

R. GOLTMAN'S

New Educational Works

Goltman's Manual of Practical Book-keeping, in English and French (second edition.) Price \$1.00 each. Cloth cover. Is a book that is now used by persons in business, students in schools and business colleges. It is thoroughly practical and contains in a simple, brief and clear manner everything necessary to make any one a practical book-keeper.

Goltman's Manual of Practical Typewriting and Letter Writing, 296 pages, size 12" x 9". Price \$2.00. Cloth cover. The work contains rules in spelling, use of capital letters, punctuation, composition, practical business letters, fac-simile typewritten letters, letters to increase speed in shorthand and typewriting, evidence, all kinds of addresses, etc. Specially arranged for Business Colleges, Schools, the Office, Stenographers and Typewriters.

Goltman & LeRoy's Metric System, in English and French. Price 15c. each. The Congress of Chambers of Commerce of the Empire, held in Montreal last August, and the Canadian Manufacturers now want this simple system of weights and measures used by everybody throughout Canada. The Metric System was legalized for use in Canada in 1886, and the development of trade with foreign countries, where it is exclusively used, makes it necessary that this superior method of calculating weight, measure, distance, etc., should be thoroughly understood in Canada and the United States. Persons who figure all kinds of problems should not be without a copy.

The above Publications can always be obtained at
