articles to suit both young and old, male and female.

The premiums are all of good manufacture, no common trash or worthless articles having a place on our list.

If you can act as canvasser for us do so, but if not please oblige us by handing this to some honest, intelligent person, of your acquaintance, whom you think will be willing to act in your stead.

How to Send Money.

Send money by Post Office Money Order or by Registered Letter. Money may be sent by registered letter at our risk.

Canada Postage Stamps taken in small quantities, if in good order; BUT MONEY IS PREFERRED, as we have to sell the stamps at a loss.

Remit as often as possible, as the sooner you remit the sooner will your subscribers receive their papers, and thus they, by receiving their papers promptly, will become an assistance to you.

We desire your aid, and feel confident that there is something in the preceding list that each and every reader can obtain with a few hours determined work.

Yours, respectfully,

JOHN DOUGALL & SON,
MONTREAL, QUEBEC.
