

houses, and now there is more danger to you than ever, and it is a fact that if God does not make a change before twenty years the Pope will rule the United States, as well as Canada, because there and here their influence are gaining more and more every day by the incredible number of young men and women who go from Protestant families to receive their education in the Jesuit Colleges and Nunneries. It is a fact that out of ten attending Convent Schools seven will become Roman Catholics, and the rest are very bad Protestants, the consequence is that after a short while the Pope will gain power again.

Nunneries are a deception. There is nothing but deception in the Church of Rome. There is no education in the Church of Rome. The "education" in the Church of Rome has a different meaning than amongst Protestants. Education in the Church of Rome does not mean to enlarge the mind nor raise the man. In Protestant institutions they are taught to enlarge the mind as high as they can go. There, the boy is raised up and raised again, and there is no end to his going higher in the regions of intelligence. What a grand sight! what a sublime thing it is to see those Protestants trying to raise themselves high, high, high; that is why Protestant nations are marching ahead of the slaves of the Pope in education. But in the Church of Rome the boys is raised so high as to kiss the Pope's toe and no higher than that. When at the feet of the Pope he must stop! The Pope is the only fountain of light and truth! To go higher in the regions of thought than the Pope; to think different, is eternal damnation! How often I have shed tears when I was a lad in my vain efforts to raise myself, when the President was coming with his scissors and cutting my wings! I could raise no higher. To-day many Roman Catholics are trying to raise themselves, but they are kept down by the Priests, and that is why Roman Catholic nations are going down, down, down, like France is to-day. You seem to think it is only a matter of better arms if France has been defeated by Germany. You are mistaken. If France is fallen so low it is due to the sham and false education given to the people by the Nuns and Jesuits. Go to Ireland and travel through Protestant parts and you may see industry and intelligence, and everything that makes a man a man, and then go to the south and you see the reverse, ignorance and poverty. Why is it so? It is because the people have Protestant education in the North of Ireland, and in the South the people are kept down by the Priests. And now come to Lower Canada and see my poor French people emigrating to the United States to keep the life in themselves, and all this is due to the want of education. I remember one day a fellow pupil said to me, They will only make asses of us here, and I said, It is so. Oh, my friends, the education in the Church of Rome is a great deception, and now you are willing to give your children into the hands of these Nuns and Jesuits!

The grand, the only object of education in the Jesuit Colleges and
