PEACE FIVER CCUNTRY LAND RICH IN PROMISE

K. Cornwall Tells Canadian Club of Resources of Little Known Region.

neat introductions; excelled himse f.

is here with us, and I have been under the guiding influence of Bish progression of Reeve, who spent 38 years on the Mackenzie River. And I have Archdeacon Robinson here from Athabasca Landing, whom I know very well, and he will endorse my character as long as he has known me. And while I am here, I will be looked after by Bis. op Sweeny, so I can't go very far wrong. (Laughter, in which the reverend gentlemen mentioned all joined).

Mr. Cornwall in a graphic and picturesque way outlined some of the great features of the Peace Country and its resources. From Edmonton to and its resources. From Edmonton to the Arctic is 2000 miles. The Macken-zie has 2500 miles of water navigable for four months of the year on the lower stretches and for six months in

The lakes are imand stas teeming with fish. At the mouth of the Mackenzle River, American whalers in twency years have taken \$17,000,000, not a dollar of which has benefited Canada. Permanent whaling stations on the coast would follow railway fa-clittles.

Puppwood, gold, iron, galena, coal, asphart, are among the products. The greatest oil prospects in the world are anticipated.

This is Honolulu, in the Hawai'tan

the further north it is grown. Alberta red wheat was originally Kansas r d, and now Kansas farmers send for their seed up north.

An interesting point was Mr. Corn-wall's statement that the country vas discovered by following the buffalo herds on their ranges. "You can tell good country by fol-lowing buffalo," he said. Harry V. Radford shot the largest buffalo on re-cord, 2460 lbs., north of Fort Smi h. The soil is fertile, the grass link, the any thick and cures well. No such hay thick and cures well.

Sir William Butler, who is evidently one of his heroes. General Butler's "The Great Lone Land," and Wild North Land," were mentioned. He gave it as his opinion in Saskatchewan would surport more peo-
