

CHARGES PROVEN SAYS JUDGE BUT L. S. LEEVE STANDS PAT

Continued From Page 1.

The Saturday Night Publishing Company, are true, the member so charged is not a proper person to be a representative on this board, and whereas such charges are a decided reflection on the honor of this board, and as Mr. Levee publicly thanked the mover of this resolution, thereby consenting to the motion; and whereas the judge has given his decision that these charges have been proven, and whereas L. S. Levee, when already acquainted with the facts of this judgment, has publicly stated to the press that he will not resign the chairmanship of this board:

"Therefore, be it resolved that, as the chairman of this board, and that as we have power to appoint the chairman, we have power to displace the chairman; therefore, we do and do immediately proceed to elect a new chairman for the balance of the year."

Rising to second the resolution, Trustee Noble remarked: "This is a subject none of us want to discuss. The facts are plain."

Mr. Levee Obstante. Chairman Levee then stated that he had expected such a motion to be brought forward and had consulted the board's solicitor, F. E. Hodgins, K.C. He had thought such a motion would be out of order, but the legal adviser declared that it would be in order.

"However, I want to tell you that this resolution, if carried, will not affect the position of the chairman. It is only for you to know that," Secretary Wilkinson then read the solicitor's letter, stating that the motion would be in order, but it was at the chairman's option if it was acted on.

"We are apt to do things that are perhaps a little injudicious if we pass on this motion now," was Trustee Shaw's opinion. "As long as the public opinion is rather harsh, let us see whether our chairman is so great a transgressor. Let us wait a while, and not act hastily. These findings are certainly unpleasant ones for this board to consider, and I think we ought to take a little time and look into the matter."

Trustee Lewis stated that he would much rather that Trustee Fairbairn's motion be not submitted at this meeting.

Debate Grows Warm. Trustee Hartney moved in amendment that action be deferred until the next board meeting. "As long as the interest is guarded, I am satisfied," stated Trustee Fairbairn.

Mr. Levee rose to speak to Mr. Fairbairn's motion and his statement was downright persecution. "And what is more, if every member of this board, and I say it in all kindness, supports this motion, I will not resign. I have never done anything since I came onto this board that I am ashamed of."

The amendment was carried, and in the meantime Judge Winchester's report will go to the solicitor for an opinion as to whether Mr. Levee is shown to have violated the act in any way.

Trustee Lewis moved that a part of the report and the three findings only be placed on record. "There is a lot of private business of the T. A. Slocum Co. that does not concern us," he stated, "and would not feel justified in printing the entire report, minute by minute. The motion was unanimously carried."

Big Dividends Promised. Judge Winchester's report, dealing with claims made in letters to teachers as to the desirability of Slocum stock as an investment, said:

"As to the third issue, that representations were made that the stock had been paying dividends of ten and twenty per cent., the evidence of the witnesses already referred to shows that Mr. Levee and his associates represented that ten per cent. dividends were being paid to shareholders for the stock, and as high as twenty per cent. per annum was expected. In a letter which Mr. Levee produced before me, dated November 7, 1910, to Mr. J. E. Arneson, principal of George-street school, he stated:

"We have never paid our shareholders less than six per cent., and as high as ten per cent. I have been a shareholder myself, and have seen faith in the growth of the business and the profits, and that is why I have considerably over fifteen per cent. per annum. I am pleased to state that at the present time the stock fully paid up in this company."

"Also letter to Mrs. Riches above set out."

What Accounts Show. "I do not attempt to audit the accounts of the company, but from an examination of same for the purpose of ascertaining the financial position thereof, I am satisfied that at no time from 1906 was the company in a position to pay dividends to all their shareholders. The balance sheet shows that the capital subscribed and paid was as follows: 1907, \$38,455.00; 1908, \$23,700.00; 1909, \$23,000.00; 1910, \$212,400.00. A ten per cent. dividend on these sums would be as follows:

1907 \$ 8,810
1908 \$1,190.00
1909 \$2,300.00
1910 \$21,240.00
1911 \$21,240.00

Regarding the evidence given by W. C. Morrison, principal of Pope-avenue school, as to the first issue, his honor says: "From the tenor of the whole evidence given during the investigation, I am of the opinion that Mr. Morrison's statement as to what took place on the occasion as referred to by him was correct statement."

Inspector's Changed Attitude. Summing up the evidence given by C. G. Fraser, principal of Manning-avenue school, his honor says:

Mr. Fraser stated that there had been differences of opinion between Inspector Hughes and Inspector Chapman, but that at down for a while it was painful. After I had used Burdock Blood Bitters the pain disappeared completely. It has also cured me of bleeding piles. I have received so much benefit from Burdock Blood Bitters that I may publish this as it may help others who have it."

has not known of him officiating Mr. Hughes for some time; that such was Mr. Fraser's impression, and also the impression that had been apparently made on others who had spoken of it to him. The change came so comparatively quick that it led to considerable surprise, and after a time, in the course of a month or so, it was mentioned that Mr. Hughes had some stock in the Slocum Company, \$300, it was said.

Mr. Elliott's Appointment. "Mr. Fraser then referred to the appointment of an inspector, that there were a number of the old principals suggested for the position, some of the teachers supporting one and some another, but Mr. Hughes recommended the appointment of Mr. Elliott."

This was in the year 1907, nothing was done until 1908. Dr. Fraser's name was discussed, and it was believed Mr. Hughes spoke very warmly of him. Dr. Embley's name was mentioned in the management committee's report, but in the board Mr. Elliott's name was substituted, and it was found that Mr. Levee was supporting Mr. Hughes' nominee, Mr. Fraser, further stated that during the last fall, 1910, the matter of teachers and principals being approached for the purpose of making investment in Slocum shares was very often talked of, and so consistently among different individuals that it got to be a salutation, 'Have you bought Psychine stock?'

Regarding Chief Inspector Day, J. L. Hughes his honor has the following to say:

James L. Hughes first purchased stock in the Slocum Company in March, 1908, on the solicitation of Mr. Levee, buying five shares, for which he paid \$250 with the subscription, and the balance of \$250 on the 23rd of November following. He purchased ten more shares, paying \$500 on the 23rd of July, 1909, and the balance of \$500 on the 27th of July, 1909. These 15 shares were sold to him by Mr. Levee out of shares which Mr. Levee and previously purchased from Mr. Fraser, and he is receiving 7 per cent. now; that the stock purchased in 1909 and 1909 was 10 per cent. guaranteed stock. The last investment was made, he said, in 1910. That after lunch on School Children's Day, in August or early in September, Mr. Levee sat down on the bench with him and told him the changes that had been made in the stock, and that they were giving up the 10 per cent. stock and converting it into 7 per cent. bonus of common stock, and Mr. Levee said he was satisfied and that he would give up 50 shares preferred, with the ten extra shares, or whatever it was.

Loaned Levee Money. "From the books of the company it appears that Mr. Hughes advanced \$3000 to Mr. Levee on the 28th of October, 1909, as a loan apparently at 7 per cent. interest, receiving at the date of advancement \$100 on account of interest; that on the 13th of September, 1910, he received \$100 interest, that on the 8th of October, 1910, he sub-scribed for \$5000 stock of which \$800 he had previously loaned to Mr. Levee as a gift."

"Mr. Hughes in his evidence stated that Mr. Levee was a square fellow, and that when he came on the school board Mr. Hughes thought that Mr. Levee was a square fellow, and that he had ceased by Mr. Hughes' failure to attend to duty; that while Mr. Levee was not a supporter of his, he supported anything that thought was right; that this prejudicial condition which Mr. Levee held towards him ceased about five years ago. Mr. Hughes stated that he had purchased his stock he did not tell anyone, even his wife, about the purchase, and that he never recommended the stock to anyone, and that he heard of agents of the Slocum Company being subscriptions from principals and teachers in school hours, he wrote to Mr. Levee to take it up, and he received a letter from Mr. Levee that he had given instructions to stop it a week previously. Mr. Hughes in his evidence stated that the salaries of principals and teachers were paid by the Slocum Company."

Doctor Told Her She Did Not Have A Pint Of Good Blood In Her Body. Mrs. Dosthe P. Cormier, Middle Sackville, N.B., says:

"In the spring of 1897 I was all run down, and the doctor told me I had not a pint of good blood in my body. I took different remedies from doctors, but they did not seem to do me any good. After having taken a lot of different kinds of medicine, and they did not seem to do me any good, I was almost in despair, and did not know what to do until my husband met a lady and told her about my sickness and she told him to try Burdock Blood Bitters as she had received the greatest benefit from using it. My husband went and bought me a bottle, and after having taken it I felt better, so I kept on using one bottle after another until I had taken six in all and then I was strong and well, and I am positive that my being alive to-day is due to the use of Burdock Blood Bitters. One spring then I was not feeling very well, and I had a lot of work to do, and I thought I would procure a bottle of Burdock Blood Bitters and after I had taken two I was able to do a lot of hard work all the summer, and I never felt better in my life. In the winter of 1909 I had Pneumonia, and it left me with a severe pain in the left side. Every morning when I would get out of bed I had to sit down for a while as it was so painful. After I had used Burdock Blood Bitters the pain disappeared completely. It has also cured me of bleeding piles. I have received so much benefit from Burdock Blood Bitters that I may publish this as it may help others who have it."

ranged on the school board and that they were increased automatically according to schedule, and that if Mr. Levee wanted to help any particular teacher not a principal he could not do it unless it was to help to secure the position of principal for the teacher, or some special position. He explained also as to the manner in which the inspectors had been appointed by the board.

Didn't Like to Refuse. "Mr. Alfred Rogers, of Elias Rogers Co., coal and wood merchants, testified that in 1909 Mr. Levee canvassed him to purchase stock. The Elias Rogers Co. had been supplying coal to the board of education previously, and in order not to offend Mr. Levee, Mr. Rogers purchased five shares. He was asked to take a much larger amount, but he did not consider the investment a safe one. The reason he assigned for taking the stock was he thought it would not do any harm when the Elias Rogers Co.'s tenders for coal were called."

Dividends Were Slow. "I failed to find any resolution either by the directors or shareholders in regard to the stock during the years 1907, 1908, 1909 and 1910, and not until Feb. 3, 1911, on the subject of dividends."

On Saturday Night making charges against Mr. Levee. On this day the directors ordered that half yearly dividends be paid on the preferred stock as follows: To all old subscribers from Jan. 1 to July 1 at the rate of 10 per cent. per annum, and from July 1 to Dec. 31 at the rate of 7 per cent. per annum, dividends computed from the date payments had been made by the shareholders.

Upon examining the guaranteed stock, the committee, he found that there was no bylaw either of the directors or shareholders to provide for the issue of any such stock, or the payment of any such dividend.

MANUAL TRAINING CENTRES. School Inspectors Recommend Establishing Several New Ones.

In regard to manual training and domestic science centres, the following changes are recommended by public school inspectors:

The manual training centre to be opened in Annetto-street school to take the place of the centre in Western-avenue school, and the domestic science centre to be opened in Manning-avenue school.

That the manual training and domestic science centres be opened in Oakwood high school, and in Oakwood high school.

That the manual training and domestic science centres be opened in the Beaches Senior League, and J. C. Eaton pitching the first ball, will be a feature of this week's Sunday World. For sale everywhere.

OBITUARY. Dr. Daniel Sinclair.

Dr. Daniel Archibald Sinclair, after about a week's illness, passed away Tuesday at his late residence, 215 Spadina-avenue, at 10.30 a.m.

Dr. Sinclair contracted a cold, but was thought to be recovering, when heart trouble developed.

Born in Lochmichael, Argyshire, Scotland, on May 24, 1843, he came to Canada at an early age and was educated in Elgin County, where for some time he was a school teacher. He entered the Royal School of Medicine, graduating in 1864. After practicing in many places he moved to Melbourne, West Middlesex, in 1866, where he was a continuous practice for 47 years.

In 1885 Dr. Sinclair took post-graduate work at St. Thomas' Hospital, London, England, obtaining the diploma of M.R.C.S. From England he returned to Melbourne, but moved from there to Toronto in 1895. He has had a continuous practice for 47 years.

Three sons and one daughter survive. Mrs. Sinclair having predeceased her husband in 1901. The children are: Dr. D. S. Sinclair of Buffalo, N.Y.; Peter P. Sinclair and H. M. Sinclair; and another son, Dr. D. A. Sinclair, died last October.

A funeral service was held at his late residence last evening, conducted by Rev. G. R. Fasken, and interment will take place at Longwood Cemetery on the arrival of the G. T. H. noon train.

John Leroy Fraser.

John Leroy Fraser, formerly known as "Roy" to his many friends at the Beach and his fellow-employees in the hydro-electric office at the city hall, died at his home, 1200 Denison-avenue, on Friday last, at 4.30 p.m. He was taken sick and had to go home. He leaves a widow, but no children. He is different from anything ever before said.

TIZ is not a powder. Powders and other foot remedies clog up the pores, thus creating a sort of barrier between the feet and the air, and the feet are not able to breathe. TIZ is the only remedy that does not clog the pores and does not create a barrier.

You never limp again or draw up your back, and you'll be free from your corns, bunions and all sorts of foot troubles. You'll feel like a new person. If you don't feel all this true after trying a box of TIZ, you can get your money right back.

TUBERCULAR HOSPITAL WILL BE OUTSIDE CITY

Local Board of Health Also Considers in Abandonment of Isolation Hospital.

According to the sub-committee's report presented at the meeting of the local board of health yesterday, a site for the tubercular hospital will have to be looked for outside of the city limits. One clause recommending that the present isolation hospital be used for the treatment of advanced cases of tuberculosis was referred back to the present isolation hospital, but the thought the committee hadn't studied the matter thoroughly.

The report advocated the abandonment of the present isolation hospital, on account of the lack of space, resultant inefficient treatment of disease. The members concurred with this course, especially as Dr. Hastings declared that many cases of contagious diseases in the city were hidden for fear of being taken to the place.

Antient the clause asking that immediate steps be taken to procure a suitable site outside the city large enough for the growing needs of the city was read.

Dr. Hastings reminded the members that it would be necessary for a place to be situated on a car line, so that if a tubercular hospital were combined, those having the disease in its first stages could come and go to work in the city, being educated to measure of the disease.

A Central Dispensary. The clause recommending that steps be taken to build and equip a central dispensary for the treatment of tuberculosis also was agreed to.

The sub-committee's report was the result of their examination into a report of Dr. Hastings on contagious and tubercular diseases.

Dr. Hastings wanted to inaugurate a system for the isolation hospital, whereby the nurses would have only eight 30-hour shifts, necessitating a course of a larger number of nurses. Dr. Hastings replied that the idea would be impossible with the present small accommodation for nurses at the hospital, there being no room for one nurse, but the idea might be tried when the new hospital was built.

WITH INTENT TO KILL. A Torpetto Found Guilty of Wounding Compatriots.

SAULT STE. MARIE, Ont., May 10. (Special.) Torpetto, an Italian, charged with wounding with intent to kill, was tried at the assizes this afternoon and found guilty. Sentence was deferred until to-morrow.

Torpetto was engaged in a fight with two other Italians, Francesco and Strombelli, in a west-end boarding house last November. The fight was sent to the hospital, and at the time it was believed that all would die. The defence admitted the stabbing, but claimed self-defence.

The case of William Carroll, charged with murder, comes up to-morrow.

A Marvel of Chemistry. One of the most marvelous things is the burning of a jet of hydrogen gas in the presence of a substance that arises from the combustion of a liquid, with air as pure snow. A flame burning brilliantly in the midst of a liquid, with snow given off for smoke!

Success as a Nurse. Mrs. Snow—Yes, indeed. She was at the hospital only two days before they dismissed her, but in those forty-eight hours she had met six perfectly lovely young doctors.—Puck.

Happy, Happy Use TIZ. A Marvel for Sore Feet. Acts Right On.

Sore Feet? Never After Using TIZ. Good-bye, sore feet, aching feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye, corns, callouses and bunions and raw spots. You've never tried anything like TIZ before, and you'll be different from anything ever before said.

TIZ acts at once and makes the feet feel cool and soft. It is a powder, and other foot remedies clog up the pores, thus creating a sort of barrier between the feet and the air, and the feet are not able to breathe. TIZ is the only remedy that does not clog the pores and does not create a barrier.

You never limp again or draw up your back, and you'll be free from your corns, bunions and all sorts of foot troubles. You'll feel like a new person. If you don't feel all this true after trying a box of TIZ, you can get your money right back.
