# T. EATON CO. GANADA'S GREATEST STORE

A \$10.00 Jacket for \$6.75. This Jacket has never been sold by us for less than Ten Dollars and you know what that means when compared with Cloak prices outside this store. On Thursday morning we are going to sell the balance of this line-sixty-nine garments-at \$6.75 each. Why do we do it? We are getting our Cloak Department ready for spring trade and our winter stock must be sold before then. Hence this offering:

69 only Ladies' Stylish Jackets—made of black and navy beaver cloth—double-breasted front and high storm collar—four buttons—silk lined—some trimmed with braid—our regular price has been \$10.00 each. To clear on Thurs-

# T. EATON CO.

190 YONGE STREET. - - -TORONTO. ONE CENT MORNING PAPER It 4s in con No. 88 YONGE-STREET. Toronto.

Will it be safe to allow our school nor of Florida, he says: "In the interest boys to visit Florida? Are we sure that of patriotism and the welfare of the they will not be compelled to listen to country, I respectfully request governors speeches derogatory of Camada and of the various States of the Union to Tampa is of a military character, and naval militia service to this conve the chances are the orators of the The army and navy of the United State that the United States is destined to gates." It is to be a national glorifica absorb the whole of North America, tion. The scene of the celebration including Canada.

we know, at least, that it would not glorious opportunity for the American be safe to send our school boys to Texas, patriot to indulge in spread-eagleism! or Georgia, or even New York, for these After the orator of the day has painted States have recently been heard from. in gorgeous hues the American triumphs A certain Captain William Dunovant of 1898, he will naturally advert to the has, with much pleasure, just sent The future, and if he does not tell his hearers World a copy of a pamphlet containing that the destiny of the United States a speech delivered by him before the is to absorb the whole American con-

us to send our boys to Texas. Capt. Dunovant would like nothing better than of which principle in connection with glorious future awaited them as soon s Canada was absorbed by the United tates. No, we cannot run the risk of nding them to Texas to be insulted. Nor can we safely send them to Georgia. It was in this State, at Macon, that General James H. Wélson recently

President McKinley. He said:

"I hope to see the day when our starry flag shall float everywhere from the frozen north to the sunny clime of Central America. We are too big and powerful and progressive to have neighbors on this continent, and I trust that before the next administration of the President closes the flag will float over every foot of the continent, from the northern extremity of the Dominton of Canada to the Gulf of Mexico."

If we would preserve our netional If we would preserve our nations

dignity, we must exclude Georgia from American territory to which it vould be safe to send our school bri-

it in the neck from Hon. W. Bourke

Cochran:

"I confess I am in favor of expansion, if it is meant in the right direction. In this case everything depends on what is meant by the right direction. If we want expansion, why, here to the north of us lies a country which is a natural part of us. Why not annex Canada? I'd be delighted to see that line of custom houses beyond our border blown into the great lakes and our line of ternitory to the morth of us extended to Baffn's Bay. Deeply as I desire annexation with Canada, I would not have it by force of arms. The histories of Alsace and Lorraine and England's treatment of Ireland but too well illustrated the foolismess of annexation by force and coercion. Now, if England likes us, as she claims she does, let her convince Canadians that their true destiny is with us."

THE TORONTO WORLD is to be of a purely military character

Whatever may transpire at Tampa, Maine, never-to-be-forgotten. What a

We take this opportunity of addressing a few words to the Hon. A. S. Hardy, Premier of the Province of Outario. We Hardy to introduce some kind of legisproviding for an interchange of running ights from one road to the other. when Mr. Hardy and the Legislat We hope that Mr. Hardy intends to must declare the right of roads fro do this, and we look to him for the protection of the public-

The few words that we address to

him in the Legislature on this question are for the purpose of pointing out to him and them the principle which we think ought to underlie all legislation n this direction, and the abandon railways, both in England when railways were started and when they were many evils, the principle, namely, that all roads, whether railways, waterways or wagon roads, are public highways, not to be alienated exclusively to any one. For the present confine ourselves strictly to the wagon the Attorney-General will begin the work roads of the country. At this moment bublic highways. Any man can walk trol of the public highways. along them, any man can drive along them, any man can drive his cattle over corporations or individuals, with the he said:

electric railways are coming to the front, | 8 and they are seeking and are obtaining the right of way along the public highmunicipalities, we say that the Legislature of the province, and we look to Mr. Hardy as the leader of the Legisto protect the public rights in public highways and allow no electric company over rails laid down on these highways. regulate all electric roads, must regulate being taken over by the municipalities whenever they so desire, and must prevent all or any exploitation of these projects in the exclusive interests of pordholders, shareholders, officials and the like. At the present time, as Mr. Hardy well knows, every farmer has the right to use these roads for conveyance of his produce to market, and if supplied to improve the method of conveyance over the roads of the country, the Legislature must take care that those who control this electric energy and rails shall not overtax the public, shall not load the electric companies with unnecessary bonds and shares and shall not extort unfair rates. What Mr. Hardy must protect and what Legislature must protect is the right of the

farmers and everybody lise in the use of the public roads in this country, whether they use these roads on rails or whether they use these roads with their ing. We have an unlimited supply of ordinary wheeled vehicles. If the Legislature of the province starts right on Copper is the coming metal in many this question, it will be easy to do the respects. As electricity spreads so does rest, but if the electric corporations got the demand for copper. It is going up in in their work first and them form a price and widening in its area of usering, the farmers of Ontario will have a new monopoly fastened on their shoulders. Another fenture in connection with these public highways and their occupation by electric companies: we have to point out for the information of the

City Council and the Legislature that a movement is now on foot to bring produce from the country, not only to the city of Toronto, but to all the cities in Ontario, from the outlying districts. All these cities are at present occupied by electric railway monopolies. These street railway monopolies have declared here and have declared at Ottawa that they SINCE THE LATE WAR

it has become most difficult to get a good Imported Cigar at any reasonable price, but the

cerned, that is, they have exclusive point of the city to an other, but no THE PEOPLE MUST CONTROL ALL act of the Legislature or of Parliament ever gave them the absolute right to say that electric roads coming in from believe that it is the intention of Mr. streets. If the farmer has the right to go over these roads and streets on his ation at the forthcoming session, deal- own wagon, the right to do the same of ng with electric railways and defining rails has never been taken from him their rights on the public highways, and and gives exclusively to a local traction company, and the time has now cor outlying districts to come into the cent Mr. Hardy and to those associated with the Legislature must fix, and not a such rates as the street railway companies choose to impose. Furthermor right to bring freight over their rails in to the city, and, while we would like these terms are arranged, then is the

> There is no question before the people of Ontario of such import as this one, and we trust that the Legislature and of legislation on right lines and in the public interest.

time to fix the tolls to be paid by roads

coming from outside into the centre of

The people must retain absolute con-

them. True, in some cases these high-ways have been transferred to private a letter to the City Solicitor, in which

corporations or individuals, with the right of tolling all traffic that passes over them, with the exception of foot passengers, (in consideration of their keeping them in repair. But these tolls have always been regulated by the Government, or the municipalities interested, and absolute control has never passed from these to the panties taking the tolls.

Under the new order of things the

same may remain, as you call it, in abeyance for an indefinite time to come." These words over Mr. Faulkner's wi ys of the country. The World would signature bind him morally, if not like to see these electric railways owned legally, to dedicate to the city the strip entirely by the municipalities, but until of his property that is required for the such time as they are owned by the new street. The city has all along agreed to exempt him from local improvement taxes, and he has mot been requested to deed his land before the lature to initiate the legislation, ought Council has decided to go on with the entire scheme. But the Council has now decided to go on with the scheme, and or no municipal corporation to have it asks Mr. Faulkner to live up to his absolute control of the traffic passing over rails laid down on these highways The municipalities and legislature must sideration. He is now holding the city their tolls, must make provision for their up for \$1000. Mr. Faulkmer's property will be benefited by the improvement by à much larger sum than is represented by the actual value of the part to be expropriated. The new street will double the value of his property. However, it is hardly worth while wasting any more words with Mr. Faulkner. This entrance into High Park must not be blocked by any such triviality. The city modern invention, such as electricity, is can better afford to pay the \$1000 than Mr. Faulkner can to receive it. The Treasurer ought to be instructed to mark the money before he hands it over to Mr. Faulkner. It should be paid in ten dollar bills, and each one should be marked with a big red cross. Many citizens might prefer not to handle this kind of money. Their wishes ought to
