Our Daycycle Wheels Fully Guaranteed.

Our Daycycle Wheel at \$35.00 is a fully guaranteed wheel. The guarantee is good for the present year. It means:

That if any time during 1900 our Daycycle Bicycle should prove defective in material or workmanship, such defect will be made good by us without cost to you, except for transportation charges, if any.

That guarantee gives you every protection in buying the Daycycle. You run no risk. If the wheel goes wrong, you know where to find us. We believe we have the prettiest wheel on the market to-day, and we do not know of any better value for the money.

The Daycycle is the only wheel in Toronto that has double cones throughout all the bearings. This gives the cones double the ordinary life, because when the worse for wear they can be reversed with a very little trouble. The Daycycle frame is made of nickel steel tubing, and you'll not find a single bolt in the entire frame. The wheels can be easily removed without disturbing the adjustment.

All these important features will be fully explained to you if you visit the Bicycle section in the Basement. No matter how much of an expert you are, you'll find this wheel highly pleasing and satisfactory. Come and prove for yourself the claims we make for our Daycycle Bicycle.

Reduced Prices in High-Class Furniture.

We have no patience with old stocks. Goods must move quickly at this store, or we'll know the reason why. We have gone carefully through our Furniture stock and picked out all the pieces of our high-class Furniture that have been here at least four months. These we're going to let go at once, now while home-owners are thinking of new home needs. To clear them out we are willing to make big price reductions. On many pieces more than one-third our regular price will be taken off. All told, there are ninety pieces to be dealt with in this way, and on Thursday morning the new prices will take effect. We cannot enumerate all of them, but the list is enough to show how important the occasion is from a money-saving standpoint:

THE HAMILTON CORRUPTIONISTS.

The World has on several occasions exposed crooked work in connection with the holding of elections and the taking of votes in the city of Hamilton. The election of Hon. J. M. Gibson and the vote on the bylaw changing the terms of the street railway franchise, were two notable instances in which we showed that corrupt practices had been resorted to. No notice, however, was taken of The World's demand for an investigation on these occasions. But the City Council was persuaded to act in accordance with the popular demand, backed up by The Toronto World, and to order an investigation into the holding of the recent vote on the bylaw.

This time the charges made by The World have been proven to the letter, as they would have been proven in the earlier cases, if similar investigations had been demanded on these occasions. But the City Council was persuaded to act in accordance with the popular demand, backed up by The Toronto World, and to order an investigation into the holding of the recent vote on the bylaw.
